Most correspondence from the Office of the Traffic Commissioner will now be sent to operators digitally through the Vehicle Operator Licensing (VOL) Service or by email.

The best and most efficient way to reach us is digitally. Please upload documents through your VOL user account or send a direct message through VOL. There may be delays if you send correspondence to us by post.

If you wish to make an objection to a public service vehicle application it is recommended you send the details to PSVOperatorLicensing@otc.gov.uk clearly stating 'Objection' in the subject line.

If you are an existing operator without a VOL user account, and you would like one, please email Notifications@vehicle-operator-licensing.service.gov.uk and a member of staff will contact you as soon as possible to arrange this. You will need to answer some security questions.

Carriage of passengers to designated association football matches.

Legal Requirements

PSV operators are reminded of the terms of section 1(1) of the Sporting Events (Control of Alcohol) Act 1985, as amended by the Public Order Act 1986, which prohibits the carriage of alcohol on a PSV that is being used for the principal purpose of carrying passengers for the whole or part of a journey to or from a designated sporting event.

PSV operators are also reminded of the terms of section 2A of the Sporting Events (Control of Alcohol) Act 1985, as amended by the Public Order Act 1986, which prohibits the possession of a firework or an article or substance, whose main purpose is the emission of a flare, smoke or a visible gas, at any time during the period of, while entering or trying to enter a designated sporting event.

A 'designated sporting event' generally means certain association football matches, whether national or international, as defined in Schedule 2 of the Sports Grounds and Sporting Events (Designation) Order 2005 (as amended). It is an offence for an operator of a PSV (or his servant or agent) to knowingly cause or permit the carriage of alcohol on journeys to which these Regulations apply.

Voluntary Guidelines on the carriage of passengers to association football matches - England and Wales

For many years the PSV industry has complied with a voluntary code of practice whereby operators taking passengers to a designated sporting event meet certain guidelines set by the police. This has worked very well, and it has seldom been necessary for a traffic commissioner to take any further action against an operator who has contravened the guidelines. Nevertheless the police in England and Wales are concerned that incidents of football related violence and disorder do still occur.

The guidelines were drafted in conjunction with the Confederation of Passenger Transport (CPT), the Crown Prosecution Service (CPS), the Coach Operators Federation (COF) and the Association of Transport Coordinating Officers (ATCO) and are set out below:

- a. PSV operators taking bookings from groups of supporters are to notify the relevant Dedicated Football Officer (DFO), at least 48 hours before the event, of the number of supporters expected to travel, the number of vehicles booked, the name and the contact number for the person who made the booking. Once available the operator must also notify the VRM and driver's name to the relevant Dedicated Football Officer.

For the purpose of these guidelines, the relevant Dedicated Football Officer means the DFO for the club that the fans are travelling to support. For example, West Ham are playing a premier league game away to Leeds United. Operator A has been contracted to transport West Ham fans from Romford and the relevant DFO is the DFO for West Ham. Operator B has been contracted to carry Leeds United fans to the game from Barrow in Furness. In this case the relevant DFO is the DFO for Leeds.

- b. Vehicles are not to stop within 10 miles of the venue either enroute to, or on departure from the event unless prior agreement is obtained from the relevant Dedicated Football Officer.
- c. Unless directed by a police officer, PSVs may stop at premises where intoxicating liquor is sold only if it is sold ancillary to a substantial meal. Prior agreement for meal stops where alcohol is available should be sought from the operator's relevant Dedicated Football Officer.
- d. PSVs are to arrive at the venue no earlier than two hours before and not later than one hour before the scheduled start of the game, unless otherwise directed by police.
- e. PSVs are not to set down or uplift passengers at any unauthorised locations without prior permission of the police.
- f. PSVs must leave the venue within 30 minutes of the finish of the event, unless directed otherwise by a police officer or ground safety officer.

- g. PSV operators are to follow all reasonable instruction given by police or enforcement officers at all times. This includes, but is not limited to, routing and stopping arrangements.
- h. Intoxicating liquor, flares and similar pyrotechnics, must not be carried on PSVs travelling to or from designated grounds. Operators will draw hirers' attention to the requirements of the law, and drivers shall, as far as reasonably practical, supervise boarding passengers and check that they are not obviously carrying intoxicating alcohol, flares and similar pyrotechnics. Drivers will not be expected to carry out baggage or body searches, nor will they be expected to confiscate alcohol or to remove passengers without police assistance. Operators may add a condition of entry to the PSV that a voluntary search may be undertaken.
- i. PSV operators are to notify the Dedicated Football Officer at the destination upon arrival at an away football ground, of any chanting demonstrating hostility based on race, ethnicity religion or beliefs, sexual orientation, disability, and transgender identity or chanting of an otherwise grossly offensive or inflammatory nature which had taken place during the journey to the ground.
- j. PSV operators are to have established safeguarding policies when carrying persons under the age of 18 years old. This is to include arrangements for the nomination of at least one responsible adult for the minors carried.

Section 6 – Corrections

Section 1 – Special Notices

On 1st May 2023 the West of England Combined Authority and North Somerset Council became the Bus Service Registration Authority for local bus services within the West of England and North Somerset area, using powers granted by the Transport Act 1985. The Authorities are now responsible for processing applications to register, vary or cancel local bus services that operate wholly within the West of England Combined Authority area and North Somerset. These services will not appear in the Notices and Proceedings and can be viewed at <https://travelwest.info/bus/registrations/register-of-local-bus-services-applications/>. For other services which operate cross-border, the Traffic Commissioner remains the registration authority.

Services that have been transferred to West of England Combined Authority and North Somerset Council will show as ‘Admin Cancelled’ on the gov.uk website.

Section 2 – PSV Operator Licensing

A **statutory objector** may inspect a public service vehicle operator’s licence or application under Regulation 4 of The Public Service Vehicles (Operators' Licences) Regulations 1995 by setting out their authority and requesting arrangements are made for inspecting the record by emailing – enquiries@otc.gov.uk

Objections against applications for licences must be made in writing by a Chief Officer of Police or by a local authority within 21 days of the date on which notice of an application is published in Notices and Proceedings. Objections must be made on the grounds that one or more of the requirements mentioned in Sections 14(1) and (3) of the Public Passenger Vehicles Act 1981 are not satisfied in relation to the application. A copy of the objection must be sent by the objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on which an objection is lodged lies with the objector. There is no right of objection against an application for a special licence submitted under Section 12 of the Transport Act 1985.

Classification of Operator Licences – There are four classes of licence:

- A **Standard International (SI)** licence authorises the use of any description of public service vehicle on both national and international operations;
- A **Standard National (SN)** licence authorises the use of any description of public service vehicle on national operations;
- A **Restricted licence (R)** authorises the use of:
 - a) public service vehicles not adapted to carry more than eight passengers and;
 - b) those not adapted to carry more than sixteen passengers when used otherwise than in the course of a business of carrying passengers or by a person whose main occupation is not the operation of public service vehicles adapted to carry more than eight passengers;
- A **Special Restricted (SR)** licence, issued under Section 12 of the Transport Act 1985, authorises the holder of a taxi or private hire vehicle licence to operate local services.

Appeals in connection with PSV Operator Licences must be lodged with the Upper Tribunal – Administrative Appeal Chamber (Transport), 5th Floor, Rolls Building, 7 Rolls Buildings, Fetter Lane, London, EC4A 1NL not later than one month after the date of the letter conveying the Traffic Commissioner’s (or Deputy Traffic Commissioner’s) decision.

Appellants can obtain guidance on lodging appeals, including downloading the appeal form, from the website: www.administrativeappeals.tribunals.gov.uk

Any previous entry in Notices and Proceedings is indicated by the publication number in brackets.

Multi operator travelcards and BODS

Operators with registered local bus services in England will be aware of obligations to provide information on routes and timetables, fares, and vehicle location data to the Bus Open Data Service. A recent Bus Open Data (BODS) development is the ability to accept fares details for multi operator travelcards, thus it is now a mandatory requirement for this information to be provided to BODS. Failure to do so may result in regulatory action by the Traffic Commissioners. Equally importantly, details of these products will not be available on BODS and therefore journey planners and apps may not contain these products.

To prevent multiple recording of such tickets (and prevent inadvertent recording of conflicting information), BODS has been set up to receive a “master” notification for each multi operator travelcard product from one “lead” operator, with all other participating operators then able to provide only the details of the routes/services included in the scheme product. The nominated lead operator need not be the operator administering or controlling the scheme, and indeed many such schemes are led by the local transport authority or an independent third party. As such, it will be necessary to agree within the scheme who the “lead” operator is to be.

The “lead” operator must supply to BODS details of the geographic scope of the multi operator travelcard, the products that are available (child day, adult week, adult month etc) and the prices of these, how these products can be paid for, and the National Operator Codes (NOCs) of the other participating operators. They also need to advise which of their own services are included. Once these data have been uploaded to BODS, all the other participating operators will be notified and will then be able to upload details of their services that are included in the scheme.

It is imperative that operators act quickly to agree the “lead” operator and commence the process of uploading data to BODS. In case of any queries, please refer these to the [BODS helpdesk](#).
