

## RA 2335 Form 2: Foreign Military Participant Application Form

### Foreign Military Display Flying, Role Demonstrations and Flypasts in the UK

The Military Aviation Authority (MAA) is required to provide the Secretary of State for Defence with independent Assurance that Flying Display activity over MOD-Occupied Property and / or involving military Aircraft is conducted safely and in accordance with the relevant regulatory publications. The MAA is responsible for the approval of all foreign military registered Aircraft prior to the conduct of Flypasts (Mil), Role Demonstrations or Display Flying in the UK. The MAA approves Flying Display Participant(s) based on their competence and compliance with UK Regulations and standards; MAA Approval does not relinquish the Flying Display Director (FDD) from deciding whether an Aircraft or Participant is suitable to display at their particular event. **Further guidance is provided in RA 2335 - Flying Displays, Display Flying, Display Parachuting, Role Demonstrations and Flypasts.**

RA 2335 Form 2: In accordance with RA 2335 paragraph 49.d, a signed foreign military Participant Application Form **should** be submitted to the MAA by the FDD for approval if they plan to employ foreign military registered Aircraft to conduct Flypasts, Role Demonstrations or Display Flying at their event. The question set below is designed to assist the FDD and the MAA assess the level of competence and compliance of each of the Participants. Any additional information pertinent to the application can also be submitted by the applicant or FDD using the Continuation Sheet on the final page of the application form.

#### Instructions:

#### Flypasts:

For a Flypast at a Flying Display the FDD **should** submit a Form 2 to the MAA, having completed Section 1A and Section 2, at least **14 days** prior to the event. In accordance with RA 2335 Para 49.b, the FDD **should** include details of the Flypast profile on the continuation sheet. For a Flypast not at a flying display a Suitably Qualified and Experienced Person **should** submit the Form 2.

#### Role Demonstrations / Display Flying:

The FDD **should** complete Section 1A then pass to the foreign military Participant.

The foreign military Participant **should** complete Section 1B then return the Form 2 to the FDD.

Before completing Section 2, the FDD **should** review the submission, the Display profile, the Participant's minima, and any other pertinent information to satisfy themselves that the planned Display profile is regulatory compliant. When the FDD is satisfied that the Display is regulatory compliant, they **should** complete Section 2 and send to the MAA **at least 42 days** prior to the event. Where a display is non-compliant but compliance can be achieved without changing the display profile the FDD **should** note the non-compliance and outline their actions to achieve compliance in the notes section of this Form. For example weather limits below those allowed by RA 2335. The submission **should** also include:

- A copy of the National Public Display Authority (PDA) or Display Authorization (DA) for each Participant.
- A Display Sequence ribbon diagram (including a detailed description of each display manoeuvre and associated minima).
- When appropriate, or requested by the MAA, a 1:50,000 Ordnance Survey map of the display footprint over the display site to enhance MAA understanding of regulatory compliance.
- Any other pertinent information deemed relevant to the application (use Continuation Sheet if required).

All applications **should** be submitted to: [DSA-MAA-Display-Forms@mod.gov.uk](mailto:DSA-MAA-Display-Forms@mod.gov.uk)
