

**Reference: 2026-014**

Thank you for your email in which you requested the following information under the Freedom of Information Act 2000 (FOIA):

**Total departmental spend with the following companies:**

- **Palantir Technologies**
- **Anduril**
- **X / Twitter**
- **Xai**
- **Oracle**
- **SpaceX**
- **Tesla**
- **Neuralink**

I'd like this information to cover the longest timeframe possible, ideally for ten years, but 5 at a minimum. Ideally, I'd like actual spend and predicted for contracts please, as I'm aware that, for example, the some contracts would not all necessarily be one payment, and also that not all contracts actually appear on Contracts Finder for a number of reasons, so I would be looking at historic spend, plus the rough predicted value of the contracts. I do not need copies of the contracts, unless they are easily retrievable, or any further information than total departmental spend, dated over time year on year, as I believe this will be easier to achieve within the cost limit. The spend would include contracts, extensions, payments over initial values of contracts etc. In terms of things like Twitter / X, this could include things like paid staff verified badges on the platform, for example.

**Response**

We can confirm that the SFO holds contracts with one of the listed suppliers: Oracle. We hold no contracts or recorded spend with any of the other organisations named in your request. We have the following spend information for Oracle:
