**Authorized Amendment**

Summary / Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.

**The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.**

Update to RA 3590(1) to broaden scope as currently reg 1 only specifies Aerodromes and HLS and therefore misses a number of critical Air Traffic Management sites that are relevant to the rationale, such as Air Defence sites, HRDF and WAM installations. ICAO Annex 14 Vol 1 includes references for fencing etc for such ground installations at para 9.10.3, and so this change aligns with higher level pre-existing international regulation.

Further minor amendments have been made to align with the most recent edition of MAA 02 and minor typographical and format errors that existed in Issue 6.
