For the attention of Mr Ethan Lakeman, Case Manager (Sizewell C)

Dear Mr Lakeman,

VARIATION REQUEST FOR DCO/2013/00021

I am writing on behalf of Sizewell C Limited to request a variation to Condition 36(3) of Deemed Marine Licence DCO/2013/00021. The proposed variation would enable limited deviation from the provisions of Condition 36(3), where agreed in writing by the MMO (which we expect would be following submission and approval of any necessary assessment work).

The following change is requested (additional wording shown in **bold**):

Existing: Part 3 Paragraph 36(3):

“In the event that impact piling is required in the construction of Work No. 1A(l) and Work No. 1A(aa), the impact piling for the Work No. must not commence between May and August of any year...”

Proposed: Part 3 Paragraph 36(3):

*“In the event that impact piling is required in the construction of Work No. 1A(l) and Work No. 1A(aa), the impact piling for the Work No. must not commence between May and August of any year, **unless otherwise agreed in writing with the MMO,...**”*

I enclose a marked-up version of DCO/2013/00021 to highlight the requested change in situ, together with a clean version. Should you have any questions, please do not hesitate to contact me.

Yours sincerely,
