The Tuition Fee Loan that you borrow will be paid directly to your university or college in three instalments within the academic year. Each payment is made after we receive confirmation that you are in attendance at the start of each term.

You can borrow a Tuition Fee Loan up to a maximum of £9,790 or £6,525 if you are studying at a private university or college. If you are studying on an accelerated degree course, starting on or after 1 August 2019, you can borrow up to £11,750 or £7,830 at a private university or college. The amount of Tuition Fee Loan you can borrow will depend on how much your university or college is charging you. If you are studying at a private university or college you may be charged more than the maximum amount of Tuition Fee Loan you can borrow. You can still only apply for a Tuition Fee Loan up to the maximum if your course is one that qualifies for tuition fee support.

If you started your course before 1 August 2012 at a university or college in Scotland, Wales or Northern Ireland

Section 1

Finance available

Parents' Learning Allowance (PLA) **NOT REPAYABLE**

This grant can help with course-related costs if you have dependent children. The amount you receive depends on your income and that of your dependants (including your husband, wife or partner). It is not counted by Jobcentre Plus or housing benefit departments when calculating your other benefits, so you do not have to choose between PLA and other benefits. You can find out more about PLA at www.gov.uk/studentfinance

Adult Dependants' Grant (ADG) **NOT REPAYABLE**

This grant can help if you have an adult who depends on you financially. You can only receive one grant even if you have more than one adult dependant. You can find out more about ADG at www.gov.uk/studentfinance

Travel Grant **NOT REPAYABLE**

If you have to study at a university or college outside the UK for the majority of any term in the academic year or if you have to attend a place in the UK away from your main college or university as part of your medical or dental training, you may be eligible for help with the cost of travel. You may also be able to get help to cover the cost of medical insurance, visa costs and vaccinations. The support you receive is dependent on your household income.

If you have extra travel costs because you are disabled apply for Disabled Students' Allowance instead. A 'disability' can include a long term health condition, mental health condition or specific learning difficulty such as dyslexia.

You will be sent further forms to complete about your travel costs.

Disabled Students' Allowance (DSA) **NOT REPAYABLE**

This allowance can help pay for the extra course-related costs you may have as a result of your disability, including a long term health condition, mental health condition or specific learning difficulty such as dyslexia. This includes specialist equipment, a non-medical helper or special travel arrangements.

You can find out more about DSA at www.gov.uk/studentfinance

If you only want to apply for DSA, and no other loans or grants, you should complete a DSA1 Full form instead of this one. You can download a DSA1 Full application form at www.gov.uk/studentfinance

Childcare Grant **NOT REPAYABLE**

You may get help with some of your childcare costs, depending on your income, and any income of your dependants, if you have dependent children aged under 15 at the beginning of the academic year—or under 17 if they have special educational needs—and you need childcare services for them. You may be able to get help with childcare costs during vacations as well as during term time. Your childcare provider must be registered or approved for you to receive this grant. You cannot have this grant if you or your partner receives the childcare element of either Working Tax Credit or Universal Credit, Tax-free Childcare from HM Revenue and Customs (HMRC) or Childcare Allowance from the NHS; you have to choose one or the other. You can find out more about Childcare Grant at www.gov.uk/studentfinance

Bursaries and Scholarships NOT REPAYABLE

If your course started before 1 September 2012, universities and colleges in England, Wales and Northern Ireland may offer you a bursary if you are assessed as being eligible to receive either the full Maintenance Grant or full Special Support Grant and the university or college is charging the maximum variable or flexible fee rate.

Some universities and colleges may choose to also offer discretionary bursaries or scholarships. The amount offered would be at their discretion and you may not need to be eligible for the full Maintenance Grant or the full Special Support Grant to qualify for their bursary or scholarship scheme.

For more information about bursaries and scholarships contact your university or college.

If you are still having difficulty choosing which types of financial support you wish to apply for, you can find more information about all aspects of student finance at **www.gov.uk/studentfinance**

If the new course details you give us can't be confirmed yet, your student funding may be delayed.

f Full-time Initial Teacher Training (ITT) courses of up to 2 years in length

A full-time postgraduate initial teacher training (ITT) course is a course taken after a first degree has been attained (Postgraduate Certificate in Education (PGCE) and equivalent courses). These are courses of at least one academic year in length and completed in no more than two. Other full-time ITT courses of up to 2 years in length such as some Professional Graduate Certificate in Education (PgCE) or Cert in Education (CertEd) courses, do not require a degree as an entry requirement.

e Full-time distance learning

For distance learning at a university/college that would otherwise require attendance on that course, send photocopies of the following:

- a note from your doctor clearly stating that your medical condition prevents you from attending a full-time higher education course; and
- a note from the college/university confirming you are completing that course by distance learning because you are unable to attend your course due to a disability.

For distance learning courses, send photocopies of the following:

- a note from your doctor clearly stating that your medical condition prevents you from attending a full-time higher education course; and
- details from you of the equivalent full-time course and university/college you wish to attend but are unable to do so (an equivalent course is one with the same or similar title in the subject matter).

You do not need to provide evidence from a university/college confirming that you are unable to attend an equivalent full-time course due to a disability.

If you're studying on a full-time distance learning course because you or your family member are currently serving in the Armed Forces outside of England, you do not have to send evidence of a disability.

Full-time level 4 or 5 award, certificate, diploma or NVQ

Level 4-5 courses that are recognised as full-time undergraduate qualifications (e.g. HND, HNC, Cert HE etc.) can attract HE student finance without the need for approval as a higher technical qualification.

If you're continuing on a course which attracted Advanced Learner Loan funding last year, you're not eligible for Higher Education Student Finance.

If you're not sure if your course is an approved Higher Technical Qualification, speak to your university or college. If it isn't, you won't be eligible for Tuition Fee Loan, Maintenance Loan, Grants for Dependents, or Disabled Students' Allowance.

You may be eligible for an Advanced Learner Loan. Go to www.gov.uk/advanced-learner-loan for more information.

Other courses

g1 If you are eligible to apply for a social work bursary from the National Health Service Business Services Authority (NHSBSA) you should answer 'no' to this question because this is a separate bursary to those offered by the NHS or the DoH.

If you're studying on a Paramedic course at an English university/college and are eligible to apply for tuition fee and/or living cost support from your local ambulance/health trust, you should answer yes to this question.

If you are eligible to apply for a Learning Support Fund (LSF) from the National Health Service Business Services Authority (NHSBSA), you should answer no to this question as LSF is not an NHSBSA bursary.

g2 If you are eligible to apply for an **income assessed** bursary or award, the only element of student finance you are eligible to apply for is the non-income assessed part of the Maintenance Loan and this will be at a reduced rate.

If you are eligible to apply for a **non-income assessed** bursary then you are **not** eligible for any other student finance. The only exception would be if you are a seconded student studying a health-related course and you have been advised that you cannot apply for any bursary at all, either income or non-income assessed.

If you are unsure about your eligibility for a bursary, contact the NHSBSA.

Section 5 Dependent and independent students

a2 In the legal care of a local authority

If you have at any consecutive point been in the custody or care of a local authority but have been back in the legal care of your parents at any time since then, you will not be considered independent.

a4 Having the care of a person under the age of 18 means that you look after a child and the child lives with you, irrespective of your relationship with the child.

e Send a copy of evidence that shows you have care of the child, for example, evidence that you are receiving Child Benefit, Child Tax Credit or the child element of Universal Credit.

Section 5

Dependent and independent students

b Irreconcilable estrangement

You will normally be considered irreconcilably estranged from your parents if you have not had verbal or written contact with both of your biological or adoptive parents, or your only living parent for twelve months or more before the start of your academic year, and this will not change. You will **not** be considered irreconcilably estranged from your parents because:

- you do not get on with your parents;
- you do not live with them;
- your parents do not want to give details of their income; or
- your parents choose not to provide you with financial support.

Section 6

Student financial questions

a Unearned income

You will be asked to confirm any estimated income at a later date.

If your actual income is different from your estimated income we will reassess your entitlement to student finance. This may change the level of financial support you receive.

When working out your taxable unearned income you should **not** include any of the following:

- **Earnings from full or part-time work** such as holiday work or work you do during term-time;
- Any Maintenance Loan or grant payments you may receive;
- Payments you receive from your parents under a covenant;
- Maintenance payments you expect to receive for your children. These maintenance payments should be included as part of your children's income in question 6c;
- Teacher Training Bursaries;
- Higher Education Bursary (for care leavers);
- Bounties paid by the armed services to reservists or disablement or invalidity pensions; or ISAs.

b1 Payments from an employer

You should **only** provide an amount here if you are being released from employment by your employer to attend your course. If this is the case, you should only include salary or wages for days you are actually attending your course and have been released from your employment to do so. Any earnings from salary or wages entered here may affect your student finance entitlement.

Do not provide any amount here if you are a student who is working while studying but have not been specifically released by your employer to attend your course.

c Dependent children

You must include any income the child received from working, interest earned on savings, investments and any maintenance payments you received for your children as part of **their** income in this question.

The child dependant's income is required to assess eligibility for deductions in the calculation of household income for each child who is wholly or mainly financially dependent on the student or the student's husband, wife or partner, or the student's parents or step-parents. You can find out more information about how household information is calculated at www.gov.uk/studentfinance

Do not include income from sources such as Child Benefit, Child Tax Credit, the childcare element of Universal Credit, the Government Child Trust, or minimal sums of money from other sources when entering a child dependant's income.

Section 6 Student financial questions – continued

If your child dependants' income will be at least 15% less than it was in tax year 2024-25 you can apply for a current year income assessment. This means we would use their expected income for tax year 2026-27 instead of their actual income for 2024-25 when working out your grant entitlement. If you want to be assessed using expected income for tax year 2026-27 use the additional notes pages at the back of the form to give us details.

- e** You must send photocopies of evidence showing your child's income from all sources, after tax and National Insurance contributions in tax year 2024-25.

All copies that you send to us will be securely destroyed once we have checked them.

Do not send us any original financial documents instead of copies because they will also be destroyed.

Section 7 Special Support

If you started your course before 1 August 2016 and you're eligible for Special Support, you'll be assessed for a Special Support Grant.

If you started your course on or after 1 August 2016 and you're eligible for Special Support, you'll be assessed for the Special Support Element of the Maintenance Loan.

You will be assessed once we have received your photocopied evidence to show you are eligible. If you do not have the evidence now, you should still send your application and send the evidence as soon as possible.

The Childcare Grant Payment Service

The Childcare Grant Payment Service (CCGPS) is an online platform enabling parents to manage their Childcare Grant by authorising and sending payments to childcare providers electronically. CCGPS is administered by Wider Plan, a recognised government partner for the Nursery Milk Scheme. Wider Plan is also an employee benefits provider with extensive experience of working with parents and childcare providers through delivery of their childcare voucher scheme.

What happens next

- Once your application is approved you'll receive an email from the Childcare Grant Payment Service to set up an account with them (make sure you've given us your correct email address on this form).
- Your Childcare Grant funding is transferred to the Childcare Grant Payment Service portal and you'll be able to pay your childcare provider directly.

You can find further information about Childcare Grant at www.gov.uk/studentfinance

Section 8
