CoS status

The table below shows each status which can apply to a CoS.

As seen in SMS		Meaning
WORK IN PROGRESS		The CoS is still in 'draft' form as one or more mandatory details have yet to be completed.
READY TO GO		All mandatory fields are complete and the CoS is ready to be assigned to an individual.
ASSIGNED		The CoS has been assigned to an individual in SMS and is ready to use in support of an application for leave to enter or remain.
WITHDRAWN		You have used the 'Manage live CoS' function to withdraw the CoS.
USED		The CoS has been used in support of an individual's application for leave to enter or remain.
EXPIRED		EITHER: The individual has not made an application for leave to enter or remain by the expiry date of the CoS. A new CoS is required; OR: The individual has applied by the CoS expiry date but we have not considered their application before that date. In this case, no action is required on your part; we will change the status of the CoS from EXPIRED to USED when the application is considered.
CANCELLED		The CoS has been cancelled as your licence has been revoked or has expired, or you have surrendered the relevant routes / your whole licence prior to the CoS being used.

Guide 1: How to create and assign a group of CoS

Follow the step by step instructions below to create and assign a group. This function may be useful if you wish to create a group of CoS for an event, such as a concert. A group is similar to a batch but only applies to the **Temporary Work – Creative Worker** route.

A group of CoS can be based either on a lead applicant (such as a lead singer) or as a group without a lead applicant. The key question to ask in deciding which option to choose is ‘will the event go ahead if the lead applicant does not enter the UK?’ You should identify a lead applicant on whom to base the CoS group if the answer to this question is ‘no’.

You should read the [Sponsorship policy guidance](#) before creating and assign a group.

Step	Instructions	Screen example
1	From the Workers screen, select Create and assign .	

Step	Instructions	Screen example
2	From the Create and assign CoS screen, use the Select the route drop-down menu to select Temporary Work - Creative Worker , then select Next .	<p>Create and assign CoS</p> <p>Select the relevant route and category (if applicable) in which you wish to create the CoS, then choose Next to continue. Alternatively, choose Back to return to the previous screen.</p> <p>If you are intending to assign a CoS in either the Skilled Worker or Intra-company Routes, you may have to make an additional payment known as the Immigration Skills Charge (ISC). If you are unsure whether you need to pay this charge, please refer to the ISC eligibility checker, available here.</p> <p>Please note, the checker will help you to determine whether the ISC will be incurred but it will not calculate any amount payable. For this you will need to create and save a CoS in an 'ISC liable' category and proceed to the Online payment screen, where any ISC charge will be displayed. No payment will be taken unless you complete the subsequent online payment process.</p> 
3	From the Create and assign CoS select Create new group of certificate(s) , then select Next .	<p>Create and assign CoS</p> <p>Select the relevant option, complete any additional fields and choose Next to continue. Alternatively, choose Back to return to the previous screen.</p>

From the **Amend a CoS** screen, ensure you have identified the correct CoS, then select **Save**.

If it is not the CoS you want to link to a group select **Cancel** and perform another search.

Create a CoS

Fields marked with an asterisk (*) are mandatory and must be completed to assign a CoS. Some optional fields will become mandatory when associated fields are populated, for example it is not mandatory to give details of an agent used to source a migrant unless you tick the box to say that an agent has been used.

When assigning an ISC liable CoS the fees generated will match your organisation's circumstances. For example: for a small organisation the ISC will be calculated based on the low rate. If the ISC fee is charged at the incorrect rate it is because the wrong fee was paid for your licence application, licence renewal application, or to add a route (previously referred to as "tier") to your licence; or your organisation's circumstances have changed. If the ISC is charged at the incorrect rate you must report this using the change of circumstances facility within the SMS. If a change request is accepted, this will allow over or under payment of the ISC since the reporting date to be rectified.

To save the CoS choose **Save**. If you do not want to save the changes choose **Cancel**. Ensure you save your data regularly, as your session will time out after 20 minutes of inactivity.

The initial sections are the migrant's details. Where applicable, complete the personal information as shown in their passport.

Guide 3: How to find a group, add CoS and then assign the group

Follow the step by step instructions below to find an existing group of CoS, add further CoS and then assign the group.

You should read the [Sponsorship policy guidance](#) before preparing a group.

Step	Instructions	Screen example
1	From the Workers screen, select Create and assign .	
Step	Instruction	Screen example

2

From the **Create and assign CoS** screen, use the **Select the route** drop-down menu to select **Temporary Work – Creative Worker**, then select **Next**.

Create and assign CoS

Select the relevant route and category (if applicable) in which you wish to create the CoS, then choose **Next** to continue. Alternatively, choose **Back** to return to the previous screen.

If you are intending to assign a CoS in either the Skilled Worker or Intra-company Routes, you may have to make an additional payment known as the Immigration Skills Charge (ISC). If you are unsure whether you need to pay this charge, please refer to the ISC eligibility checker, available [here](#).

Please note, the checker will help you to determine whether the ISC will be incurred but it will not calculate any amount payable. For this you will need to create and save a CoS in an 'ISC liable' category and proceed to the **Online payment** screen, where any ISC charge will be displayed. No payment will be taken unless you complete the subsequent online payment process.

6

From the **Create a CoS** screen, enter the details of the new member of the group.

When all mandatory fields have been completed, select **Save**.

Create a CoS

Fields marked with an asterisk (*) are mandatory and must be completed to assign a CoS. Some optional fields will become mandatory when associated fields are populated, for example it is not mandatory to give details of an agent used to source a migrant unless you tick the box to say that an agent has been used.

When assigning an ISC liable CoS the fees generated will match your organisation's circumstances. For example: for a small organisation the ISC will be calculated based on the low rate. If the ISC fee is charged at the incorrect rate it is because the wrong fee was paid for your licence application, licence renewal application, or to add a route (previously referred to as "tier") to your licence; or your organisation's circumstances have changed. If the ISC is charged at the incorrect rate you must report this using the change of circumstances facility within the SMS. If a change request is accepted, this will allow over or under payment of the ISC since the reporting date to be rectified.

To save the CoS choose **Save**. If you do not want to save the changes choose **Cancel**. Ensure you save your data regularly, as your session will time out after 20 minutes of inactivity.

The initial sections are the migrant's details. Where applicable, complete the personal information as shown in their passport.
