

## Enforcement Undertaking Summary

### Electric Vehicles (Smart Charge Points) Regulations 2021

An Enforcement Undertaking is a commitment by a business to undertake specific actions within a specified timeframe.

The Office for Product Safety and Standards ('OPSS') has accepted an Enforcement Undertaking under paragraph 20, Schedule 2 to the Electric Vehicles (Smart Charge Points) Regulations 2021 ('the Regulations') as summarised below:

Date Enforcement Undertaking starts	30 December 2022
Date by which all actions specified in the Enforcement Undertaking must be completed	31 December 2023

<b>Name of business:</b>	Wallbox UK Limited
<b>Company registration number:</b> (if applicable)	GB309208713
<b>Address:</b> (including postcode)	378-380 Deansgate Castlefield Manchester M3 4LY

<b>Model(s) or type(s) of charge point covered by the Enforcement Undertaking</b>
1. Pulsar Max
<b>Technical requirement(s) addressed in the Enforcement Undertaking</b>
1. Regulation 12 (Security) - Part

# Enforcement Undertaking

Model or Type of charge point	Breach(es)	Action(s)	Completion Date
<b>Action(s) to secure that the breach(es) do not continue or recur.</b>			
Pulsar Max	Regulation 12 (Security) - Part	100% Pulsar Max manufactured for the UK after December 30 <sup>th</sup> 2022 will include all the requirements established by this part of the Regulation.  100% Pulsar Max sold in the UK after December 31 <sup>st</sup> 2023 will include all the requirements established by this part of the Regulation.	31 December 2023
<b>Action(s) to secure the restoration of the position, in so far as possible, to what it would have been if the breach(es) had not been committed.</b>			
No actions offered			
<b>Action(s) (including the payment of any sums of money) to benefit any third parties affected by the breach(es).</b>			
No actions offered			
<b>How the statement of compliance will reflect the areas of compliance with the Regulations, and any areas of non-compliance, for the respective charge point:</b>			
The Statement of Compliance will refer to the different variations of Pulsar Max available, with the serial number a way to differentiate between each version, and the buyer can see which serial number they have on their invoice, and which revision they have on the box and on the charge point itself.			

The following installers/distributors have Enforcement Undertakings in place for charge points within scope of the actions outlined above.
