I would like to register my objection to the proposed plan on the grounds of not only the effect of putting foundations for said poles (concrete, laying of cables etc.) but also the visual impact on the field and privacy issues for surrounding properties. Whilst I appreciate the safeguarding issues, the students are always supervised when on site and there are already cameras on the pavilion and equipment store. In an area of low crime I feel this proposal is not necessary and obtrusive . I STRONGLY OBJECT.
