- a1** This includes any undergraduate or postgraduate course you have attended whether it was in the UK or overseas.
- a3** You can find the level of any qualifications you have achieved on the certificate you were given. If you are unsure of the level of a qualification you should contact the university or college you attended.
- a4** If you hold Qualified Teacher Learning and Skills (QTLS) status, you may be able to apply for student finance (Tuition Fee Loan and Maintenance Loan/Special Support Loan) for a teacher training course. This will allow you to achieve Qualified Teacher Status (QTS) and have achieved the Secretary of State's Teacher Standards. If you already hold QTS, you will only be able to apply for a Maintenance Loan/Special Support Loan for a further teacher training course.

If you're already professionally registered in the discipline you want to study, you're not eligible for funding if your new course is in the same discipline. For example, if you're registered as an Adult Nurse, you wouldn't be eligible for funding for an MSc in Adult Nursing. If you've already received funding for a pre-registration postgraduate healthcare course from SFE, and you achieved a qualification, you won't be eligible for any additional funding. You may be eligible for postgraduate DSA.

- a5** If you have compelling personal reasons, for example illness or bereavement, for leaving a previous course you should send evidence to make sure you get the correct amount of student finance.

Other information

- b1** If you are eligible to apply for a social work bursary from the National Health Service Business Services Authority (NHSBSA) you should answer 'No' to this question because this is a separate bursary to those offered by the National Health Service (NHS) or the Department of Health (DoH).

If you're studying on a Paramedic course at an English university/college and are eligible to apply for tuition fee and/or living cost support from your local ambulance/health trust, you should answer yes to this question.

- b2** If you are eligible to apply for an **income assessed** bursary or award, the only element of student finance you are eligible to apply for is the non-income assessed part of the Maintenance Loan and this will be at a reduced rate.

If you are eligible to apply for a **non-income assessed** bursary - you are **not** eligible for any student finance. The only exception would be if you are a seconded student studying a health related course and you have been advised that you cannot apply for any bursary at all, either income or non-income assessed.

If you are unsure about your eligibility for a bursary, contact the NHSBSA.

Section 7

Dependent and independent students

a3 Having the care of a person under the age of 18 means that you look after a child and the child lives with you, irrespective of your relationship with the child.

b Irreconcilable estrangement

You will normally be considered irreconcilably estranged from your parents if you have not had verbal or written contact with either of your biological or adoptive parents, or your only living parent before the start of your academic year, and this will not change.

You will **not** be considered irreconcilably estranged from your parents because:

- you do not get on with your parents;
- you do not live with them;
- your parents do not want to give details of their income; or
- your parents choose not to provide you with financial support.

In the legal care of a local authority

If you have at any consecutive point been in the custody or care of a local authority but have been back in the legal care of your parents at any time since then, you will not be considered independent.

c To be considered as supporting yourself financially you must have been meeting your own living costs for at least 3 years (this does not have to be 3 consecutive years) from any of the following sources:

- Income from employment;
- Benefits;
- State studentships;
- Scholarships, exhibitions and bursaries.

You would not be considered as supporting yourself financially if you are meeting living costs from money paid by a parent.

**Evidence **

If you've been granted 'leave to remain' in the UK under section 67 of the Immigration Act 2016 or you are the dependent child of someone who has, you don't need to send any evidence of independence.

Question	Evidence of	Photocopied evidence item required
a3	Care of a child	• A copy of evidence that shows you are receiving Child Benefit, Child Tax Credit or the child element of Universal Credit.
c	Supporting yourself financially	• A photocopy of your P60s or benefit information.

Section 8

Student financial questions

The academic year is determined by when you begin your study, see page 24 for academic year dates.

Unearned income

- a** You may be asked to confirm any estimated income at a later date.

If your actual income is different from your estimated income we will reassess your entitlement to student finance. This may change the level of financial support you receive.

When working out your taxable unearned income, you should **not** include:

- **earnings from full or part-time work** such as holiday work or work you do during term-time;
- any Maintenance Loan or grant payments you may receive;
- payments you receive from your parents under a covenant;
- maintenance payments you expect to receive for your children. These maintenance payments should be included as part of your children's income in question 8c;
- Teacher Training Bursaries;
- Higher Education Bursary (for care leavers);
- bounties paid by the armed services to reservists or disablement or invalidity pensions; or
- ISAs.

Payments from an employer

- b1** You should **only** provide an amount here if you are being released from employment by your employer to attend your course. If this is the case, you should only include salary or wages that you will receive from that employer for days you are actually attending your course and have been released from your employment to do so. Any earnings from salary or wages entered here may affect your student finance entitlement.

Do not provide any amount here if you are a student who is working while studying but have not been specifically released by your employer to attend your course.

Dependent children

- c** You must include any income the child received from working, interest earned on savings, investments and any maintenance payments you received for your children as part of **their** income in this question.

Don't include income from sources such as Child Benefit, Child Tax Credit, child element of Universal Credit, Government Child Trust or minimal sums of money from other sources when entering a child dependant's income.

If your child dependants' income will be at least 15% less than it was in tax year 2023-24 you can apply for a current year income assessment. This means we would use their expected income for tax year 2025-26 instead of their actual income for 2023-24 when working out your grant entitlement. If you want to be assessed using expected income for tax year 2025-26 use the additional notes pages at the back of the form to give us details.

Parents' Learning Allowance, Childcare Grant and Adult Dependants' Grant

b This information will be used to work out if your children are mainly financially dependent on you or your partner during the academic year.

c1 Childcare Grant is calculated based on the number of children you have in childcare and your household income.

How much you could get

- If you have one child in childcare, you could get up to a maximum of £199.62 per week, or 85% of your total childcare costs for the week (**whichever is less**).
- If you have two or more children in childcare, you could get up to a maximum of £342.24 per week, or 85% of your total childcare costs for the week (**whichever is less**).

The Childcare Grant Payment Service

The Childcare Grant Payment Service (CCGPS) is an online platform enabling parents to manage their Childcare Grant by authorising and sending payments to childcare providers electronically. CCGPS is administered by Wider Plan, a recognised government partner for the Nursery Milk Scheme. Wider Plan is also an employee benefits provider with extensive experience of working with parents and childcare providers through delivery of their childcare voucher scheme.

What happens next

- Once your application is approved you'll receive an email from the Childcare Grant Payment Service to set up an account with them (make sure you've given us your correct email address on this form).
- Your Childcare Grant funding is transferred to the Childcare Grant Payment Service portal, you'll be able to pay your childcare provider directly.

You can find further information about Childcare Grant at www.gov.uk/studentfinance

c2 If you answered 'Yes' to any of the options in this question you can't apply for Childcare Grant until you stop receiving support from those other sources.

If you re-apply for Childcare Grant you must send evidence that confirms you no longer receive support from those other sources.

If you or your partner are receiving the £1,000 Child Dependants Allowance from the Learning Support Fund so that you or your partner can attend compulsory clinical placements as part of a healthcare course, you should answer 'No' to this question as you may qualify for Childcare Grant.

You can get information about all aspects of Working Tax Credit and Universal Credit online at www.gov.uk
