

## Enforcement Undertaking Summary

### Electric Vehicles (Smart Charge Points) Regulations 2021

An Enforcement Undertaking is a commitment by a business to undertake specific actions within a specified timeframe.

The Office for Product Safety and Standards ('OPSS') has accepted an Enforcement Undertaking under paragraph 20, Schedule 2 to the Electric Vehicles (Smart Charge Points) Regulations 2021 ('the Regulations') as summarised below:

Date Enforcement Undertaking starts	03 August 2022
Date by which all actions specified in the Enforcement Undertaking must be completed	31 May 2024

<b>Name of business:</b>	Powerhubb
<b>Company registration number:</b> (if applicable)	13143983
<b>Address:</b> (including postcode)	19 Parkwat Court Nottingham NG8 5GN

<b>Model(s) or type(s) of charge point covered by the Enforcement Undertaking</b>
1. Powerhubb Smart 7
<b>Technical requirement(s) addressed in the Enforcement Undertaking</b>
1. Regulation 10 (Off-Peak charging) 2. Regulation 11 (Randomised delay)

# Enforcement Undertaking

Model or Type of charge point	Breach(es)	Action(s)	Completion Date
<b>Action(s) to secure that the breach(es) do not continue or recur.</b>			
Powerhubb Smart 7	Regulation 10,11 and DSR	Withdrawn the sale of existing chargers. Incorporating these features into the new charger model currently in process to ensure that we meet all the new compliance regulations.	31 May 2024
<b>Action(s) to secure the restoration of the position, in so far as possible, to what it would have been if the breach(es) had not been committed.</b>			
Had the breaches not been committed, we could have sold all existing units and had the production of our new charger closer to completion. In order to restore our position in the current industry, we need to ensure our new charger is completed quickly and in accordance with the new regulations to restore our customer's, installers and employee's faith back into us and our company.			
<b>Action(s) (including the payment of any sums of money) to benefit any third parties affected by the breach(es).</b>			
We have offered a full refund to some of suppliers who were holding our stock with a promise of future discount when we are trading again.			
<b>How the statement of compliance will reflect the areas of compliance with the Regulations, and any areas of non-compliance, for the respective charge point:</b>			
The statement of compliance will outline all breaches and how we endeavour to meet these requirements going forward. We will use this to update all parties concerned on how we are doing with the Electric Vehicles (Smart Charge Points) Regulations 2021 that come into force on the 30th June 2022. We want to give ensure end users and installers alike that we are working extremely hard on the minute details to ensure that our products are fully compliant. We will endeavour to support installers accordingly ensuring that all end users understand our compliance going forward. We will provide a compliance statement with every charge point sold and it will be readily available on all of our social media platforms as soon as it is ready.
