Thank you for your email in which you requested the following information under the Freedom of Information Act 2000 (FOIA):

- A. **What is the name of the [REDACTED] "delivery partner" who illegally stole my personal data under threat (malfeasance), see (1) regarding legitimate purpose? This is an urgent police matter. Please find attached a screenshot of my UC journal confirming it's a "delivery partner".**
- B. **What is the complete legal and factual justification for processing the same data for the 6th time in October 2025, given it's in breach of Data Protection law as demonstrated DE FACTO below?**
- C. **The list of juridical entities that got my personal or sensitive data due to DWP activity, and by who and why is my data still manipulated, including juridical entities where DWP leaked information or clandestinely given it to? If I independently observe 3rd party Stalking and persecution due to DWP activity, it's going to be legally worse than if DWP admits it, meaning the entities opposing me can only act illegally. There is no possible judicial, parliamentary or national security matter in this, exactly because it's illegal (criminal) activity against me. This is a matter of national and personal security, because this matter regards the rights of many more vulnerable people than simple citizens, meaning refugees as me, meaning I got both a personal and professional interest.**
