Dear Requester

I am writing in response to your request for information regarding the below. Your request has been handled under Section 1(1) of the Freedom of Information Act 2000. In accordance with Section 1(1) (a) of the Act I hereby confirm that the CNC/CNPA does not hold information of the specified type. CNC has not requested or collected biometric data from an educational establishment or supplier.

Your Request:

- 1) Has this police force ever requested or collected biometric data—such as fingerprints, photographs, or videos—from an educational establishment or an educational supplier? This pertains to educational institutions from Nursery through Year 13 and excludes institutions for students beyond Year 13.**
- 2) If the answer to question 1 is yes, please specify the types of biometric data obtained (e.g., fingerprints, photographs), the number of individuals involved, and whether this data was shared with any other entities such as Prevent.**
- 3) If the answer to question 1 is yes, have any convictions been secured based on data obtained from a school biometric database?**
- 4) If the answer to question 1 is yes, has any biometric data been added to the police database? If so, please provide the number of data subjects' biometric records added each year.**

If this Freedom of Information request exceeds Section 12 of the Freedom of Information Act, please prioritize your response to question 1, or questions 1 and 2, as these are my primary data interests. Please

provide as much data as possible from the present extending into the past, within the constraints of Section 12. I would appreciate the data in the most cost-effective and convenient format for your response.

CNC Response:

CNC has not requested or collected biometric data from an educational establishment or supplier.

Context:

The Civil Nuclear Constabulary is a specialist armed police service dedicated to the civil nuclear industry, with Operational Policing Units based at 10 civil nuclear sites in England and Scotland and over 1600 police officers and staff. The Constabulary headquarters is at Culham in Oxfordshire. The civil nuclear industry forms part of the UK's critical national infrastructure and the role of the Constabulary contributes to the overall framework of national security.

The purpose of the Constabulary is to protect licensed civil nuclear sites and to safeguard nuclear material in transit. The Constabulary works in partnership with the appropriate Home Office Police Force or Police Scotland at each site. Policing services required at each site are agreed with nuclear operators in accordance with the Nuclear Industries Security Regulations 2003 and ratified by the UK regulator, the Office for Nuclear Regulation (ONR). Armed policing services are required at most civil nuclear sites in the United Kingdom. The majority of officers in the Constabulary are Authorised Firearms Officers.

The Constabulary is recognised by the National Police Chiefs' Council (NPCC) and the Association of Chief Police Officers in Scotland (ACPOS). Through the National Coordinated Policing Protocol, the Constabulary has established memorandums of understanding with the local police forces at all 10 Operational Policing Units. Mutual support and assistance enable the Constabulary to maintain focus on its core role.

We take our responsibilities under the Freedom of Information Act seriously. If you feel your request has not been properly handled or you are otherwise dissatisfied with the outcome of your request, you have the right to request an internal review. We will investigate the matter and aim to reply within three to six weeks. You should write, in the first instance, to:
