Heat Network Operation and Maintenance Video Series

13 short videos to **support upskilling**
of operation and maintenance in
the **heat networks** sector

Department for Energy Security & Net Zero

Department for
Energy Security
& Net Zero

1.1 What is a Heat Network?

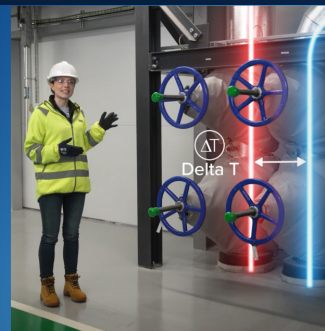

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

1.2 Flow and Return Temperatures

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

1.3 Monitoring Heat Networks

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

1.4 Water Quality in Heat Networks

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

1.5 Heat Interface Units (HIU)

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

1.6 Insulation in Heat Networks

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

1.7 Bypasses in Heat Networks

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

1.8 Pumps in Heat Networks

A series of videos focusing
on **heat network** operation
and maintenance

Introducing **heat networks** and basic **technical concepts**

Department for Energy Security & Net Zero

Department for
Energy Security
& Net Zero

2.1 Appointing a Contractor

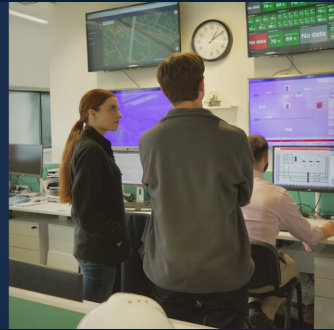

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

2.2 Procuring Services

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

2.3 What do I need to know?

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

2.4 District and Communal Systems

A series of videos focusing
on **heat network** operation
and maintenance

Department for
Energy Security
& Net Zero

3.1 Contracting a Heat Network

A series of videos focusing
on **heat network** operation
and maintenance

Also focusing on commercial, contractual, consumer and interconnectivity issues

Department for
Energy Security
& Net Zero
