Authorized Amendment

Summary / Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.

The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.

To ensure the RPAS RAs remain aligned with changes to the Regulated Community, coherent with the rest of the MRP, removed potential confusion, are a step forward, are leaner, and apply learning. Changes made include:

- Allowing for Specific S1 UAS to operate beyond 2km (from the Remote Pilot),
- Updating references to the DE&S RPAS Delivery Team (as it has changed names),
- Amalgamating all categorization requirements into RA 1600,
- Reducing Regulatory restrictions on Swarming, Armed, and dropping of materiel activities,
- Spelling and grammatical corrections,
- Updates to referenced documents,
- Updating terminology,
- Simplifying RA 1600 Annex A,
- Cross-referencing to RA 2335,
- Re-ordering the Open category RAs into roles,
- Removal of the RPAS Suggested Minimum Standards and Possible Mitigations spreadsheet.

NB: RA 1605, RA 1606, RA 2320, and the Remotely Piloted Air Systems Manual are under review and will be published at a later date.
