

CCTV installation at Stoke Lodge playing fields

Robin Wiles<[REDACTED]>

Section 62A Applications Non Major

I am writing to object to the CCTV installation at Stoke Lodge.

There is no need for CCTV as plenty of school playing fields operate without this level of security or scrutiny.

It is an horrendous invasion of privacy for the local neighbours, how would you like some cameras viewing your property such that they can see into your windows 24 hours a day?

The CCTV will make area seem like a prison exercise yard for the walkers that feel they would still like to use the field.

This should not be allowed to happen!
