Dear [REDACTED]

Thank you for your invitation. I can confirm that I am able to attend.

I look forward to attending.

Many thanks,

[REDACTED]

Good afternoon [REDACTED]

Thank you for your prompt reply.

We would be pleased to include [REDACTED] in the invitation.

Would you kindly share [REDACTED] email address with me so that I can send her the invitation directly?

Thank you in advance.

Best regards,

From [REDACTED]

Dear [REDACTED]

I confirm that I am able to attend.

I was also hoping that an Assessor in my team, [REDACTED] would be able to attend. She is our contact with the BCIR in UK and it would be valuable to have her input too.

Many thanks

Le français suit.

Dear [REDACTED]

We are pleased to invite you to participate in the upcoming virtual [Best Brains Exchange](#) (BBE) entitled “**Exploring the development of a Breast Implant Registry**”, hosted by the Canadian Institutes of Health Research in collaboration with **Women and Gender Equality Canada (WAGE)** and **Health Canada**. This BBE will take place virtually via MS Teams on March 7, 2023 from 11:00am-4:00pm EST.

This BBE will provide an opportunity to examine current evidence and bring together stakeholders from multiple sectors to determine if developing a Canadian breast implant registry would improve patient notification following the identification of a safety concern.

More specifically, the following objectives will be addressed:

1. Understand the international breast implant registry landscape and registry use for patient safety notifications.
2. Identify lessons learned from domestic organizations to help determine whether a Canadian breast implant registry could improve patient safety notifications.
3. Discuss the benefits and drawbacks of developing a Canadian breast implant registry compared to other notification mechanisms.

Please RSVP by responding to this email no later than January 18th, 2023. If you are unable to attend, please suggest to us an alternative contact.

Since this event is by invitation only and in-camera, we kindly ask that you refrain from discussing the event through social media or other mechanisms prior to or during the event.

Meeting materials will be provided to confirmed participants in advance of the virtual BBE. We look forward to hearing from you.

Best wishes,
[REDACTED]

[REDACTED]

Nous sommes heureux de vous inviter à participer à la prochaine séance virtuelle du [Programme d'échanges Meilleurs Cerveaux \(EMC\)](#) intitulée « **Envisager la création d'un registre canadien des implants mammaires** », organisée par les Instituts de recherche en santé du Canada en collaboration avec **Femmes et Égalité des genres Canada** (FEGC) et Santé Canada. Cette rencontre aura lieu virtuellement par l'intermédiaire de MS Teams le 7 mars 2023, de 11 h à 16 h (HNE).

Cette séance d'EMC offrira l'occasion d'examiner les données probantes actuelles et de réunir des intervenants de secteurs multiples afin de déterminer si la création d'un registre canadien des implants mammaires améliorerait l'envoi d'avis aux patientes à la suite de l'identification d'un problème lié à la sécurité.

Plus précisément, les objectifs suivants seront abordés :

1. Comprendre le paysage du registre international des implants mammaires et l'utilisation du registre pour l'envoi d'avis de sécurité aux patientes.
2. Identifier les leçons tirées des organisations nationales pour aider à déterminer si un registre canadien des implants mammaires pourrait améliorer l'envoi d'avis de sécurité aux patientes.
3. Discuter des avantages et des inconvénients de la création d'un registre canadien des implants mammaires comparativement à d'autres mécanismes d'avis.

Veuillez confirmer votre présence en répondant à ce courriel au plus tard le 18 janvier, 2023. Si vous ne pouvez pas être présent, veuillez nous suggérer une autre personne-ressource.

Comme il s'agit d'un événement sur invitation seulement et à huis clos, nous vous demandons de bien vouloir vous abstenir de discuter de l'événement par l'entremise des médias sociaux ou d'autres moyens avant ou pendant l'événement.

Les documents de la réunion seront fournis aux participants confirmés avant la séance virtuelle d'EMC. Nous avons hâte de vous entendre.

Cordialement,
