

CCTV Poles - Stoke Lodge

Cotham School have made a planning application to install 8 CCTV camera poles in locations C1 to C8 (above). These slides are a visualisation of how each AW1545/8/BAS camera pole will look.

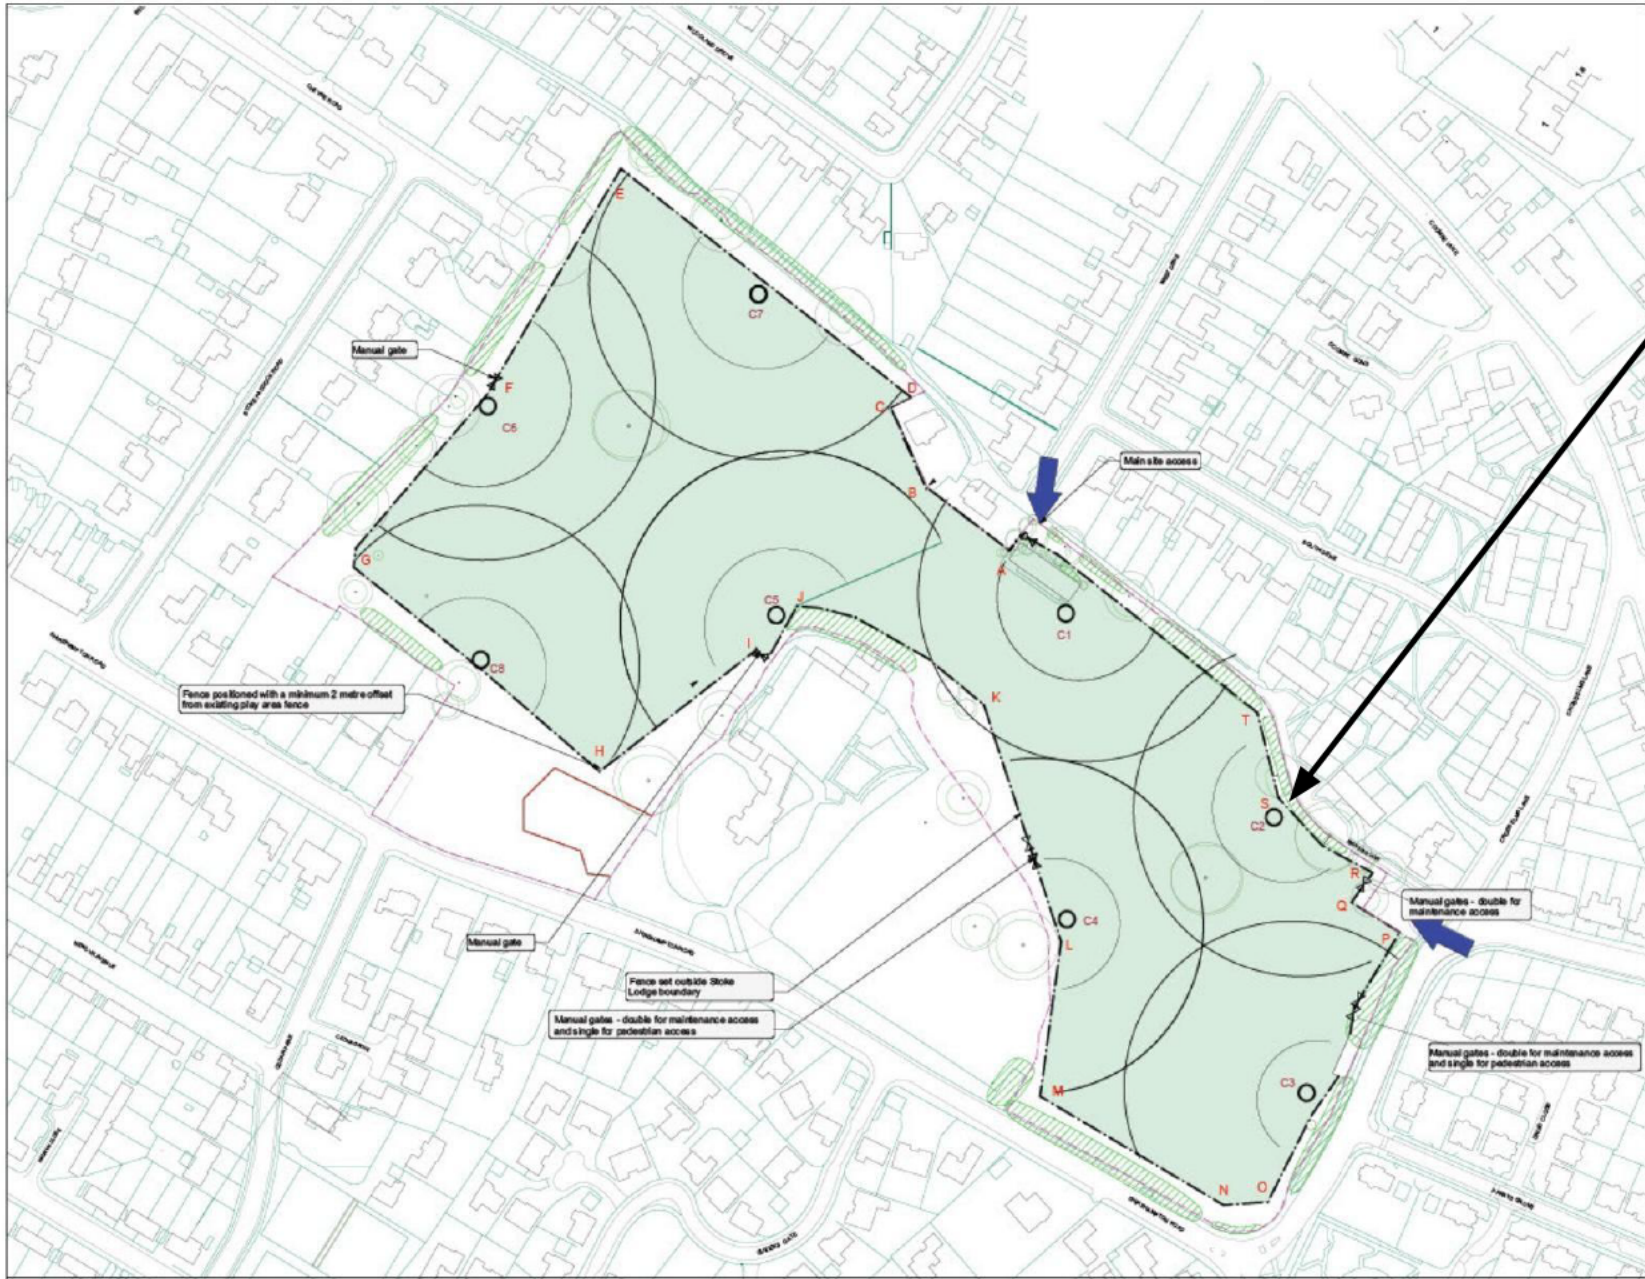

Camera C1 - Pavilion West Dene

///tones.curiosity.humans

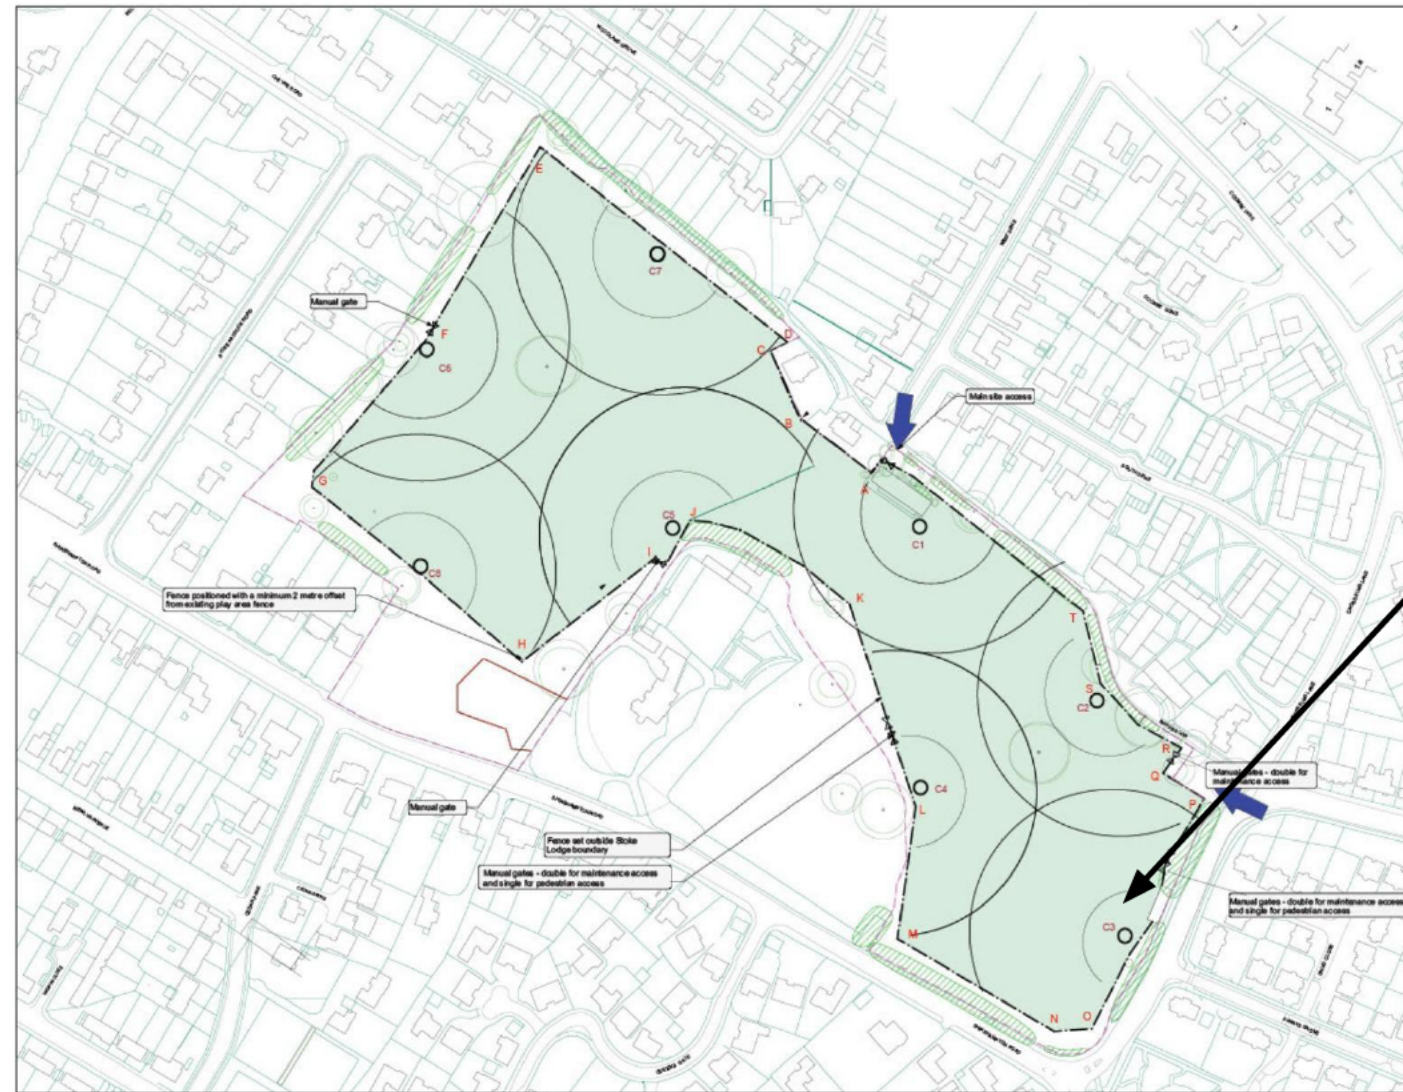

Camera 2 - Upper Ebenezer Lane

///birds.loaf.sorry

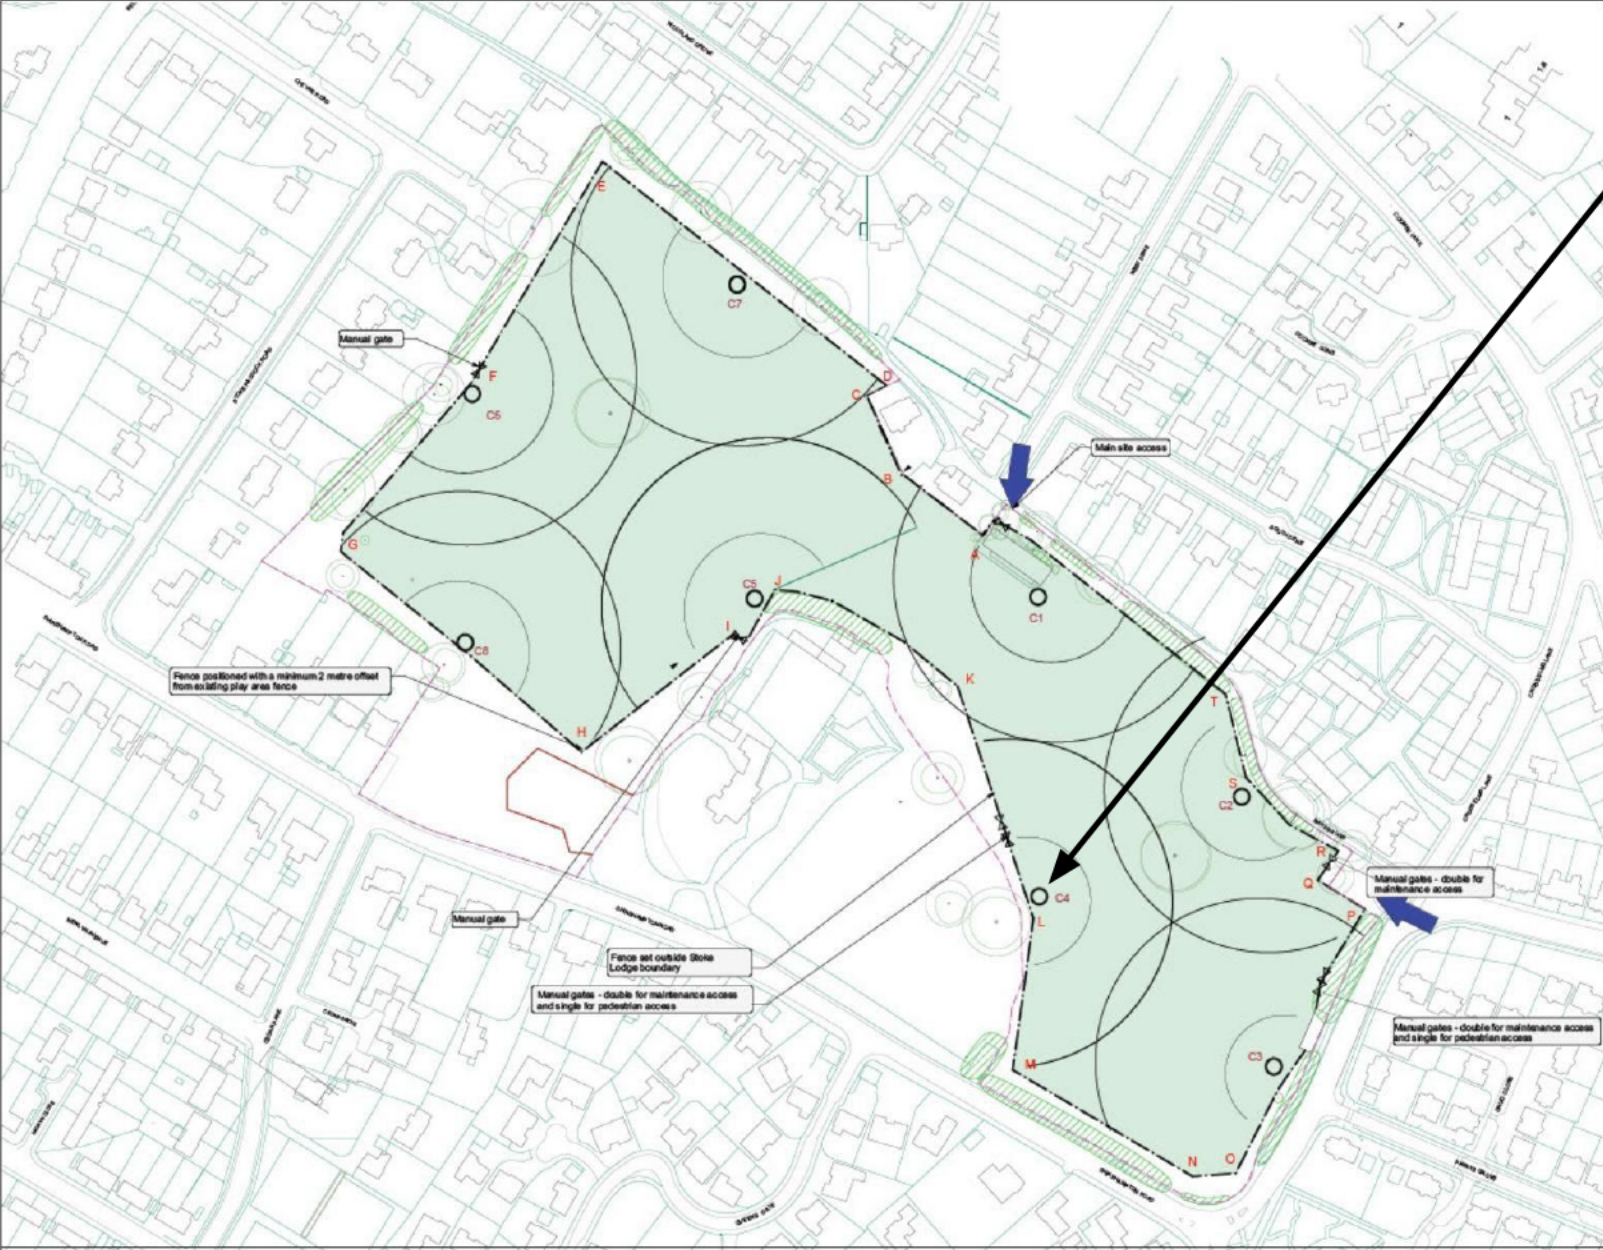

Camera 3 - Parrys Lane

```
///stick.pulled.tender
```

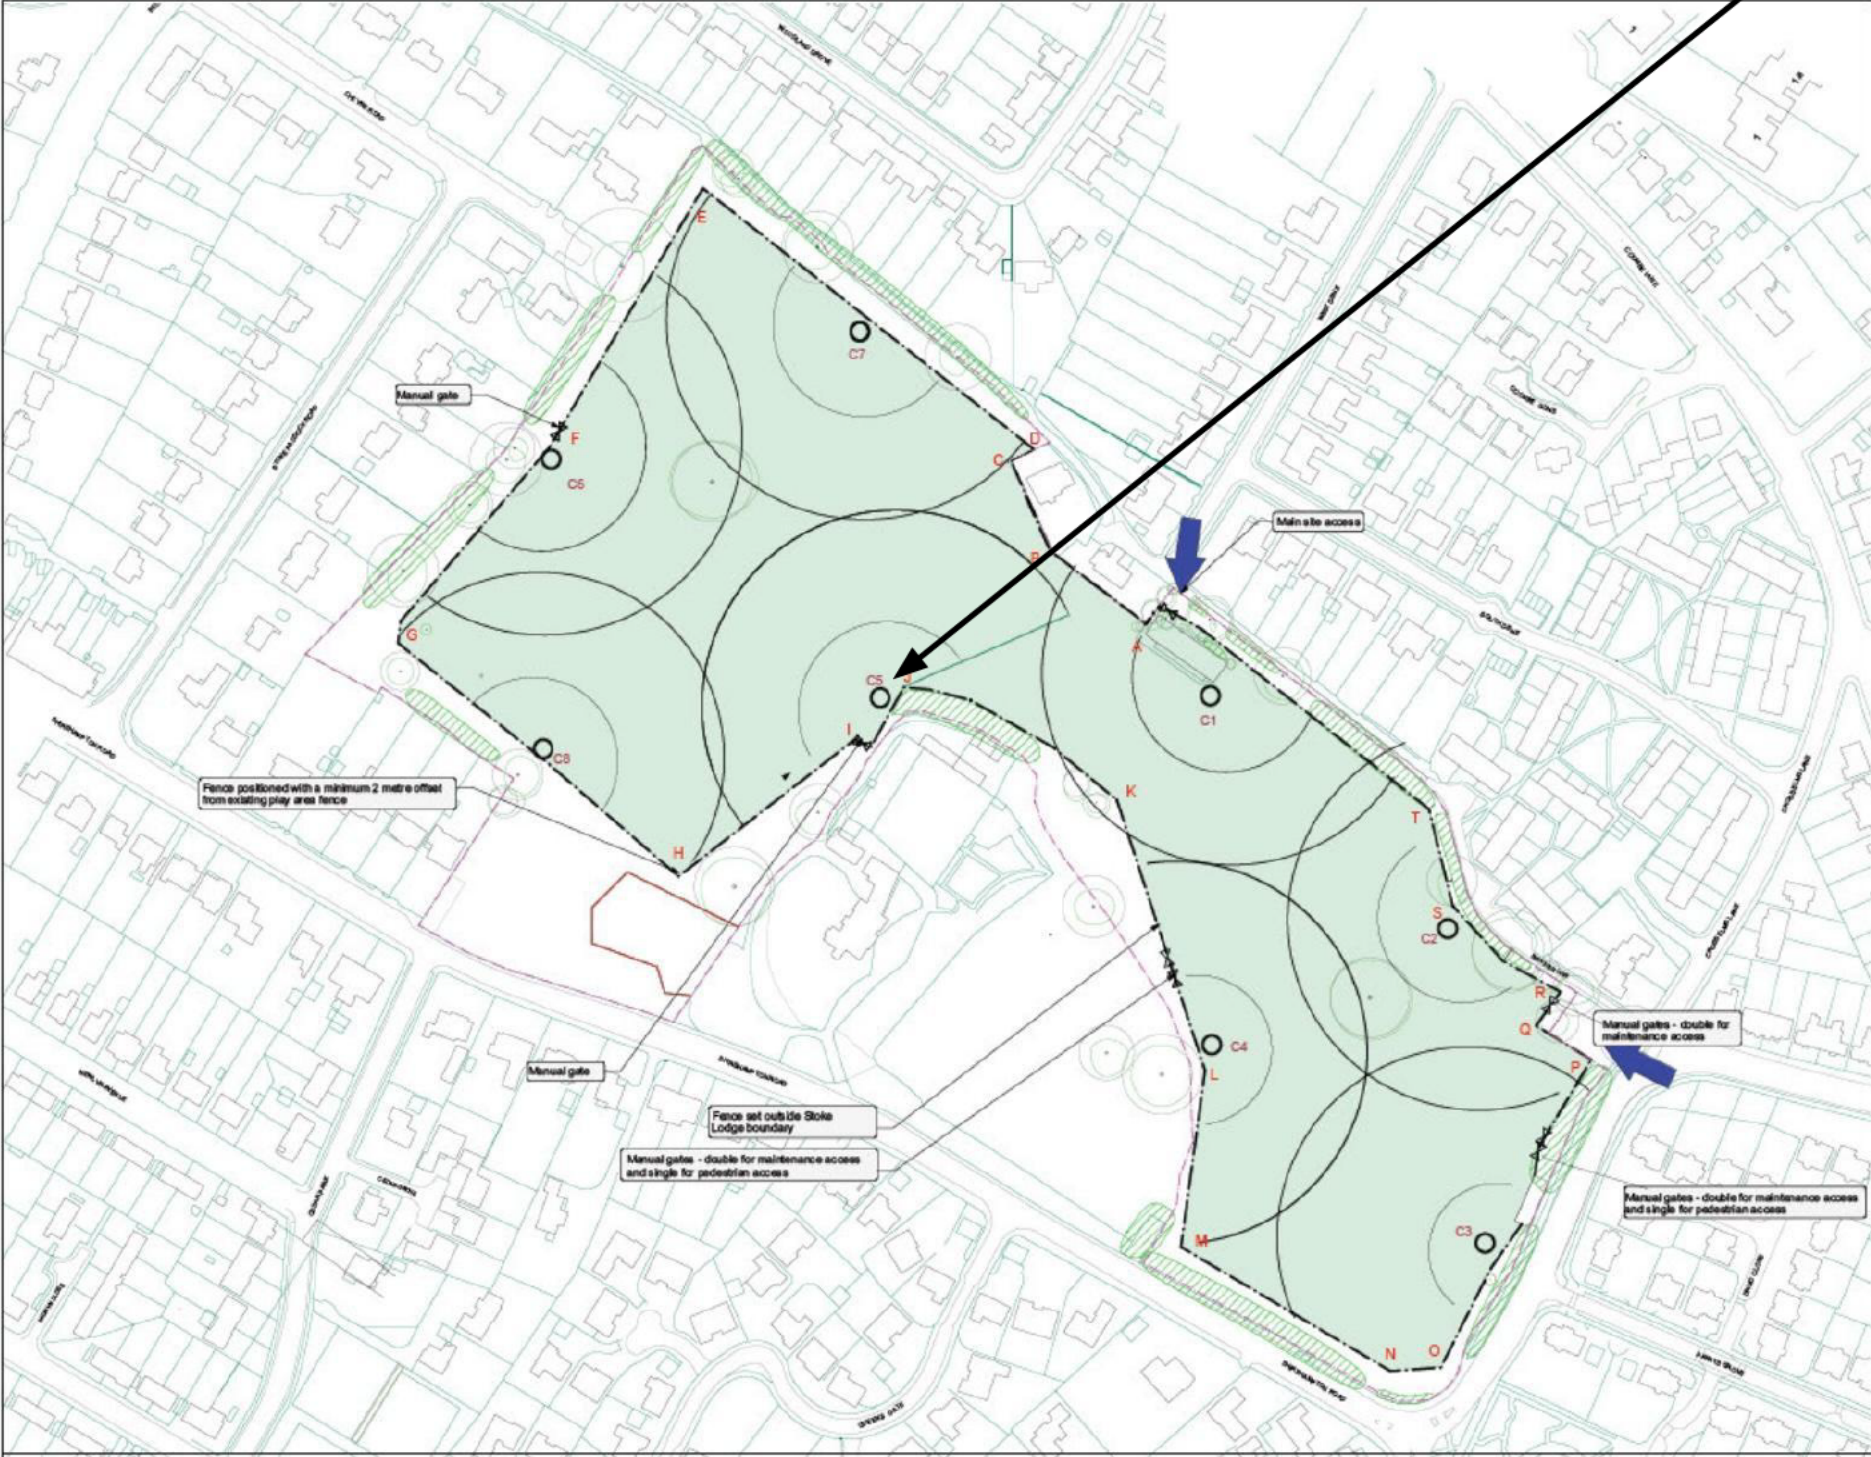

Camera 4 - Arboretum

///total.trendy.storm

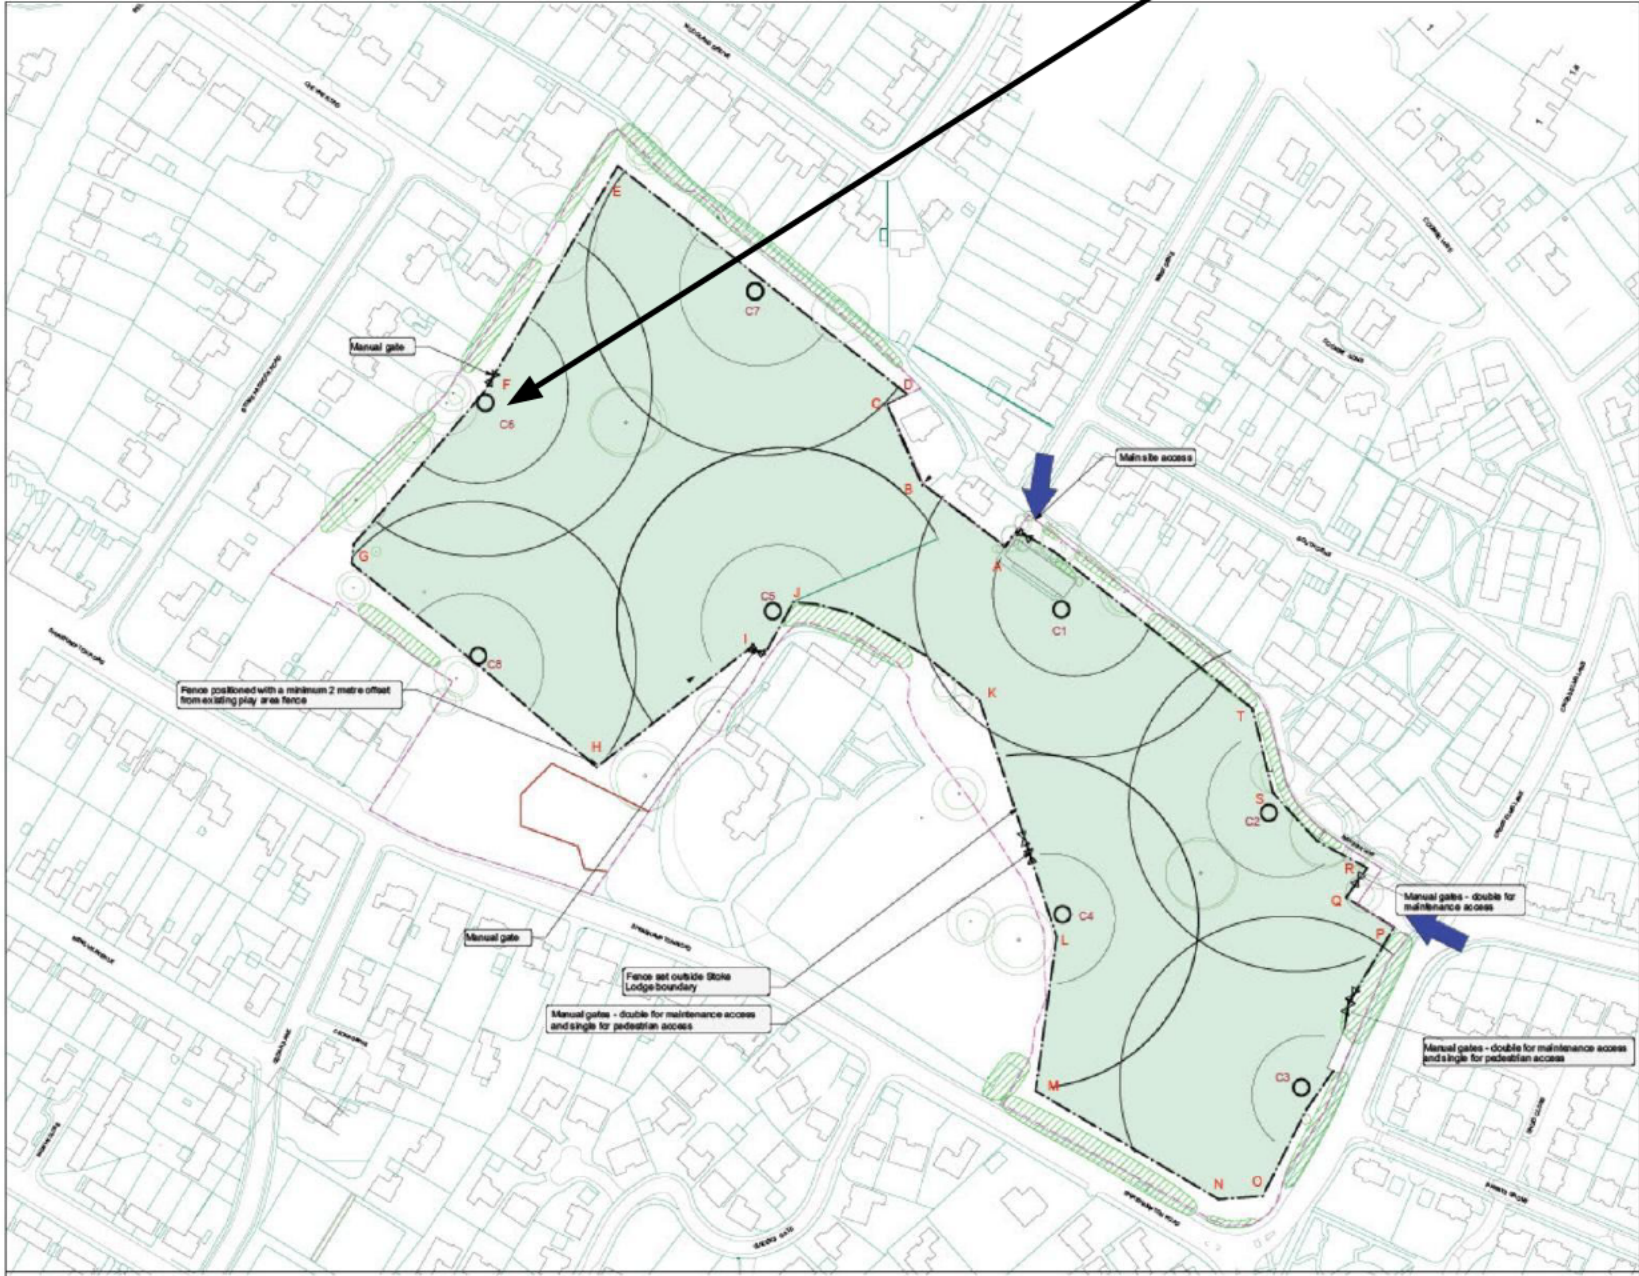

Camera 5 - ALC

///jump.nick.quest

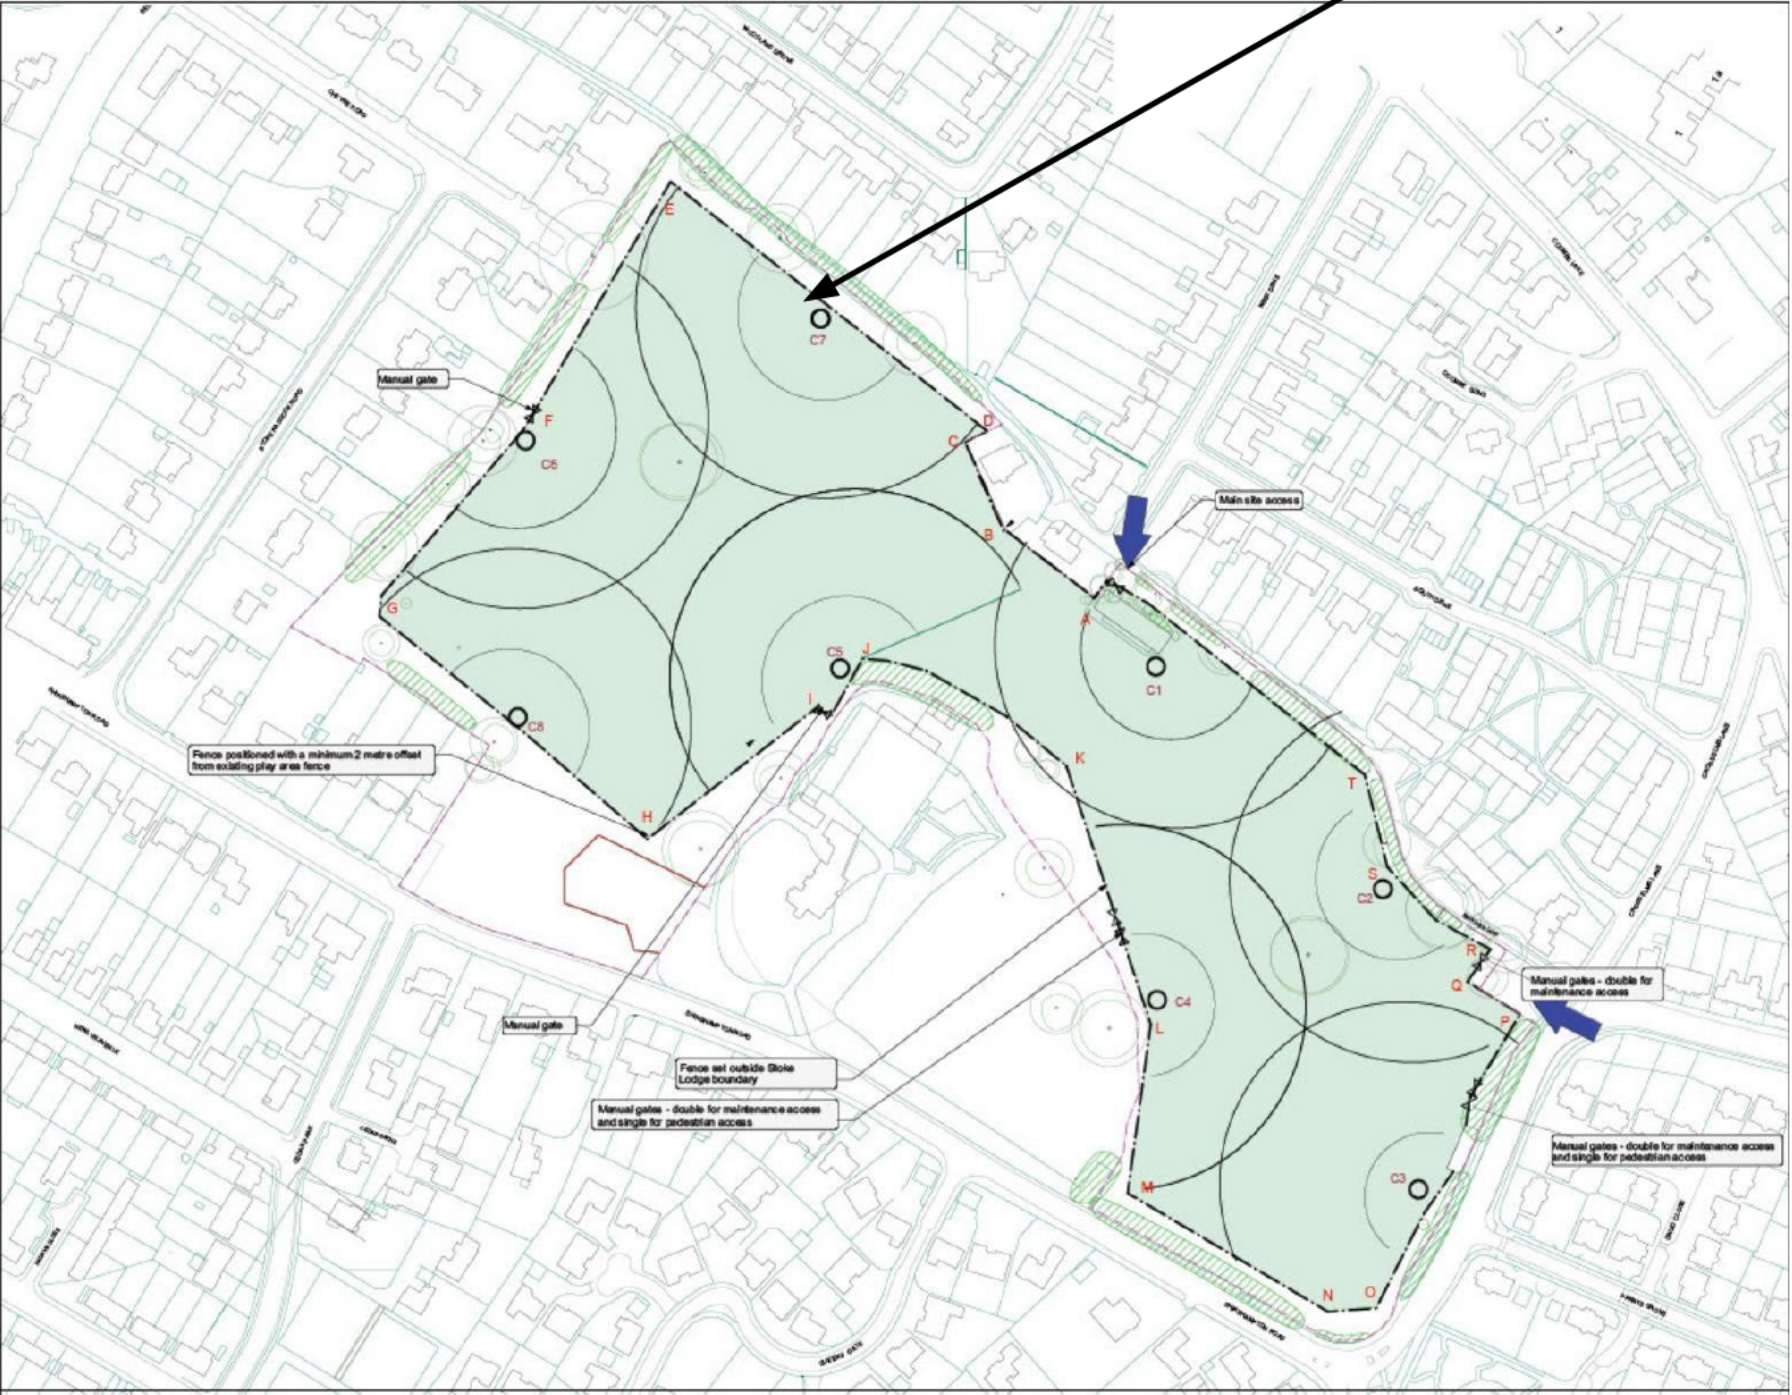

Camera 6 - Cheyne Rd

///senses.struck.park

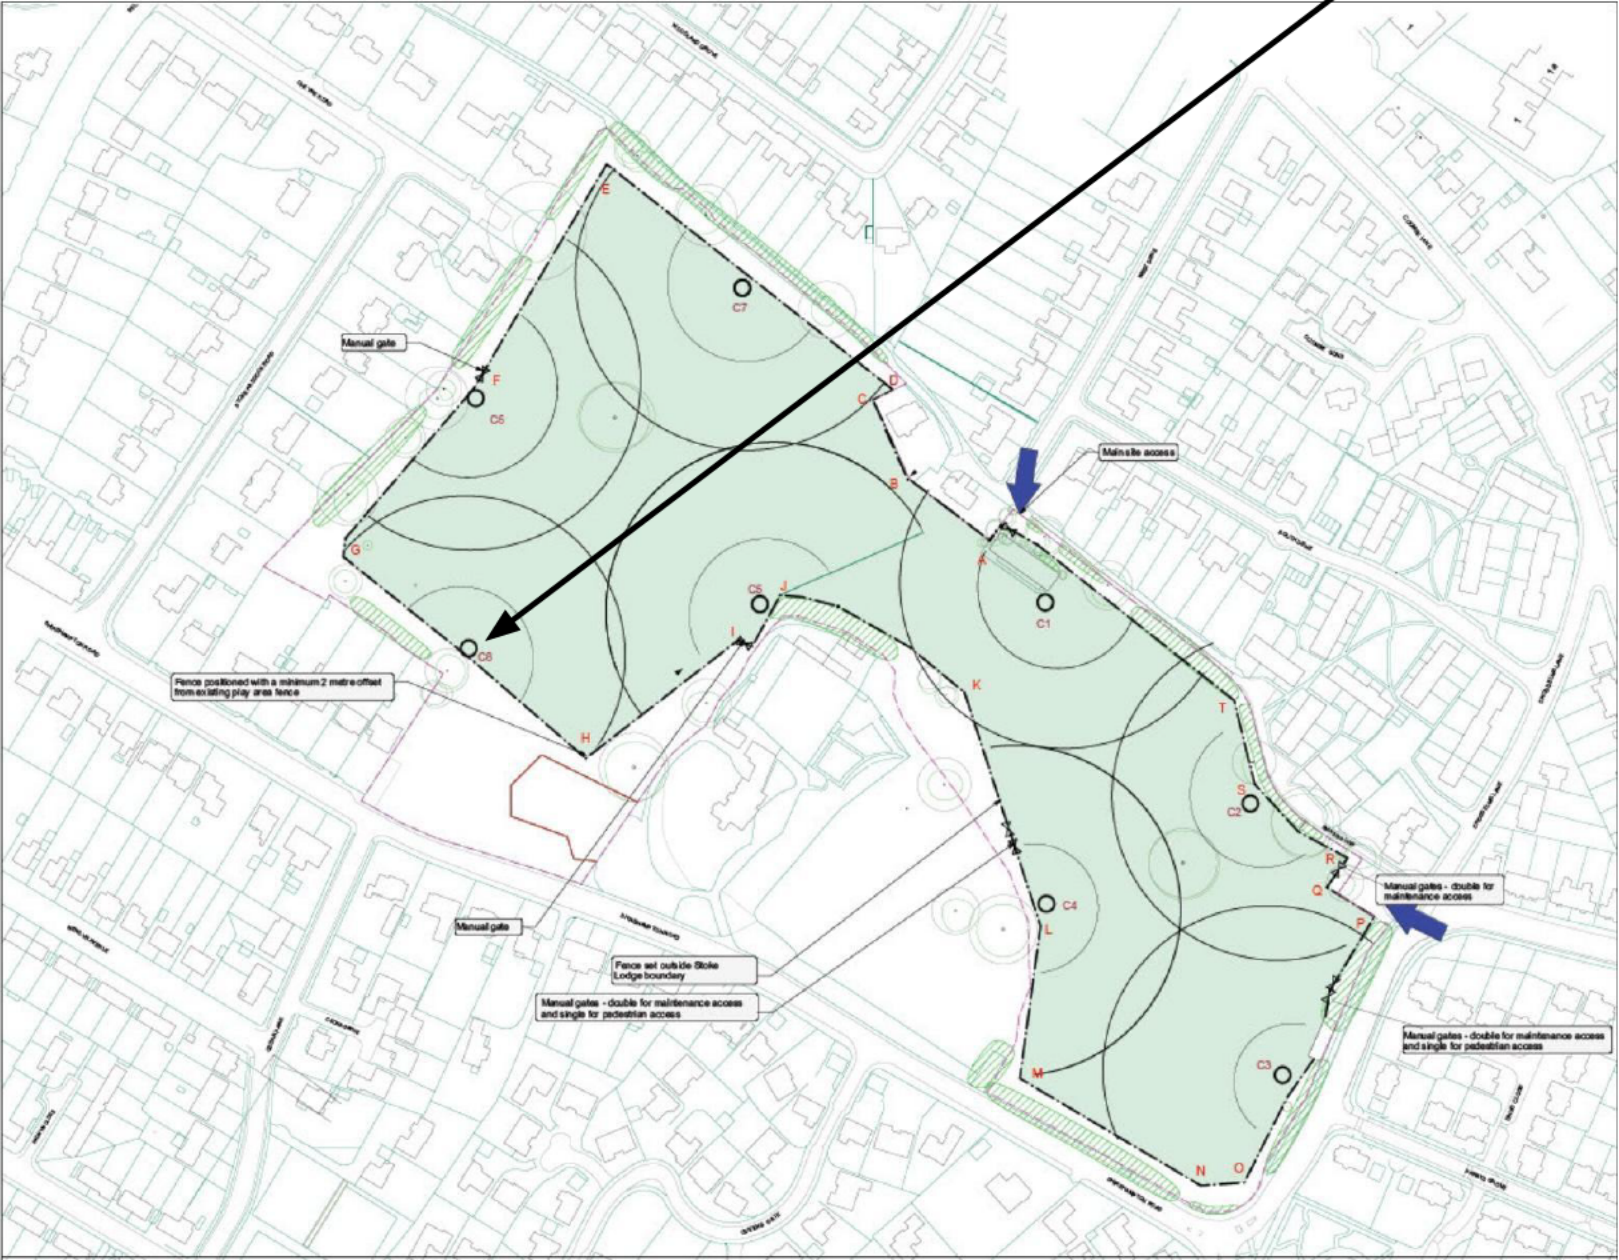

Camera 7 - Lower Ebenezer Lane

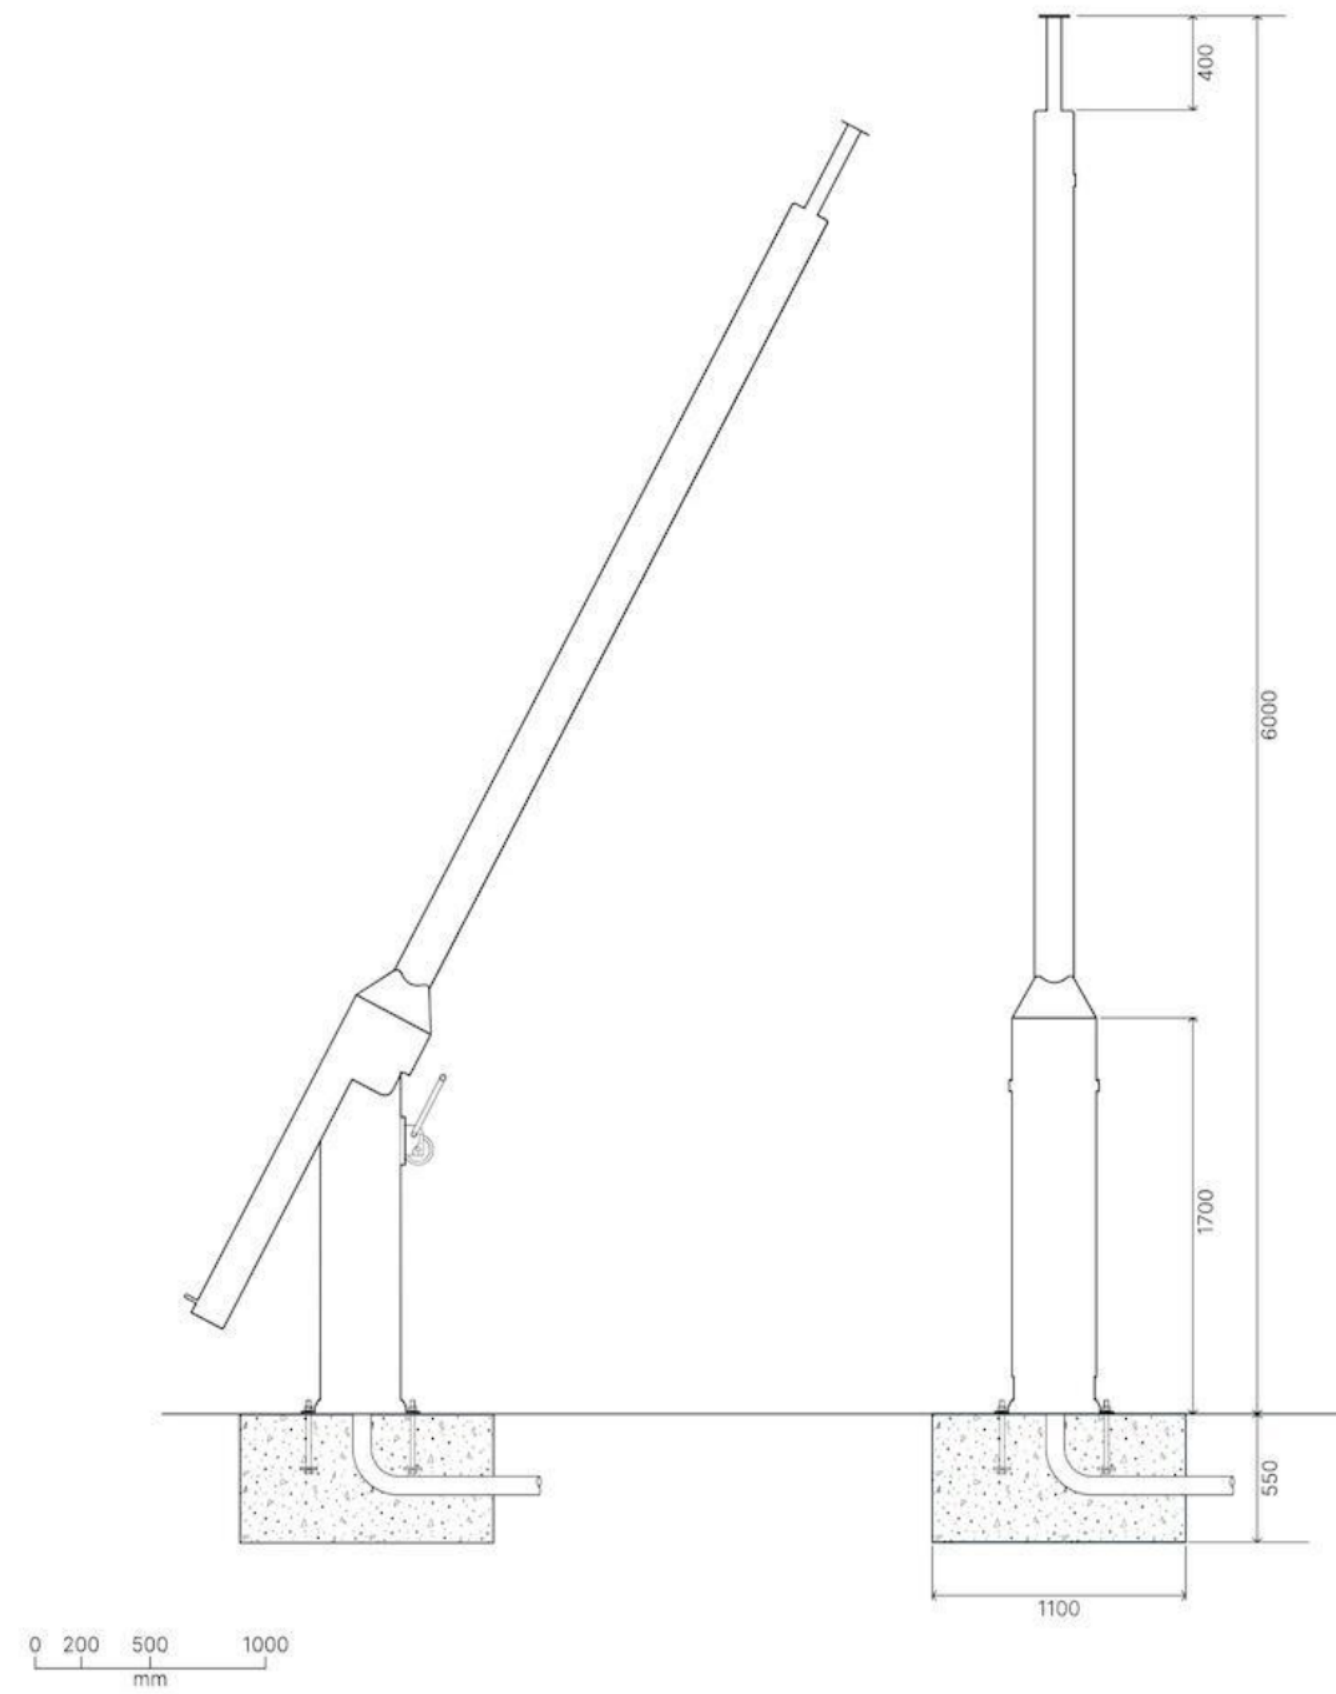

///boots.renew.lined

Camera 8 - Play Park

//jokes.radio.loveing

These visualisations were created in GIMP 3.06 based on drawings and photos of a 6 metre tall AW1545/8/BAS pole fitted with a PZT (pan zoom tilt) camera that were supplied by Cotham School themselves as part of their application. I have used the 2 metre height of the fence panels as a rough scaling reference when creating these slides. The location photos at SL were all taken by me on Wednesday 12 November 2025 - These slides are artistic impressions for illustrative purposes, and for discussion only.
