Product Description	A metal kettle with black and red plastic accessories, supplied with power cord and plug attached to the base.
Country of Origin	China
Counterfeit	Unknown
Risk Level	Serious
Risk Type	Fire
Risk Description	The product presents a serious risk of fire as the plug fuse has insufficient granular filler and does not meet the dimensional requirements of BS 1363. The filler is required to ensure the safe operation of the fuse under fault conditions, and its absence could lead to the plug overheating and/or exploding under fault conditions. Insufficient distance between the edge of the plug and the plug pins can enable access to live parts, causing an electric shock. The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016 or the Plugs and Sockets (Safety) Regulations 1994.
Corrective Measures	The import has been rejected at the border and destroyed.
