Product Description	AC adaptor plug.
Country of Origin	China
Counterfeit	Unknown
Risk Level	High
Risk Type	Electric Shock
Risk Description	<p>The plug presents a high risk of electric shock as the face does not conform to the dimensional requirements of BS 1363. The height of the live and neutral pin sleeves were in excess of the maximum permitted tolerance. This means that with repeated use, the plug will increasingly fail to make a secure connection with the socket, and the user could accidentally touch a live part. Improvements are also required to the product marking, labelling and documentation.</p> <p>The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016 or the Plugs and Sockets etc. (Safety) Regulations 1994.</p>
Corrective measures	The import has been rejected at the border and destroyed.
