Park home address	:	64 Redhill Park, Redhill Lane Watton IP25 6RE
Applicant	:	AR (Redhill) Ltd
Respondents	:	Stephen Titman
Tribunal member(s)	:	Mary E Hardman FRICS IRRV(Hons)
Date	:	12 March 2026

DECISION

1. The Tribunal determines that the new pitch fee for the pitch known as 68 Redhill Park, as from 1 April 2025, is £178.81 per month.

Reasons

Introduction

2. The Respondent is the occupier of the park home at the Park Home Address. They have not agreed to an increase in pitch fees for 2025. The site owner must therefore apply to this Tribunal if it is to obtain an increase in pitch fee. There does not appear to be any dispute that the annual review date for pitch fees is on 1 April as set out in the occupation agreement.
3. On the 26 February 2025 notice of the proposed new pitch fee, in the prescribed form, was served on the respondent, explaining that as from the 1 April 2025 the pitch fee would be increased by 3% in line with CPI for January 2025, in accordance with the Office for National Statistics CPI table.
4. The Tribunal issued a directions Order on 11 December 2025 saying that the Tribunal proposed to deal with this application by considering

the papers only, without a hearing, and would do so on or after 12 March 2026 unless any party requested an oral hearing which would then be arranged. No such request was received.

The Occupation Agreement

5. A copy of such agreement has been produced which seems to comply in all material respects with those terms imposed by the **Mobile Homes Act 1983** (“the 1983 Act”) as it was. The only material amendments since have been to give this Tribunal, rather than the court, jurisdiction to deal with the approval of pitch fees if agreement cannot be reached.

The Law

6. The site owner can only increase the pitch fee annually with the agreement of the occupier or, in the absence of agreement, by a determination of the new pitch fee by this Tribunal.
7. The site owner must give the occupier written notice accompanied by a prescribed Pitch Fee Review Form. The Tribunal notes that the prescribed form has been used and the relevant time limits have been complied with in this case.
8. Paragraph 18(1) of Schedule 1 to the Act provides that when determining the amount of the new pitch fee, regard shall be had to - sums expended by the site owner since the last review date on certain improvements, any deterioration in the condition and any decrease in the amenity of the site or adjoining land occupied or controlled by the site owner since 26 May 2013 (in so far as it has not previously been taken into account), any reduction in services supplied by the site owner or deterioration in the quality of such services since 26 May 2013 (in so far as it has not previously been taken into account), any direct effect on the costs payable by the site owner in relation to the maintenance or management of the site of an enactment which has come into force since the last review date, but no regard shall be had to any costs incurred by the site owner since the last review date for the purpose of complying with the amendment to the Act made by the Mobile Homes Act 2013.
9. Paragraph 19 also excludes from consideration any costs incurred by the site owner in connection with expansion of the site, or in relation to the conduct of proceedings under the Act or the agreement, or fees paid by the site owner under sections 8(1B), 9A to 9I or 9B of the Caravan Sites and Control of Development Act 1960.
10. As to the amount of any increase or decrease in the pitch fee, the starting point is that regard shall be had to the CPI. Schedule 1, paragraph 20 of the 1983 Act, which overrides the express provisions, goes further than this by saying that there is a presumption that the pitch fee will change with the CPI, unless this would be unreasonable having regard to paragraph 18(1).
11. Upon application, the Tribunal has to determine 2 things. Firstly, that a change in the pitch fee is reasonable and, if so, it has to determine the

new pitch fee. There is no requirement to find that the level of the pitch fee is reasonable.

12. When determining the new pitch fee, Section 18(1)(aa) of the Act, requires that regard shall be had to "*any deterioration in the condition, and any decrease in the amenity, of the site or any adjoining land which is occupied or controlled by the owner since the date on which this paragraph came into force (in so far as regard has not previously been had to that deterioration or decrease for the purposes of this sub-paragraph)*". Regard must also be had to other matters, depending on the circumstances, such as specified sums spent on the site by the site owner, any direct effect on the costs payable by the owner in relation to maintenance or improvement of the site of an enactment that has come into force since the last review date.

The Applicant's case

13. The Applicant relied on pitch fee review forms served on the Respondent dated 26 February 2025. Sections 2 and 3 of these forms stated that the previous review date had been 1 April 2024 and that the new reviewed pitch fee would take effect on 1 April 2025. The Applicant indicates that there have been no changes in the site since the last review. The increase was on the basis of an adjustment of +3% in line with the movement in the Consumer Prices Index over the 12 months to January 2025.

The Respondent's case

14. No statement or representations were received from the Respondent.

Site Inspection

15. As neither party has raised any issues which required an inspection of the site or the pitch, none has been arranged in this case.

Conclusions

16. As to whether a change in the pitch fee is reasonable, the Tribunal is conscious of the wording of the 1983 Act that the starting point is a change in line with the CPI.
17. There does not seem to be any dispute that the formalities imposed by the 1983 Act as to the undertaking of a pitch fee review, the service of notice of increase plus statutory information and the time limits for the application to this Tribunal have been complied with. Thus, the Tribunal accepts that they have all been complied with.
18. There is no basis for finding that it is unreasonable for the pitch fee to be changed, and the Tribunal concludes that the proposed pitch fee increase is reasonable.
