ASK TELEPHONIST

S1 Good morning / afternoon. My name is and I'm calling on behalf of the UK government's Department for Energy Security and Net Zero (DESNZ). I'm looking to speak to [if quoted on a stock exchange: the person responsible for energy management or carbon emissions] [if not: the person responsible for energy management] for your organisation?

ADD IF NECESSARY:

- Suggested job titles to ask for could be:
 - Head of Sustainability
 - Facilities Manager
 - Energy Manager / Energy & Carbon Manager
 - Head of Corporate Responsibility
 - Operations Director
- This call is part of a Government project relating to how organisations manage energy and data, it's important I speak to the most appropriate person on this today, please
- I am calling on behalf of the Department for Energy Security and Net Zero (DESNZ) from IFF Research

ASK ALL

S2: Good morning/afternoon, my name is <NAME>. I'm calling on behalf of the Department for Energy Security and Net Zero (DESNZ) from IFF Research. We're speaking with key organisations like yours as part of a government-backed project.

READ OUT TO ALL: The aim is to better understand how businesses manage and report on energy use and carbon emissions, and whether future regulations could be shaped to work for businesses.

Your insights could directly help improve policies if we could run through some questions together on this now, please?

ADD IF NECESSARY:

- The call today will take around 20 minutes, depending on answers
- To reassure you, the survey doesn't ask for any sensitive or commercially confidential information
- We're not selling anything. This is purely for government research on behalf of DESNZ, and your input helps them make policy decisions
- The Department for Energy Security and Net Zero is a department of the UK Government and is responsible for energy and net zero policy in the UK.

Appendix A: Reassurance Email

SUBJECT LINE: DESNZ Research: Streamlined Energy and Climate Reporting

Unique reference: <id>

Dear Sir / Madam,

We are writing to ask for your help with an important piece of research being conducted for the Department for Energy Security and Net Zero (DESNZ) to evaluate organisation experiences with UK Streamlined Energy and Carbon Reporting (SECR) requirements.

The aim of this research is to improve DESNZ's understanding of if and how SECR is influencing the behaviour of organisations like yours. By participating in this research, you will provide valuable insight into these topics and help inform the future of SECR and similar reporting frameworks.

As part of this evaluation, IFF Research have been appointed by DESNZ to conduct a telephone survey of organisations like yours between April 2025 and June 2025. The survey will take around 20 minutes to complete, and as a thank you for taking part we will offer a £40 charity donation to one of our approved partners on your behalf.

We wish to survey a person within your organisation who is involved in decisions around energy procurement, usage, and reporting. If you do not consider yourself to be best placed to discuss these topics on behalf of your organisation, we would be grateful if you could pass this email on to the most appropriate individual. Please note this would have to be someone within the organisation.

Alternatively, you can let IFF Research know who the most appropriate individual is by email at secr_evaluation@iffresearch.com or by telephone on 0800 652 0438. Additionally, if you would like to schedule a time that is more convenient for you to conduct the interview you go do so by contacting the same email address or phone number.

Please be assured that any information you provide for this study will be used for research purposes only. If you choose to take part in this research, all your answers will be kept completely confidential and DESNZ will not be able to identify those that have taken part, or their individual answers. Under data protection law you will have the right to a copy of your data, change your data, or withdraw from the research at any point. For more information, please see the IFF Research website, at <http://www.iffresearch.com/gdpr/>. Click [here](https://portal.iffresearch.com/SPSSMR/ImageCache/ImageCache.aspx?Project=docz&File=12672/PrivacyNotice.htm) [<https://portal.iffresearch.com/SPSSMR/ImageCache/ImageCache.aspx?Project=docz&File=12672/PrivacyNotice.htm>] to view the privacy notice for this research.

If you are unable to take part, or you do not want to, you can simply let IFF Research know by email at secr_evaluation@iffresearch.com by telephone on 0800 652 0438, quoting the reference number at the top of this email. You can also use these contact methods should you have any questions about the research. If you would like to verify the authenticity of this research, you can contact Oliver Rosenshaw at DESNZ at oliver.rosenshaw@energysecurity.gov.uk.

Thank you in advance for your help.

Yours sincerely,

Joe Hudson
Director, IFF Research
