Thank you for your email in which you requested the following information under the Freedom of Information Act 2000 (FOIA):

Please can you provide me with the lengths - measured in trial sitting days - of each and every completed SFO prosecution which went to trial since 1st January 2020?

I would also be grateful if you could, for each of these trials, provide me with their start and end dates.

Response

Please see below table.

The figures presented below should be regarded as approximate estimates only. These trial duration calculations are based on the total number of standard working days between the commencement and conclusion dates of each trial, including public holidays. It is important to note that whilst trials typically do not convene at weekends, they may be subject to various interruptions including adjournments, non-sitting days, and other procedural delays that affect the actual duration.
