Message from the Chief Executive

I am very pleased to be able to introduce an annual report which details a year of significant achievement for the Agency. The Centre has gained its first industry award for a number of years by winning the Eventia Best Large Venue Award for 2014. It also achieved Highly Commended status in the Best Event Team award. The second phase of the building master plan has produced a major improvement to the foyer and other facilities at the Centre. This programme of investment in the Centre will continue as we move into phases three and four of the plan in the next two years. These improvements have come with some unexpected costs as unforeseen essential repairs were uncovered during the refurbishment. Nevertheless trading results have improved, with revenue for the year increasing by 17% in comparison with the previous year and delivering the best trading performance in five years.

The Agency has used the significant refurbishment achieved this year to relaunch itself into the market place. This has included a new trading name, Queen Elizabeth II Centre, which is designed to remove any preconception that the business is focussed on just the conference sector of the events industry. The relaunch has included the use of a new logo and the renaming of the AV Production unit previously known as Interface to QEIILive, the Catering offer to QEIITaste by Leiths and the building services team to QEIIDelivery.

Turnover for 2014/15 reached £11.2 million which was based on an 18.7% increase in room hire with occupancy reaching 52.8%; well ahead of the target of 49%. The net surplus for the year was £2m, a result which once again comfortably exceeded budget expectations. During the year 441 meetings and events were held. Those events were across a wide spectrum of clients including national and international associations, corporate bodies and not for profit organisations including government and charities. The Centre continues to experience strong client loyalty expressed through a high level of repeat bookings which currently stands at around 70%.

The comprehensive review of the Agency's organisation and strategy to ensure that it is best positioned to meet the challenges presented by an increasingly competitive marketplace has continued. The management structure has been strengthened

with the recruitment of two new directors which has enabled a more comprehensive coverage of business operations to be represented at board level. A Transforming Together programme was initiated just as the financial year was closing. This will involve staff at all levels from both the Agency and its contractors in driving improvements throughout the business operation and will be a key enabler for the Agency to achieve its business objectives. The investment programme in both facilities and technology has continued, with the second phase being completed in 2014 with a refurbishment of the Sanctuary foyer, incorporating new layout, lighting, registration desks and an executive lounge. The Pickwick suite was expanded to increase capacity and carpeting was replaced throughout the building. Phase three begins in the summer of 2015 and will continue the introduction of new lighting through the building incorporating LED fittings increasing the energy efficiency of the Centre. Improvements are also planned for the Caxton Lounge and some of the Centre's PA systems. New conference furniture will also be introduced in time for the autumn period.

The increased levels of client spend on the Centre's production and IT services and catering experienced last year have been maintained through 2014/15 and there continues to be an encouraging uplift in forward bookings with levels at 31 March being comfortably ahead of those at the corresponding time last year. The further planned improvements in the building facilities and continued signs of an improved economy, together with the significant progress made this year give me confidence that the business will carry on improving occupancy rates and revenues.

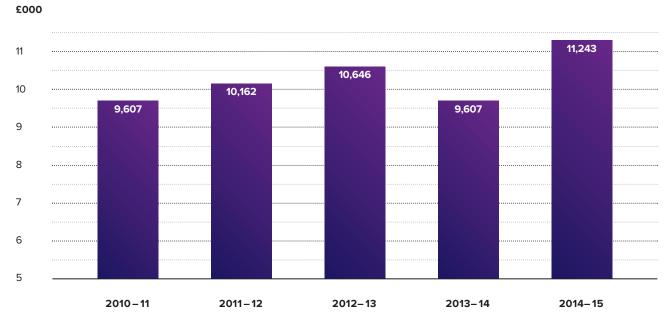

Once again I would like to pay tribute to the Centre's team, including our contractors, who collectively continue to provide high quality services to our clients and operate the facilities in a very cost effective manner enabling the Agency to return operating surpluses ahead of expectations.

The business continues to focus on delivering a first class service to the Centre's clients, through establishing successful client partnerships and delivering creative, professional and innovative events. Our aim is to be London's finest specialist events venue with a global reputation for excellence.

Mark Taylor
Chief Executive

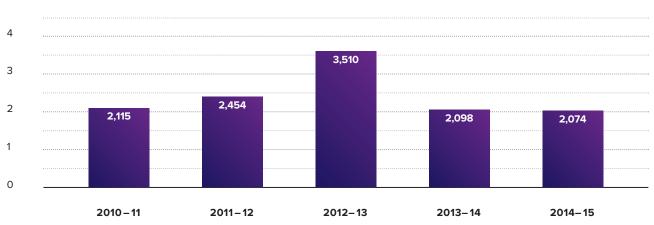

5 year record of turnover and surplus

TURNOVER

REPORTED SURPLUS ON ORDINARY ACTIVITIES

£000

Performance against targets

METHODS OF MEASUREMENT

Capacity utilisation of the Centre is the relationship between the annual room hire revenue and a theoretical annual maximum expressed as 241 days hire of the whole Centre in a leap year and 240 days in a normal year. The overall score for value for money in client questionnaires is the calculated average of responses to a specific question in the client questionnaire that accompanies each event. Expressions of satisfaction with value for money are scored as 100 per cent and expressions of dissatisfaction are scored as 0 per cent.

3 YEAR RECORD OF PERFORMANCE AGAINST TARGETS

Annual Report and Accounts 2014–15

Directors' Report

1. Management Board

The following served as members of the Management Board during the year.

Mark Taylor
Alison White
Simon Hughes
John French
Sue Etherington resigned 1 January 2015
Rai Pragii

Chief Executive
Non-executive
Finance Director
Commercial Director
H.R. Director

Diane Waldron appointed 5 January 2015 Sales & Marketing

Anna Clover appointed 26 January 2015 Director Venue

Operations & Customer Experience

No Directors have outside interests that conflict with their management responsibilities.

2. Employee Involvement

The Agency is committed to improving the quality of service it provides to clients and delegates through the involvement and development of its staff, consistent with its Investor in People accreditation, which was renewed in January 2014 for a further three years. It maintains regular contacts with managers and staff through circulars and forums and through consultation with trade union representatives. Employees participate in a group bonus scheme based on the surplus for the financial year.

3. Policy in Relation to Employment of People with a Disability

The Agency operates a policy of full and fair consideration to applicants with a disability, having due regard to their individual aptitudes, skills and capabilities.

4. Pension Scheme

Staff are eligible to join the Principal Civil Service Pension Scheme. The accounting policy on pension costs can be found in note 1.11 of the Financial Statements and information on the Scheme can be found in note 4 to the Financial Statements.

5. Value of Property

The Department for Communities and Local Government holds title to the land and building. The property was valued at £35.6 million in the accounts of the Department for Communities and Local Government at 31 March 2015.

6. Auditor's remuneration

The Comptroller and Auditor General is appointed auditor under the provisions of the Government Trading Funds Act 1973 and reports his findings to the Houses of Parliament. The cost of the audit of the accounts is £37,000 (2014: £37,000). No other services were provided.

7. Information supplied to Auditors

The Agency and its Chief Executive have taken all reasonable steps to ensure that the auditors have been made aware of all information relevant to their audit, to ensure that there is no relevant information of which the auditors are unaware and to establish that this is so

8. Operational performance

The average absence from work during the year due to sickness was 6.4 days per employee (2014: 5.7 days).

There were no personal data related incidents during the year.

9. Innovations and improvements

The Agency has developed a master plan which is designed to give a structured core set of principles in undertaking future maintenance and capital improvement. The second phase of works was undertaken in 2014 and focussed on refurbishment of the Sanctuary Foyer, replacement of all carpeted floor surfaces across the Centre and replacement of conference furniture. The third phase of improvement works is planned for 2015 and will include the replacement and upgrade of light fittings through the building, refurbishment of the Caxton Lounge and improvement to ceilings. Further improvements will also be scheduled for 2016 onwards.

10. Changes in Property, plant and equipment

Changes in property, plant and equipment are summarised in note 7 to the Financial Statements.

Mark Taylor, Chief Executive

Markellaylor.

22 June 2015

Strategic Report

1. History and Principal Activities

The Queen Elizabeth II Conference Centre (the Agency) was opened by Her Majesty the Queen in 1986. Trading Fund status was granted on 1 April 1997 under the Government Trading Funds Act 1973. Its role is to provide conference facilities for national and international meetings up to the highest level and to market its facilities commercially as a high quality venue for both Government and private sector use. During 2014–15, having completed the second phase of the building master plan project, the Centre was relaunched in the market place with a new trading name, the Queen Elizabeth II Centre. The omission of conference from the trading reflects that the Centre is able to accommodate a wider range of events.

2. Development and performance during the financial year

2.1 Trading performance

Trading performance for 2014–15 has been significantly ahead of budget and last financial year. Turnover in 2014–15 is 17.0% higher than in the previous year: room hire increased by 18.7%, the in-house production unit increased by 9.1% and the IT sales unit increased by 11.7%; revenue from other conference activities increased by 28.6% and rental income from non-conference space increased by 11.9%. However the proportion of secondary revenue from in-house production, IT and catering royalty to room hire has decreased from 99.8% to 96.8%.

Costs were 22% higher than those in the previous year. Cost of sales was up £323K compared to 2013–14 reflecting increased business levels from the rise in occupancy. Maintenance costs at £1,642K have increased significantly for 2014–15 compared to £841K for 2013-14 as a direct result of the continuing refurbishment programme for the building. Expenditure on advertising and marketing has also increased as the Agency seeks to ensure that its improved facilities are known in the market place with costs £116K higher than 2013–14. The surplus on ordinary activities of £2.048 million was 1.1% lower than the figure reported for the previous year.

2.2 Capital structure

The amount of Public Dividend Capital remains unchanged at £821,000. A dividend payment of £1.50 million was made to the Exchequer which resulted in a retained surplus of £0.60m, and increased the General Reserve at 31 March 2015 to £10.8 million.

2.3 Cash management

Cash balances decreased by £2.2 million in the year principally as a result of £3.4 million capital expenditure. All suppliers' invoices were paid in accordance with CBI guidelines, within 30 days from the delivery of goods or services or, if later, receipt of an agreed invoice. Credit control measures were again effective in limiting exposure to the risk of bad debts.

2.4 Non-current asset managementt

All fixed assets were checked in March to confirm that they are still in good condition and relevant to our business. Those assets not meeting these criteria have been sold or scrapped. Depreciation rates are influenced by the speed with which assets become outdated by changes in technology and fashion.

3. Performance against targets

A payment to the Exchequer of £1.50 million met the financial target. The occupancy level achieved was 52.8 per cent which is above the target of 49 per cent. The occupancy level is measured by reference to the theoretical maximum annual room hire revenue. For the first time an annual target was set for the ratio of non room hire events revenue to room hire revenue. The target of 90% was exceeded with an achieved ratio of 96.8% The two other business strategy and quality of service targets were exceeded. A more detailed report of performance against targets can be found on page 3.

4. Trends and factors affecting underlying performance during financial year

4.1 The market in which we operate

The conference and meetings market is both local and international and it is very competitive by nature. A wide range of facilities suitable for hosting conferences is available from large purposebuilt conference centres in major cities to single rooms in institutions and hotels, with new and additional capacity regularly coming on stream.

The Queen Elizabeth II Centre can accommodate the largest conferences either alone or as part of a London syndicate and small to medium sized events in rooms that can be let singly. It enjoys a prestigious location facing Westminster Abbey and close to Whitehall, the Houses of Parliament and the London Eye.

The products and services offered by the Queen Elizabeth II Centre target sections of the market that value quality, reliability, security and the latest technology. Its competitive advantage is enhanced by its partnership with Leith's, whose reputation for quality catering and excellent service is widely recognised. The Queen Elizabeth II Centre is an ideal venue for large conferences, with or without exhibition space, and for annual general meetings and gatherings of international organisations. It also continues to compete successfully for smaller events, award ceremonies and banquets.

4.2 Market conditions

Trading conditions began to show encouraging signs of improvement during 2014–15 and occupancy was substantially improved upon in comparison to 2013–14 with record levels of business being achieved in the month of June 2014. The private sector and associations market sectors have shown a significant increase but government spending controls have continued to have an adverse impact on traditional levels of business from that sector. Advance bookings at the start of the year for 2015–16 are ahead of those one year ago for 2014–15 and contracted bookings for June mean that this will again be a very successful month. Advance bookings for the years beyond 2015–16 are also substantially above the equivalent position at the end of 2014–15.

4.3 Management of principal risks

A Risk Register of potential risks has been maintained by Management and is discussed at quarterly meetings of the Risk Management Working Group. Risk is also on the agenda of the monthly Directors Meetings. The purpose is to evaluate the potential impact of these risks on profitability, to determine what controls are in place to minimise each risk and to propose additional control measures where appropriate. New risks identified are evaluated and added to the Risk Register with appropriate remedial actions. Activity is monitored by the Audit Committee which is chaired by a non-executive director.

4.4 Agency strengths and resources

The Agency's principal strengths are its location and the quality of its product. Its principal resource is the considerable experience, expertise and professionalism of its staff and of its on-site contractors. Analysis of the client feedback questionnaires confirms that the Centre is preferred mainly because of the quality of service provided, whether it be the creativity of Leith's cuisine, the flair of the QEII Live in-house production team (previously known as Interface), the attentiveness of our event managers or our flexibility in dealing with changing circumstances.

5. Trends and factors affecting future performance

5.1 Strategy

The strategic aim of the Agency is to meet the financial objectives of the Trading Fund Order. Following the government's decision in December 2011 that the Agency would continue to manage the conference centre business at the Centre and the appointment of a new CEO there has been a thorough review of the Agency's operational business strategy. To this end the Agency aims to re-establish the Centre as the finest specialist events venue in London with a global reputation for excellence, successful client partnership working and the delivery of creative, professional and innovative events. Its corporate priorities anticipate a growth in clients' expectations of the quality and range of available services, and the use of leading-edge technology. Integrated commercial, operational, financial and HR strategies are updated annually in the light of past performance and perceived changes in market conditions.

5.2 Objectives

The broad operational objective of the Agency, as set out in its Framework Document, is to achieve best value for money in operating the conference centre as a high quality facility for use, on a commercial basis, by government and private sector customers for national and international events.

Its specific objectives are to further strengthen commercial performance by optimising use of the Centre, to maximise revenue from room hire and the sales of ancillary services, to maintain the interior of the building and its services consistent with a high quality venue and to ensure that all staff members are properly trained, well motivated and have opportunities to develop their full potential.

5.3 Building enhancement

There was continued investment in the building and its facilities during the course of 2014–15. The ground floor foyer has been completely redesigned with new tiled flooring, upgraded lighting, new registration desks and a video wall. An executive lounge area has also been introduced for the benefit of delegates and event organisers. The Pickwick Lounge on the first floor has also been refurbished and expanded to increase capacity. New carpets have also been introduced throughout the building. The master plan has further building enhancements planned with a project to upgrade the facilities for the Caxton area on the second floor and the extension of the upgraded lighting further through the building scheduled for the summer of 2015.

5.4 Staff Resources

The Agency maintains a significant pool of technical expertise in the areas of engineering, audio-visual presentation, IT and telecommunications. Further technical support continued to be provided by the Department for Communities and Local Government in respect of matters relating to the fabric of the building and by the contractors who operate building systems and facilities on the Agency's behalf.

In January 2014, the Agency was successful in renewing its IIP accreditation for a further three years and continues to apply those principles in the management and motivation of staff. Training and development remains focused on individual improvement.

At 31 March 2015 the gender of staff employed by the Agency was:

| | Male | Female | |
|-----------------|------|--------|---|
| Directors | 2 | 3 | |
| Other Employees | 24 | 15 | _ |

5.5 Competitive facilities

Market conditions have ensured that a high level of competitiveness remains and pricing policies have been aggressive across all competitors. Management are determined to ensure that the Centre remains competitive without compromising standards and its position in the market place.

5.6 Trading outlook

The levels of advanced bookings are showing consistent signs of improvement over the corresponding periods in the previous year and there continues to be significant levels of revenue generated from in-house production, IT and catering. One of the Agency's key strategic objectives is to continually grow the achieved occupancy rate, and 2014–15 has seen a significant increase reversing a recent history of decline. The market remains very competitive with occupancy rates still below those achieved prior to the economic downturn following the banking crisis, but nevertheless there continues to be signs of recover with enquiry rates increasing, clients beginning to book events further in advance and with increased secondary spend. The Centre's management have produced a five year business plan with the expectation of a steady moderate increase in occupancy over the period.

6. Environmental, social and community issues

6.1 Recycling success

The Agency recycled 73 per cent of waste in 2014–15 (2013–14 83%). In addition to paper, cardboard and bottles, which are high volume items, metal cans, wooden pallets, fluorescent tubes and toners are also being recycled and recycling bins are located in walk-through areas used by delegates.

6.2 Energy efficiency

The Agency has an active programme to reduce its consumption of electricity. During 2014–15 a continued sustainability awareness programme has been in place.

6.3 Sustainability Reporting

The Agency is exempt from producing a producing a sustainability report on the basis that its headcount is below the 250 threshold.

7. Accounts Direction

This statement of accounts has been prepared in accordance with a Treasury direction, dated 18 December 2014, given in pursuance of section 4(6)(a) of the Government Trading Funds Act 1973.

Mark Taylor, Chief Executive

22 June 2015

Remuneration Report

1. Membership of Remuneration Committee

The Remuneration Committee comprises Alison White, non-executive director and Chairman of the Audit and Risk Assurance Committee, the Chief Executive, Commercial Director, Finance Director and HR Director.

2. Policy on remuneration of senior managers

The remuneration of the Chief Executive, comprising salary and bonus, is determined by the Department for Communities and Local Government. Salaries of all other staff, including Directors and senior managers, are determined by a Performance Management Pay Scheme under which most receive a basic award, up to ten per cent receive an enhanced increase for high performance and non-performers receive no increase. In addition all eligible staff, other than the Chief Executive, participate in a Corporate Bonus Scheme which is linked to the financial performance of the Centre.

3. Methods used to measure performance

Biannually staff are appraised against a set of competencies and individually targeted objectives.

4. Relationship between performance and remuneration

Apart from some small allowances, all remuneration is based on either individual performance or group performance.

5. Policy on duration of contracts

The notice period, by either party, for all staff contracts, excluding the Chief Executive, is one month.

6. Details of Directors' service contracts relevant to the cost of early termination

| | | Years of service at 31 March 2015 | Length of notice |
|---------------|----------------------------|--------------------------------------|------------------|
| Mark Taylor | Chief Executive | 2.00 | 6 months |
| John French | Finance Director | 7.75 | 1 month |
| Raj Pragji | H.R. Director | 21.75 | 1 month |
| Diane Waldron | Sales & Marketing Director | 0.24 | 1 month |
| Anna Clover | Director Venue Operations | | |
| | & Customer Experience | 0.18 | 1 month |

7. Table of remuneration

Details of the remuneration of members of the Management Board and non-executive directors are set out below. None of the members received any benefits in kind. There were no expense allowances and no payments of compensation for loss of office.

| Member/ | Basic | | Pension | | Basic | | Pension | |
|---------------------------------|--------|-------|----------|---------|--------|-------|----------|---------|
| Function | salary | Bonus | Benefits | Total | Salary | Bonus | Benefits | Total |
| | 2015 | 2015 | 2015 | 2015 | 2014 | 2014 | 2014 | 2014 |
| | £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 |
| Mark Taylor Chief Executive | 85-90 | | 33 | 120–125 | 85-90 | _ | 33 | 120–125 |
| John French Finance | 70-75 | 0-1 | 17 | 90-95 | 70-75 | 0–1 | 19 | 90–95 |
| Raj Pragji Human Resources | 55-60 | 0-1 | 13 | 65–70 | 55–60 | 0–1 | 8 | 65 –70 |
| Diane Waldron Sales | 15–20 | 0–1 | 6 | 20–25 | - | - | - | - |
| Anna Clover Venue Operations | 10–15 | 0–1 | 5 | 15–20 | - | - | - | - |
| Sue Etherington Commercial | 45–50 | 0-1 | (1) | 45–50 | 65–70 | 0-1 | 16 | 80–85 |
| Alison White Non-executive | 0-5 | - | - | 0-5 | 0-5 | - | - | 0-5 |
| Simon Hughes Non-executive | 0-5 | - | - | 0-5 | 0-5 | - | - | 0-5 |

Sue Etherington resigned as Commercial Director on 1 January 2015 to take up a new role which is not part of the management

board. The 2014–15 figures above reflect her remuneration whilst a member of the management board. The full year salary for this role would have been in the £65-70k band.

The Agency is required to disclose the relationship between the remuneration of the highest-paid director and the median remuneration of the Agency's workforce.

The banded remuneration of the highest-paid director in the financial year 2014–15 was £85,000 – £90,000 (2013–14, £85,000 – £90,000). This was 2.33 times (2013–14, 2.53) the median remuneration of the workforce, which was £37,575 (2013–14, £34,619).

In 2014–15, no employees received remuneration in excess of the highest-paid director (2013–14, nil). Remuneration bands ranged from £20,000 – £25,000 to £70,000 – £75,000 (2013–14, £20,000 – £25,000 to £70,000 – £75,000)

Total remuneration includes salary, overtime, non-consolidated performance-related pay, benefits-in-kind as well as severance payments. It does not include employer pension contributions and the cash equivalent transfer value of pensions.

8. Awards to past senior managers

There were no awards to past senior managers.

9. Details of non cash elements of remuneration

There were no non cash elements of remuneration given to any employee during the year.

10. Table of pension benefits

Pension benefits of members of the Management Board are set out below. The capitalised value of accrued benefits transferable to another scheme is shown under Cash Equivalent Transfer Value, (CETV). Non-executive members accrue no pension benefits from the Agency.

| Accrued | Accrued | CETV | CETV |
|---------|---|---|--|
| pension | lump sum | 2015 | 2014 |
| 000£ | 000£ | £000 | £000 |

11. Amounts payable to third parties for senior manager services

There were no amounts paid during the year to third parties for senior manager services.

Mark Taylor, Chief Executive

Markklaylor.

22 June 2015

Paragraphs 1 to 5 are not audited. Paragraphs 6 to 11 have been audited.

Statement of the Agency and its Chief Executive's Responsibilities

The functions of the Queen Elizabeth II Conference Centre are set out in Statutory Instrument 933, 1997. Primarily these are to provide conference and related services. A more detailed description of aims, objectives, responsibilities and governance arrangements are set out in a Framework Document issued by the Secretary of State.

Under Section 4(6) of the Government Trading Funds Act 1973, as amended, the Treasury has directed the Queen Elizabeth II Conference Centre to prepare a statement of accounts for each financial year in the form and on the basis determined by the Treasury. These accounts accord with a Treasury direction dated 20 December 2013. The accounts are prepared on an accruals basis to give a true and fair view of the state of affairs of the Queen Elizabeth II Conference Centre at the year end and of its income and expenditure, changes in taxpayers' equity and cash flows for the financial year.

In preparing the accounts the Queen Elizabeth II Conference Centre is required to prepare the financial statements on the going concern basis unless it is inappropriate to presume that the organisation will continue in operation; to observe the accounts direction issued by the Treasury, including the relevant accounting and disclosure requirements; to apply appropriate accounting policies on a consistent basis; to make judgements and estimates on a reasonable basis; to follow applicable accounting standards and to disclose and explain any material departure from those standards.

The Treasury has appointed the Chief Executive of the Queen Elizabeth II Conference Centre as the Accounting Officer for the Trading Fund. The Framework Document defines the duties and responsibilities of the Chief Executive. Further, his relevant responsibilities as Accounting Officer, including his responsibility for the propriety and regularity of the public finances, for the keeping of proper records and for the safeguarding of the Agency's assets are set out in the Accounting Officers' Memorandum, issued by the Treasury and published in Managing Public Money.

Mark Taylor, Chief Executive

Markellaylor.

22 June 2015

Governance statement

As Accounting Officer, working with the Agency Management Board, I have responsibility for maintaining effective governance and a sound system of internal control to underpin the achievement of the strategic objectives of the Trading Fund. The key strategic objectives are to optimise commercial revenues from effective operations of the Centre and to achieve targets set by government including the payment of a dividend to the Exchequer.

This statement sets out the key challenges faced by the Centre, the risks identified and under active management, and the control and assurance processes in place to mitigate these risks.

The Advisory Board, chaired by the Department of Communities and Local Government (DCLG) Finance Director, supports the Permanent Secretary in providing advice to the Secretary of State and Ministers as appropriate in respect of the regime of corporate planning and target setting. The Advisory Board met 3 times during 2014–15 and has overseen an annual revenue increase of 17% for 2014–15 and consistent achievement of dividend targets for the past 12 years.

The Audit and Risk Assurance Committee, in conjunction with the Internal Auditors, supports the Management Board and myself (as Accounting Officer) in its responsibilities for risk management, control and governance within the centre. There is also in place a proportionate structure of committees where accountability has been devolved to ensure decision-making is conducted appropriately.

Key risks to Centre

During the past year, the most critical risk was a complex programme of refurbishment, following a long period of minimal investment in the Centre. The programme uncovered the requirement for additional essential works, which could not have been previously foreseen, leading to unplanned additional costs. However, the substantial upturn in revenues more than compensated for this, resulting in an operating surplus for the year in excess of £500k above target.

There had been limited investment in the Centre over a prolonged period, during a time of strategic and political uncertainty, and as a result, there will be an ongoing requirement for substantive capital investment in the fabric and facilities of the building: the complexity and cost of which represent ongoing risk to the Centre.

As the commercial environment within which the Centre operates has started to grow after a prolonged period of recession, the Centre continues to experience significant challenges in retaining and recruiting staff with certain specialists skill sets, particularly where there is competition from other sectors. Turnover is now approaching 40% amongst technical staff and this is continuing to exert pressure on continuity and quality of customer service. The Centre continues to work with DCLG in seeking mitigation for this escalating risk.

A new catering contract came into effect on 1 February 2014 which established a more collaborative approach between the Caterer and the Centre, particularly with respect to generating new business, approach to market and managing relations with clients. Quarterly meetings are held to govern the management of the catering contract attended by the onsite general manager of the caterer, a Divisional Director of Compass and senior management of the Centre. In January 2015 the first meeting of the Strategic Board was held. This board will continue to meet on a quarterly basis to review contract performance, including risk, and joint strategies for growing the business. Performance of the contract for 2014–15 has been very successful with catering revenue for the Centre exceeding budget by over £200K.

There have still been no further developments regarding any possible impact on the Centre with regards to options for the long term upkeep of the Palace of Westminster. The situation remains that should Parliament indicate that it requires the Centre in future, it has been agreed that discussions will take place on timescales which recognise the importance of the Centre maintaining a viable business plan, to provide assurance to potential customers.

The Risk Management Process

At the heart of the risk management process is an integrated system of long-term planning, allocation of responsibilities and budgetary control. The Centre's business and corporate plan (BCP) with a five year horizon is prepared annually and takes into account the risks and opportunities facing the Centre and charts the probable course of trading income, capital investment, human and financial resources.

Responsibility for delivering a specific section of the BCP is allocated to a Director or the relevant senior manager. Targets are set for the coming year and a plan is drawn up incorporating income expectations and suitable levels of cost to run the business effectively and contain risks at an appropriate level.

Directors allocate specific responsibilities, financial authority and budgets to the managers within their departments. As a result of the current economic climate, and in line with a prudent approach to financial management, close scrutiny of expenditure across all areas of the Centre's operations has been maintained during the year. Close monitoring of all expenditure is undertaken by all managers at regular intervals.

Directors and Managers supply regular reports on the management of risks in their areas of responsibility including progress reports on key projects. These procedures are assessed and overseen by a Risk Management Working Group (RMWG) and internal auditors. Strategic risk is also considered at the monthly Directors' meetings.

Guidelines regarding data handling issued by the Cabinet Office are being adhered to and the appointment of a senior information officer (SIRO) is in place.

Audit and Risk Assurance Committee

The Audit and Risk Assurance Committee met four times during 2014–15. It is an effective committee chaired by Alison White, an experienced independent Non- Executive Director and qualified accountant. The Audit Committee comprises two Non- Executive Directors and in attendance is the CEO, the Director of Finance of the Centre, the NAO and the DCLG's internal auditors. The quorum was met for all meetings throughout the year.

The Committee oversees management of the risk management processes and regularly reviewed the Centre's risk register. Issues arising for which further executive consideration was encouraged included:-

- Marketing expenditure and the assessment of return on investment
- Accounting treatment of Capital Expenditure following the significant investment during 2014–15 as the second phase of the Master Plan was completed
- Recruitment and retention of staff and the implications for the business as it targets growth

Resources and organisation

The Centre continues to require the resources and capability to underpin the delivery of its commercial objectives. During the year, the Management Team was expanded to provide executive leadership in Sales and Marketing and in Venue Operations and Customer Experience. As a result, there has been some streamlining of the governance structure, so that decisions can be taken at the appropriate level. The main elements of the structure other than the Advisory Board and Audit and Risk Assurance Committee referred to above are as follows:

The **Management Board**, chaired by the Centre's Chief Executive, which comprises the executive and non executive directors meets at least six times a year, and is accountable for achievement of the strategic objectives and performance of the Centre. This board successfully oversaw the completion and approval of the Agency's business and corporate plan.

The newly created **Directors' meeting** brings together the executive on a monthly basis to review, monitor and manage operational performance and to manage strategic risks (a function previously carried out by the RMWG). These changes will ensure clarity of accountability and decision-making at the correct level to optimise performance.

The directors' and managers meeting will, in the future meet on a quarterly basis.

Quarterly meetings are held to govern the **management of the Catering Contract** with Compass/ Leiths'. The CEO, Director of Finance and Sales & Marketing Director are present at meetings with the caterers, who are represented via their onsite General Manager as well as the Divisional Director. A regular walkround with the Catering Manager, TFM Manager, Director of Venue Operations and Customer Experience and CEO also takes place to ensure that all catering areas are being maintained to an appropriate standard.

In January 2015 the first meeting of the Strategic Board was held. This board will continue to meet on a quarterly basis to review contract performance and joint strategies for growing the business.

Monthly TFM Contract meetings are held between the Centre management and the contractor Interserve, which cover cleaning, porterage, building maintenance, engineering and security. In addition the CEO chairs a Quarterly Update meeting with the onsite Interserve management team and Interserve's regional Management.

The **Health and Safety Committee**, chaired by the CEO, meets quarterly and is attended by all operational personnel, including the TFM and catering contractors. Fire safety training for all staff occurs annually. A Business Continuity Plan is regularly updated and rehearsals undertaken from time to time.

A **Sustainability Committee**, chaired by the CEO was re-constituted in 2014 and has been meeting quarterly attended by representatives from each of the Centre's core teams as well as the TFM and catering contractors.

Corporate Governance

There are no significant departures from the corporate governance code to report for the period covered by this report.

System of internal control

The system of internal control is designed, inter alia, to manage risk to a reasonable level rather than to eliminate risk of failure to achieve policies, aims and objectives. It can, therefore, provide reasonable but not absolute assurance of effectiveness. The system of internal control accords with Treasury guidance and has been in place for the full year to March 2015.

Internal Audit

During the year the internal auditors have submitted reports and Management Letters to the Audit Committee, prepared to Public Sector Internal Audit Standards, covering Finance Key Control Testing, Catering Contract, Revenue and risk management. This year the internal auditor's overall opinion has been to give moderate assurance (yellow) for risk management, control and governance.

Significant internal control problems during the year

There are no issues of significance to report for the period covered by this report. There have been no information security breaches during the year.

Review of Effectiveness

As Accounting Officer, I have responsibility for reviewing the effectiveness of the system of internal control. My review of the effectiveness of the system of internal control is informed by the work of the internal auditors and the Directors and Managers of the Centre who have responsibility for the development and maintenance of the internal control framework. My review takes

into account comments made by the National Audit Office in their management letter and other reports. I have also been advised on the effectiveness of the system of internal control by the Management Board and the Audit and Risk Assurance Committee.

The Audit and Risk Assurance Committee reviews all reports from internal and external auditors, which include management responses and agreed remedial action, and receives a written report on the progress of implementing the agreed remedies. It also receives regular reports on risk from the Finance Director. The quality of data that is presented to the meetings as detailed in this statement is high and provides sufficient information for them to properly exercise their duties. Internal audit provide regular reports, monthly management accounts are professionally compiled, catering statements are received from the catering contractor, revenue projections are assembled by a dedicated revenue manager, health and safety statistics and a monthly report by the TFM contractor is tabled.

The Centre's management team has been restructured during the year and two new directors have taken up posts in January 2015. The Director of Sales & Marketing position has responsibility for sales of all service lines and the Director of Venue Operations & Customer Experience position is responsible for the building and operational services.

The Centre's IT infrastructure has been further upgraded and systems put into place to strengthen its integrity including the deployment of a new firewall.

Various projects have been progressed to develop and continually refine the strategic direction for the business. There is now a Transforming Together project which aims to consolidate the outcome from these reviews and to drive improvements in the operation of the business.

I am able to report that the boards, committees and formal meetings described above have provided me with appropriate advice and support to manage the business of the Trading Fund effectively and to produce a net surplus from operations ahead of that budgeted a year ago. This Trading Fund has a history of sound and prudent financial management, and as Accounting Officer I intend to do all I can to maintain this record of achievement.

Mark Taylor, Chief Executive

Markellaylor.

22 June 2015

The Certificate and Report of the Comptroller and Auditor General to the Houses of Parliament

I certify that I have audited the financial statements of the Queen Elizabeth II Conference Centre for the year ended 31 March 2015 under the Government Trading Funds Act 1973. The financial statements comprise: the Statement of Comprehensive Net Income, Statement of Financial Position, Statement of Cash Flows, Statement of Changes in Taxpayers Equity; and the related notes. These financial statements have been prepared under the accounting policies set out within them. I have also audited the information in the Remuneration Report that is described in that report as having been audited.

Respective responsibilities of the Agency, Chief Executive and auditor

As explained more fully in the Statement of the Agency and its Chief Executive's Responsibilities, the Chief Executive as Accounting Officer is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. My responsibility is to audit, certify and report on the financial statements in accordance with the Government Trading Funds Act 1973. I conducted my audit in accordance with International Standards on Auditing (UK and Ireland). Those standards require me and my staff to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Queen Elizabeth II Conference Centre's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Queen Elizabeth II Conference Centre; and the overall presentation of the financial statements. In addition I read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my certificate.

I am required to obtain evidence sufficient to give reasonable assurance that the expenditure and income recorded in the financial statements have been applied to the purposes intended by Parliament and the financial transactions recorded in the financial statements conform to the authorities which govern them.

Opinion on Regularity

In my opinion, in all material respects the expenditure and income recorded in the financial statements have been applied to the purposes intended by Parliament and the financial transactions recorded in the financial statements conform to the authorities which govern them.

Opinion on Financial Statements

In my opinion:

- the financial statements give a true and fair view of the state
 of The Queen Elizabeth II Conference Centre's affairs as at
 31 March 2015 and of the retained surplus for the year then
 ended; and
- the financial statements have been properly prepared in accordance with the Government Trading Funds Act 1973 and HM Treasury directions issued thereunder.

Opinion on other matters

In my opinion:

- the part of the Remuneration Report to be audited has been properly prepared in accordance with HM Treasury directions made under the Government Trading Funds Act 1973; and
- the information given in the Performance against targets,
 Directors' Report and Strategic Report sections for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements and the part of the Remuneration Report to be audited are not in agreement with the accounting records and returns; or
- I have not received all of the information and explanations
 I require for my audit; or
- the Governance Statement does not reflect compliance with HM Treasury's guidance.

Report

I have no observations to make on these financial statements.

Sir Amyas C E Morse

Comptroller and Auditor General National Audit Office 157–197 Buckingham Palace Road Victoria London SW1W 9SP

Notes to the Financial Statements

for the year ended 31 March 2015

Note 1

Accounting Policies

These accounts have been prepared in accordance with the Government Trading Act 1973 and the 2014 45 Government Financial Reporting Manual (FReM) issued by the Treasury. The accounting policies contained in the FReM apply International Financial Reporting Standards as adapted or interpreted for the public sector context. Where the FReM permits a choice of accounting policy, the accounting policy which is judged to be most appropriate to the particular circumstances of the Queen Elizabeth II Conference Centre for the purpose of giving a true and fair view has been selected. The particular policies adopted by the Queen Elizabeth II Conference Centre are described below. They have been applied consistently in dealing with items that are considered material to the accounts.

1.1 Accounting convention

These accounts have been prepared on a going concern basis under the historical cost convention, modified to account for the revaluation of property, plant and equipment and intangible assets to their value to the business by reference to

1.2 Property, plant and equipment

The freehold title in the land and buildings is held by the Department for Communities and Local Government. This is revalued on an existing use basis each year and disclosed in the accounts for the Department net of the Agency's interest in the property. The Agency does invest in structural enhancements to the property which are capitalised as building improvements and valued at depreciated historical cost as management consider that, in the absence of a readily obtainable market for such items, this provides a suitable approximation for fair value. Non property assets are re-valued by reference to the cost of modern equivalent assets. Items of furniture, IT and operational equipment valued under £1,000 are written off in the year of purchase. The cost or valuation of a tangible asset is written off on a straight-line basis over its expected useful life with a full year's depreciation being charged in the year of acquisition. The impact of charging depreciation on an annual rather than a monthly basis is not material to the accounts.

Expected useful lives are as follows:

| | Life in years |
|-----------------------------------|---------------|
| Building improvements | 4–15 |
| Furniture | 3–10 |
| IT & telecommunications equipment | 2–10 |
| Operational equipment | 3–10 |

1.3 Intangible assets

Intangible assets acquired separately are re-valued internally each year by reference to relevant pricing indices published by the government. The cost or valuation of an intangible asset is written off on a straight-line basis over its expected useful life. Items valued under £1,000 are written off in year of purchase.

Expected useful lives are as follows:

Life in years Computer Software

In the financial statements all figures are shown net of recoverable Value Added Tax.

Income is recognised on the day that a service is provided. Income invoiced less than one year in advance is shown as a liability. Income invoiced more than one year in advance is shown as a deposit invoiced more than one year in advance.

1.6 Operating leases

Leases where the lessor retains substantially all the risks and rewards of ownership are classified as operating leases. Lease receipts under operating leases are recognized as income on a straight line basis over the lease term.

1.7 Accounting estimates and judgements

The Agency makes certain estimates and assumptions regarding the future. Estimates and judgements are continually evaluated based on historical experience and other relevant factors. In the future, actual experience may differ from these estimates and assumptions.

The Agency has recognised a provision for liabilities of uncertain timing or amount arising from a legal dispute. The provision is measured at the best estimate of the expenditure required to settle the obligation at the reporting date.

1.8 Provisions

The Agency recognises a provision where there is a present obligation from a past event, a transfer of economic benefits is probable and the amount of costs of the transfer can be estimated reliably. In instances where these criteria are not met a contingent liability may be disclosed in the financial statements.

1.9 Foreign currency transactions

Amounts paid or received in foreign currency are converted to sterling at the rate ruling on the day of the transaction. Differences on exchange are immediately written off to the Statement of Comprehensive Net Income.

In accordance with Government policy, the Agency is self-insured. Payments in respect of insurable losses are charged to the Statement of Comprehensive Net Income as they occur.

1.11 Pensions

Pension costs are the monthly contributions by the Agency to the Principal Civil Service Pension Scheme, which accepts the liability for the payment of pensions

1.12 New accounting standards not yet effective

There are no new accounting standards which are effective for periods beginning after 1 April 2014 that would have a material impact on the Agency's financial statements.

1.13 New accounting standards adopted early

The Agency has not adopted any new accounting standards in advance of their effective date

Note 2

Income analysis

Whilst its principal source of income arises from conference activities, The Queen Elizabeth II Conference Centre also receives income from renting space within and on the Centre. None of the Centre's costs or net assets is identified specifically with the rental activities.

| | £000 | £000 |
|-----------------------------------|--------|-------|
| Income from conference activities | 10,933 | 9,330 |
| Other rental income | 310 | 277 |
| Income from operating activities | 11,243 | 9,607 |
| Surplus on conference activities | 1,738 | 1,794 |
| Surplus on rental activities | 310 | 277 |
| Operating surplus for the year | 2,048 | 2,071 |
| | | |

43

43

44

Note 4

Pension costs

The Principal Civil Service Pension Scheme (PCSPS) is an unfunded multi-employer defined benefit scheme and therefore the Queen Elizabeth II Conference Centre is unable to identify its share of the underlying assets and liabilities. Details can be found in the resource accounts of the Cabinet Office: Civil Superannuation (www.civilservice-pensions.gov.uk).

The contribution rates reflect benefits as they are accrued, not when costs are actually incurred, and reflect past experience of the scheme. Employers' contributions of £291,151 (2013–14 £274,620) were payable to the PCSPS at one of four rates in the range based on salary bands of 18.8 to 24.3 per cent of pensionable pay. Rates in 2015-16 are in the range of 20.0 to 24.5 per cent of pensionable pay.

Note 5

Remuneration of the Management Board

Details of the remuneration and pension benefits of members of the Management Board are given in the Remuneration Report.

Note 6

Note 15

Financial risks

Liquidity risk

The levels of capital expenditure and Exchequer payment are both managed to be met from available cash balances. The Agency is reliant on the liquidity of the Department for Communities and Local Government to meet a major insurable loss.

Credit risk

The level of credit risk is managed by a credit vetting process which is undertaken for all clients using the Centre. In general the terms and conditions of contract require payment of room hire prior to the date that the event takes place. Accordingly credit risk is considered to be low.

Interest rate risk

83 per cent of net assets, (assets less liabilities), is in the form of cash on deposit, earning interest at a rate that varies broadly in line with the Bank Rate.

Foreign currency risk

The Agency has no significant exposure to assets, liabilities, income or expenditure denominated in foreign currencies.

Note 16

Capital commitments

At 31 March 2015 the Agency had no contracts for expenditure on property, plant and equipment (2014, nil).

Note 17

Losses, special payments and gifts

Costs falling into the category of losses, special payments and gifts were below the level, currently £300,000, at which they need to be reported separately for both this financial year and the prior year.

Note 18

Contingent liabilities

There were no material contingent liabilities at 31 March 2015 (2014, none).

Note 19

Related party transactions

The Queen Elizabeth II Conference Centre is an executive agency of the Department for Communities and Local Government, which is regarded as a related party. There were several transactions with the Department during the year to the total value of £32,407 (2014, £55,099). At 31 March 2015 there was a balance of £18,960 in trade creditors outstanding with the Department (2014. nil).

There were many normal business transactions with other Government bodies, amounting to significant value in the cases of the Foreign & Commonwealth Office, Cabinet Office and the Parliamentary Estates Directorate.

No Director, key manager or other related party has undertaken any material transaction with the Agency during the year. Compensation for key management personnel is disclosed in the remuneration report.

Note 20

Memorandum Account for the year ended 31 March 2015

The Department for Communities and Local Government incurs costs as owner of the building. The following account incorporates these costs with the results of the Agency.

| | 2015 £000 | 2014 £000 |
|--|--------------|--------------|
| Surplus for the financial year after interest | | |
| per Statement of Comprehensive Net Income | 2,074 | 2,098 |
| Deduct expenditure incurred by owner of the building | (18) | (8) |
| Notional net surplus for the financial year | 2,056 | 2,090 |

The Department for Communities and Local Government did not incur any capital expenditure on the building during the financial year (2014 nil).

Note 21

Financial performance indicators

The Queen Elizabeth II Conference Centre is set performance targets annually by the Secretary of State for Communities and Local Government. The financial target and the actual outturn are given below.

| | 2015 | 2015 | 2014 | 2014 |
|---------------------------|--------|--------|--------|--------|
| | Target | Actual | Target | Actual |
| | £000 | £000 | £000 | £000 |
| Contribution to Exchequer | 1,500 | 1.500 | 1.500 | 1,500 |

Note 22

Commitments under leases

The Agency operates its business in accordance with its Trading Fund agreement. The conference building is not owned by the Agency and the Agency does not have a formal lease with the landlord, the Department for Communities and Local Government, and accordingly does not pay rent. However under the terms of a framework document published in March 2003 the minimum dividend payable by the Agency is determined by the capital charge that applies to the building and 6%of the average capital employed. However following the adoption of international accounting standards the building is treated as an investment asset by the Department for Communities and Local Government and accordingly capital charges do not apply. The calculated minimum dividend could be deemed to be a quasi rental and estimates of annual current commitments are as follows:

| | 2015 | 2014 |
|--|-------|-------|
| | £000 | £000 |
| Amounts falling due within one year | 679 | 644 |
| Amounts falling due after one year but within five years | 2,718 | 2,577 |

As there is no formal lease there is no term to the commitment and it is not possible to arrive at a definitive figure for the commitment beyond 5 years.

Note 23

Events after the reporting period

Under IAS10 the Agency is required to disclose the date on which the accounts are authorised for issue. The authorised date for issue is the date that the Comptroller and Auditor General certified the accounts. There have been no material events requiring disclosure between the end of the financial year and the authorised date of issue of these accounts.
