

EMPLOYMENT TRIBUNALS

Claimant

Respondent

Miss A Roberts

v

West London NHS Trust

JUDGMENT

The claimant's application dated 12 November 2025 for reconsideration of the judgment sent to the parties on 6 November 2025 is refused. The claimant's slightly reworded application written on her behalf by her representative Mr Neckles and submitted on 11 November 2025 is also refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked. The reconsideration applications seek to reargue a case that has already been thoroughly litigated. Moreover, in places, the applications misrepresent what the judgment actually says.
