Good Morning Nick,

A site inspection of permit EAWML50066 was conducted last Tuesday (17/09/2024) to check compliance with previous CAR and WAR form actions. The compliance reports from this inspection will be issued in due course not within the recommended 14 days.

As discussed with Gary on site, **please provide the following documents**, which we were unable to receive while conducting the inspection, by **10am on 02/10/2024**.

- The site drainage plan.
- All outgoing notes for filter cake for the week of 09/09/2024 to 13/09/2024 and all accompanying sampling, analysis and interpretation documents.
- All outgoing notes for trommel fines for the week of 09/09/2024 to 13/09/2024 and all accompanying sampling, analysis and interpretation documents.

An action on the previous WAR form (reference 50066NICKBR26062024JSMITH1250066) was the following:

**Action:** Conduct a full waste assessment for trommel fines and filter cake which follows the guidance set out in WM3 which includes a sampling plan, chemical analysis of the waste (original lab report), and interpretation of the results including a hazardous property assessment of the analysis. Send this to [jemimah.smith@environment-agency.gov.uk](mailto:jemimah.smith@environment-agency.gov.uk) by 10am on 13/09/2024.

The Environment Agency have not received these documents. If this action has been completed, **please provide the required documents by 10am on 02/10/2024**.
