Part C(i) – The date you or your business became occupier of the regulated slaughterhouse

Date

Part C(ii) – The date your business changed to its current name (if applicable)

Date

Part D – Voluntary registration

- Only for completion by slaughterhouses:
- with a throughput of between 1,000 and 1,999 sheep per week as a rolling annual average
 - who wish to request the regulations apply to them

If this does not apply to you, move to Part E.

Under the regulations, slaughterhouses with a throughput of between 1,000 and 1,999 sheep per week as a rolling annual average are not required to classify carcasses or register with RPA. However, those slaughterhouses can voluntarily register with RPA and request that the regulations apply to them. Those who register on a voluntary basis will remain registered for a minimum of 12 months and must meet all regulatory requirements during this time.

I am an operator of a slaughterhouse with a throughput between 1,000 and 1,999 sheep per week as a rolling annual average. I wish to voluntarily register with RPA for The Sheep Carcase (Classification & Price Reporting) (England) / (Wales) Regulations 2025 to apply to the business detailed in Part A of this form.

Part E – Signature of person completing the form

I confirm that I am authorised to sign this form on behalf of the business detailed in Part A of this form. I confirm that the information provided in this document is true and accurate.
