A **statutory objector** may inspect a goods vehicle operator's licence or application under Regulation 9 of the Goods Vehicles (Licensing of Operators) Regulations 1995 by setting out their authority and requesting arrangements are made for inspecting the record by emailing – [Environmental@otc.gov.uk](mailto:Environmental@otc.gov.uk)

**Objections against published applications** may be made in writing by a Chief Officer of Police, a local authority, a planning authority or a prescribed trade union or association within 21 days of the date on which notice of an application is published in Applications and Decisions. Objections must be made either on the grounds that any of the requirements listed in Section 13 of the Goods Vehicles (Licensing of Operators) Act 1995 are not met and/or that a nominated operating centre will be unsuitable for use as such. A copy of the objection must be sent by the objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on which an objection is lodged lies with the objector.

**Classification of Operator Licences** – There are three classes of licence:

- A **Restricted (R)** licence authorises the use of a goods vehicle on public roads in Great Britain for the carriage of the licence holder's own goods in the course of his trade or business. The licence holder cannot carry goods for other people for hire or reward;
- A **Standard National (SN)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward, on public roads in Great Britain. He can also carry his own goods on journeys abroad;
- A **Standard International (SI)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward. These activities can be undertaken both in Great Britain and on international journeys.

## **Section 3 – Schedule 4 Applications**

**Schedule 4** to the Goods Vehicles (Licensing of Operators) Act 1995 allows, in certain situations, the transfer of operating centres from one existing licence to either another existing licence or as part of a new licence application. A range of qualifying criteria has to be met, with approval at the Traffic Commissioner’s discretion. An important consideration in the process is any environmental history relating to the subject operating centre or any potentially adverse environmental impact resulting from the transfer. Legislation prevents any statutory objection against the Schedule 4 element of an application.

**New Applications (Section 3.1):** where the Traffic Commissioner has given a direction that the provisions of paragraph 2 of Schedule 4 shall apply, objections may only be lodged against the published application under Section 12(1)(a) of the 1995 Act, disregarding the suitability of the operating centre for use as such by the applicant as set out in Section 13(5)(d) of the Act.

**Variation Applications (Section 3.2):** where the Traffic Commissioner has given a direction that the provisions of paragraph 4 of Schedule 4 shall apply, objections may again only be lodged against the published application under Section 12(1)(a) of the 1995 Act unless that transfer can be accommodated without any overall increase in the existing overall vehicle/trailer authorisation on the receiving licence, in which case there is no statutory requirement to publish details of that application. However, **Section 3.3** does detail any such applications in order that interested parties are made aware of changes to authorised operators at listed operating centres

## **Section 5 – Public Inquiries**

**Please contact [scotlandhc@otc.gov.uk](mailto:scotlandhc@otc.gov.uk) for further information.**

There is no obligation on the traffic commissioner to provide a transcript of proceedings. Any decision to release will refer to the reasons for the request and there may be restrictions placed on its use. That request should be made via the relevant Office of The Traffic Commissioner and the applicant must understand that they will be liable for the cost of producing the transcript. This will vary according to demand and size of content.

Appeals against any decision published in this section must be lodged with the Upper Tribunal – Administrative Appeal Chamber (Transport), 5th Floor, Rolls Building, 7 Rolls Buildings, Fetter Lane, London, EC4A 1NL not later than one month after the date of the letter conveying the Traffic Commissioner’s (or Deputy Traffic Commissioner’s) decision. **The operator's licence is curtailed by 1 vehicle for a period 2 months from 23:45 hours on 30/01/2026. Additionally, Mr Gray has lost his repute as a Transport Manager the Traffic Commissioner made this finding under section 27(1)(b). "As per paragraph 108 of Statutory Document No. 10, the minimum period of disqualification for a transport manager is one year. Given the actions, it could have been much longer. It left the operator with no Transport Manager, resulting in an adverse finding under section 27(1)(a). I was persuaded to allow a short Period of Grace (1 month) to provide tangible evidence upon which the period might be extended, or the licence will have to be revoked."**

WARRINGTON PROPERTY MAINTENANCE LTD

Director(s): DEREK WARRINGTON, COLIN WARRINGTON, WILLIAM WARRINGTON,  
AILEEN WARRINGTON

1A SIBBALDS BRAE, BATHGATE, EH48 2DU

**The Traffic Commissioner recorded the following breaches of legislation:**

- A vehicle had been issued with a prohibition notice by the DVSA see s.26(1)(c)(iii) of the 1995 Act.
- Statements that had been made when applying for the licence had not been fulfilled – s.26(1)(e) as safety inspections and maintenance and repair work not being carried out by the declared maintenance provider.
- The operator had not honoured undertakings that it signed up to when it applied for its licence – s.26(1)(f):-
  - o Proper records were not kept to comply with the rules on drivers hours and tachographs.
  - o Records of driver defect reports, safety inspections and routine maintenance were not kept for 15 months and were, therefore, not available on request.
  - o Written records of driver defects were not kept.

**The Traffic Commissioner accepts the undertaking to employ a transport manager – “I direct that a transport manager should be employed within two months, by 2 April 2026. If, in the future, the operator wishes to remove the undertaking I would expect the operator to provide evidence of compliance such as an independent audit”.**

**Additionally the Traffic Commissioner has curtailed the licence from 3 vehicles to 2 vehicles with effect from 23:59 on 2 April 2026. – “I consider that it is appropriate to curtail the licence from 3 vehicles to 2 vehicles, with effect from 23:59 2 April 2026, to mark regulatory disapproval of operating without proper systems in place. Ignorance of the requirements of running a complaint transport operation, although all too common with restricted licence holders, is not excusable. If the operator needs more vehicles in the future, then I would expect the operator to put in an application supported by evidence of compliance such as an independent audit”.**

TR CALEDONIAN FRESH PRODUCE LIMITED

Director(s): RAMZAN HUSSEIN

STAND E1, GLASGOW FRUIT MARKET, 130 BLOCHAIRN ROAD, GLASGOW, G21 2DU

**The application is granted as applied for. The Deputy Traffic Commissioner is satisfied that the applicant meets the requirements of Section 13. The applicant is warned that there must be no repetition of the circumstances that led to the revocation of OM0038002 T R Caledonian Fresh Produce Ltd. Mr Ramzan Hussain, who was the sole director of the company, had allowed one of his sons to take far too great a role in the running of the company and the operator licence, as was shown by the fact that Mr Ramzan Hussain had been unaware of the revocation until after it had happened. The Deputy Traffic Commissioner notes that Mr Ramzan Hussain says that he has learned from this experience, he has attended an OLAT course and he has taken advice from GRT Road Transport Consultants.**
