

## **9065NFG - EXPORT of laboratory primate samples to Italy**

### **NOTES FOR GUIDANCE (NFG) FOR OFFICIAL VETERINARIANS AND EXPORTERS**

This document should not be read as a standalone document but in conjunction with 9065EHC.

#### **1. SCOPE OF THE CERTIFICATE**

This certificate may be used for the export of samples from non-human primate animals, resident at research establishments under veterinary supervision where the certification takes place in Wales, Scotland or England, i.e. Great Britain only.

#### **2. CERTIFICATION**

Although this is not an EU level harmonised EU entry certificate, the general requirements that the EU specifies for its harmonised certificates should be followed.

**EXPORTING COUNTRY:** Although the certificate has been prepopulated with UNITED KINGDOM, this certificate should and can only be issued for animals that are certified in England, Scotland and Wales (i.e. Great Britain).

#### **3. DISEASE CLEARANCE**

Paragraphs IV(b) and (c) may be certified based on investigation of the health records of the establishment and/or their personal knowledge.

#### **4. HEALTH INFORMATION**

Paragraphs II(d) may be certified on the basis of the certifying OV's familiarity with the processing, handling and storage arrangements in place at the facility. This should be supported as necessary by physical inspection and examination of relevant documentation and/or records including commercial documentation, veterinary statements and valid declarations as well as the laboratory's contingency and biosecurity protocols, as appropriate.

**Disclaimer:** This certificate is provided on the basis of information available at the time and may not necessarily comply fully with the requirements of the importing country. It is the exporter's responsibility to check the certificate against any relevant import permit or any advice provided by the competent authority in the importing country in advance of each consignment. If these do not match, the exporter should contact the APHA Centre for International Trade, in Carlisle, via the link below.
