Product Description	Green silicone dummy clip in the form of a caterpillar.
Country of Origin	China
Counterfeit	Unknown
Risk Level	Serious
Risk Type	Strangulation
Risk Description	<p>The dummy clip presents a serious risk of injury as it exceeds the maximum permitted length and does not meet the minimum required thickness for such products. If the cord becomes wrapped around a child's neck, especially when unsupervised, it could lead to strangulation or choking. The reduced diameter increases the likelihood of the cord breaking, creating additional choking hazards from small parts.</p> <p>The product does not meet the requirements of the General Product Safety Regulations 2005.</p>
Corrective Measures	<p>Consumers are advised to stop using the product immediately and keep it out of the reach of young children.</p> <p>Contact the distributor you purchased from to request redress.</p>
