

Enforcement Undertaking Summary

Electric Vehicles (Smart Charge Points) Regulations 2021

An Enforcement Undertaking is a commitment by a business to undertake specific actions within a specified timeframe.

The Office for Product Safety and Standards ('OPSS') has accepted an Enforcement Undertaking under paragraph 20, Schedule 2 to the Electric Vehicles (Smart Charge Points) Regulations 2021 ('the Regulations') as summarised below:

Date Enforcement Undertaking starts	30 December 2022
Date by which all actions specified in the Enforcement Undertaking must be completed	30 January 2023

Name of business:	Charged Electric Vehicles Limited
Company registration number: (if applicable)	12702971
Address: (including postcode)	Pinesgate Lower Bristol Road Bath England BA2 3DP

Model(s) or type(s) of charge point covered by the Enforcement Undertaking
1. Indra Smart Pro 7kW Type 2 Socket
2. Indra Smart Pro 7kW Type 2 Tethered Cable
3. Hypervolt
4. Easee One
Technical requirement(s) addressed in the Enforcement Undertaking

1. Regulation 12 (Security)

Enforcement Undertaking

Model or Type of charge point	Breach(es)	Action(s)	Completion Date		
Action(s) to secure that the breach(es) do not continue or recur.					
Indra Smart Pro 7kW Type 2 Socket and Tethered Cable	Schedule 1 (Security)	<p>As of 20 October 2022, all Indra Smart Pro chargers are fully compliant with the Electric Vehicles (Smart Charge Points) Regulations 2021, including Schedule 1.</p> <p>Once the inventory stated in the Enforcement Undertaking has been installed, we will be purchasing compliant stock from Indra Renewable Technologies Limited.</p>	30 January 2023		
Hypervolt		<p>Units will comply with the smart charge points Regulations from 7 January 2023. We are working with the manufacturer to source compliant stock and re-work our current stock.</p>			
Easee One		<p>Units will comply with the smart charge points Regulations from 19 January 2023. We are working with the manufacturer to source compliant stock and re-work our current stock.</p>			
Action(s) to secure the restoration of the position, in so far as possible, to what it would have been if the breach(es) had not been committed.					
No actions offered.					
Action(s) (including the payment of any sums of money) to benefit any third parties affected by the breach(es).					
No actions offered.					
How the statement of compliance will reflect the areas of compliance with the Regulations, and any areas of non-compliance, for the respective charge point:					
<p>Indra Smart Pro 7kW Type 2 Socket and Tethered Cable</p> <p>This certificate details compliance of the Indra Smart Pro charger with the Electric Vehicles (Smart Charge Points) Regulations 2021 excluding Schedule 1 when installed according to the Installation Guide (October 2022).</p> <p>Hypervolt</p>					

At time of sale the chargepoint stated (Hypervolt) meets the requirements of the Smart Charge Points Regulations 2021, except Schedule 1 Regulations, which are mostly based on the existing cyber security standards ETSI EN 303 645.

Easee One

Easee UK is subject to the Electric Vehicles (Smart Charge Points) Regulations 2021 ("the Regulations") and provides this document in meeting the requirements of Regulation 13. Regulation requires Easee UK Ltd. ("the seller") to provide a statement of compliance with the sale of any relevant charge point. The Easee One is a relevant charge point. At time of sale the chargepoint does not meet the Schedule 1 security requirements.
