Dear PINS Team,

Please find our further representations - an analysis of the differences of the two versions of the Bristol City Council Conservation Section's representations published in this matter. Please publish these and place them before the planning inspector for their consideration.

We also refer to our original representations and add that, in view of the evidence of the archaeological importance of the bank and ditch feature along Ebenezer Lane, consideration should be given to requiring an archaeological and magnetic survey of the feature.

Regards

Mark CD Ashdown
