Dear Local Authority

Re: S31 Grant Determination Letter for the Family Hubs and Start for Life programme Capital (2024-25)

This Determination is made between:

- (1) **The Secretary of State for Education** and
- (2) **The local authorities listed in Annex A**

We are issuing this capital Grant under section 31 of the Local Government Act 2003. The Senior Responsible Officer for this grant, Susie Owen, will require your responsible officer to confirm at the end of the financial year that the funding has been properly expended.

Background to the grant

In October 2021 the government announced **£301.75 million for 75 upper-tier local authorities in England** to deliver Start for Life and family services over 3 financial years (FY), 2022-23 to 2024-25. This is a joint programme overseen by the Department for Education (DfE) and the Department of Health and Social Care (DHSC). DfE will be administering the grant funding on behalf of both departments. This funding package includes **£81.75 million** to create a network of family hubs, improving access to a wide range of integrated support services for families with children aged 0–19. The majority of the funding to create family hubs is designated as revenue, but there is a proportion of funding available for capital to facilitate minor adaptations. The total capital funding pot available to facilitate family hub transformation is **£15 million**, over 3 years, FY 2022-23 to FY 2024-25.

For FY 2024-25, we expect funds to be made available to local authorities in the form of a non-ringfenced grant paid in two instalments. Pursuant to paragraph 5(e) of the Memorandum of Understanding for the Programme made between the Secretary of State and each of the 75 local authorities participating in the Programme (the “MoU”), funding for FY 2024-25 is contingent on a review of Programme delivery and the recipient local authority’s expenditure statements for the previous financial year.

Purpose of the grant

The programme will join up and enhance services delivered through family hubs in 75 local authorities, ensuring families in those areas can access the support they need, building the capacity of parents and carers to improve outcomes for babies and children.

The capital grant funding made available to support family hubs transformation will help achieve these aims. The capital funding could be used for the following purposes: adapting existing buildings, improving accessibility and enabling multi-agency working. This could include, for example: IT upgrades; signage; improving building space; new furniture to ensure suitability for older children; and new equipment such as sinks or specialist flooring for clinical use by midwives or health visitors.

Full details of the Programme aims and objectives and the expectations that local authorities are expected to deliver with this funding are set out in the Family Hubs and Start for Life Programme Guide:

Please ensure that this letter is copied to your Chief Finance Officer for information. You should also note that this letter has also been copied to His Majesty’s Treasury and the Department for Levelling Up, Housing and Communities.

Yours sincerely,

Marc Rooney (Deputy Director), Family Hubs and Early Years Interventions, DfE
