d) ISO CODE country of origin (UK): GB

e) ISO CODE importing country (UAE): AE

**III. Destination of the bird(s)**

- a) Country/region/establishment in country of destination:
- b) \*In transit countries through which the consignment will pass (as applicable):
- c) Means of transportation: Sea  Air  Land   
Identification:
- d) Shipping station:
- e) Date of Shipping:
- f) Border post:
- g) Name and address of consignee:

**IV. Health Information**

I, the undersigned, an authorised Official Veterinarian, certify that the bird(s) described above meet the following requirements:

1. EITHER

\*a. The birds are derived from the United Kingdom\*, or a region (zone)\*\* of the United Kingdom\*, where highly pathogenic avian influenza (as defined in the WOAH Terrestrial Code) was not recorded for the following period (and no case of High Pathogenic Avian Influenza has been detected within a radius of 10km around the exporting premises):

Either

\*i. for at least 12 months prior to export in accordance the published animal health reports;

Or

\*ii. for at least 28 days prior to export following application of a stamping-out policy, and surveillance has been carried out;

OR

\*b. The birds have been placed under veterinary supervision in isolation from other birds for at least 21 days prior to export and have shown no signs of any compulsory notifiable bird disease;

2. The birds are derived from a region (zone)\*\* free from Newcastle disease for the following period:

EITHER

\*a. for at least 3 months in case of applying a stamping-out policy;

OR

\*b. for at least 12 months if the stamping-out policy is not applied;

3. The birds are derived from establishment(s) free from other compulsory notifiable bird diseases for at least 3 months or tests to ensure that they are free of these diseases that have been recorded in the 3 months prior to shipment;

4. The birds have been clinically examined during (48) hours before export and there were no signs of highly pathogenic avian influenza and other bird diseases;

5. Record of the vaccinations which were given to the birds within the six months prior to export;

The name of the disease	The type of vaccine	Date of vaccination

6. The birds have been resident in the United Kingdom either since hatching or at least the 3 months preceding export to UAE (except UAE resident falcons re-entering UAE after visit to UK);

\* Delete as appropriate

\*\* Region (Zone) is defined as the first administrative division

V. This certificate is valid for 10 days.
