Objections to the above proposal:

As a local resident and regular user of Stoke Lodge playing fields I object strongly to being scrutinised by persons unseen via the planned multiple cameras on 6 metre poles. The field itself has a very low crime rate (provided you ignore the fence and anything associated with it) and the public have been crossing the field in safety for years. Likewise children have been playing sports there safely too. Walking in the surroundings of this listed building has a wonderful calming effect, but this is going to be eroded by the visual harm of these enormous posts with multiple cameras. Views in any direction will be dominated by these cameras. It will make the area seem overlooked and feel less safe.
