

# Tree Production Capital Grant Application Form

Background and information about the grant can be found on the [Tree Production Capital Grant \(TPCG\) gov.uk page](#).

Guidance on completing your TPCG application can be found on the [Tree Production Capital Grant Application Form page](#). Please read this before completing your application.

To apply, please complete a:

- TPCG application form
- TPCG finance spreadsheet
- business plan (only applicants who have been producing tree or tree seed for 3 years or less)

Forms must be submitted to [tpcg@forestrycommission.gov.uk](mailto:tpcg@forestrycommission.gov.uk) by **11.55pm Wednesday 8 July 2026**.

We will notify applicants of their TPCG funding decision by 19 August 2026.

You must:

- answer all questions on the application form
- give your answers in English and costs in £ Sterling
- keep within stated word limits
- define any abbreviations and acronyms
- not change the format of the forms

Failure to comply with these requests may lead to your application being rejected.

If you have any questions about the application process or need the form in a different format, please contact [tpcg@forestrycommission.gov.uk](mailto:tpcg@forestrycommission.gov.uk)

## Project Details

<b>Funding period</b>	
Please select the financial year(s) in which you are seeking funding.	
<input type="checkbox"/>	2026/27 (activities completed by 27 March 2027)
<input type="checkbox"/>	2027/28 (activities completed by 27 March 2028)

<b>Project description (100 words max.)</b>	
Describe the items and activities you are seeking funding for and the impact you expect them to have.	
Will all the items/activities you are applying for be used exclusively for the production of tree or tree seed?	<input type="checkbox"/> Yes
	<input type="checkbox"/> No
If you answered 'no' above, please explain which items/activities will be used for other purposes, what these purposes are, and how much (%) they will be used for production of trees or tree seed.	
Will the items/activities you are applying for be used for production of trees/tree seed for England?	<input type="checkbox"/> Yes
	<input type="checkbox"/> Partly
	<input type="checkbox"/> No – you are not eligible to apply
If you answered 'partly' above, please tell us the extent to which you supply to England.	

## Eligibility Criteria

Answer all eligibility criteria questions by marking “Yes” or “No”. A ‘No’ or zero response to any question will result in the application being rejected.

Eligibility criteria	Eligibility question	YES	NO
<b>1) Scope</b> – This grant is designed to increase the resilience and productivity of the UK’s tree production sector enabling a reliable supply of diverse, biosecure, and high-quality trees to England.	Is your project within scope?		
<b>2) Experience</b> – Eligible applicants must have sold or supplied trees, tree seed or other plants/seed prior to applying.	Have you sold or supplied trees, tree seed or other plants/seed?		
<b>3) Project Status</b> – The Forestry Commission is unable to fund retrospective work on projects.	Can you confirm that your application does not seek funding for work already carried out, or to be carried out before any grant agreement is signed?		
<b>4) Budget</b> – Funding is available for 50% of project costs up to a maximum of £175k. Proposals must have a minimum total cost of £10k. A full list of eligible project costs is set out on <a href="https://www.gov.uk">gov.uk</a> .	Can you confirm that the requested project funding is within the eligible expenditure limits and is for eligible costs only?		
<b>5) Timescales</b> – Projects can span up to two financial years, ending 27 March 2028. All project activities must be completed and evidence of spend provided by 27 March of the financial year(s) in which funding has been applied for (2026/27 and/or 2027/28).	Will the proposed funded activities be completed and evidence of spend provided by 27 March of the financial year(s) in which funding has been applied for (2026/27 and/or 2027/28)?		
<b>6) Claims and reporting</b> – Applicants must comply with the TPCG claim and reporting requirements if successful. This includes submitting a post-	Can you confirm that you will comply with the TPCG claim and reporting requirements?		

implementation report 3-6 months after their final claim.			
<b>7) Terms and Conditions</b> – The applicant must agree to the grant Terms and Conditions which can be found on <a href="http://gov.uk">gov.uk</a> .	Can you confirm acceptance of the Terms and Conditions?		

## Part 2: Assessed Questions

### Question 1: Productivity (25%)

- a) How will the proposed items/activities affect the efficiency of your tree or tree seed production?
- b) To what extent will the investments reduce your use of inputs (for example, labour, water, chemicals, seed, energy)?
- c) Will the investments lead to an increase in your production or production capacity? If so, complete box e) to show the estimated increase.
- d) To what extent will the investments lead to improvements in the quality of tree or tree seed you can produce (for example increased germinability of seed, improved root systems, more vigorous plants)?

Please try to quantify the estimated impacts wherever possible. For example, % increase in the speed of a process, number of staff needed for a process before and after investment, or % improvement in the germination rate of seed. If expected improvements are dependent on external factors, please make these clear.

(300 words max.)

---

<p>e) Estimated increase in annual production capacity by end of the funding period (if applicable).</p> <p>Give the total increase and type of product. For example, '50,000 saplings', '2000 standards', or '50kg of seed'.</p>	
---	--

## Question 2: Resilience (12.5%)

- a) How will the project improve the resilience of your organisation and its tree or tree seed production? This may include resilience to:
- pests and disease (biosecurity) - e.g., prevention, detection, management
  - weather and future climate - e.g., heat, drought, high rainfall, extreme events
  - market changes - e.g., fluctuating demand, supply chain issues, labour constraints
- b) If you are not [Plant Healthy](#) certified, please outline the measures you take to minimise biosecurity risks in your operations. If you are working towards Plant Healthy certification, please explain where you are in the process and when you expect to become certified.

(250 words max.)

### Question 3: Diversity (12.5%)

- a) What effect will the proposed items/activities have on the diversity of trees or trees seed you can produce? Outline the species or provenances the investments will support the production of.

Diversity may include genetic diversity or diversity of species.

(250 words max.)

## Question 4: Environmental Sustainability (12.5%)

- a) What impact will the proposed items/activities have on the environmental sustainability of your tree or tree seed production?
- b) Are there adverse environmental impacts that could arise from the funded work? If so, please explain how you would mitigate these.
- c) How do you minimise the adverse environmental impacts of its operations?
- d) If you grow in cells or containers, do you use peat-free growing media? If not, do you have plans to use peat-free growing media in future?

Consider factors such as waste, carbon emissions, water use, chemical use or soil health.

Machines with high consumption of fossil fuels are unlikely to be considered environmentally sustainable by the evaluation panel.

(250 max.)

## Question 5: Value for Money (12.5%)

- a) How have you ensured the proposed items/activities are good value for money for the taxpayer?
- b) How have you estimated your costs and what you have done to ensure best value for money?
- c) What is the source of your match funding? If you have received, applied for, or intend to apply for any other government funds, please declare it here.
- d) If you expect to increase your production capacity or are new to tree or tree seed production, have you identified a market for the additional trees or tree seed that you plan to produce?

Examples of how you may ensure good value for money include weighing up different options, getting quotes from multiple suppliers, or contributing some of your own resources to the project.

The evaluation panel will use your Finance Spreadsheet to help score this question. Panel members will be subject matter experts with a good knowledge of standard costs within the sector, which they will use to assess the evidence provided for this question.

(250 max.)

## Question 6: Team, Resources & Track Record (12.5%)

- a) Who will be working on the project, what will their roles be and what relevant expertise and experience do they have?
- b) What previous experience does your team have producing trees or tree seed? If you do not have previous experience in tree or tree seed production, please outline any related experience or how you plan to develop your skills and knowledge.
- c) Are there additional resources, equipment or facilities needed to successfully implement the project? How will they be accessed or procured?

(250 words max.)

## Question 7: Deliverability (12.5%)

- a) How will you manage the project to effectively deliver the benefits of the investments?
- b) Have you contacted suppliers/contractors for quotes or estimates of delivery times?
- c) When will each piece of work be carried out and each item be delivered? You may attach a Gantt chart or timeline as a separate document. If you do, please refer to it in your response.
- d) What risks have you identified and how do you plan to mitigate these? If your project is dependent on external factors, such as securing planning permission or land, you should explain these here.

If you have been selling or supplying trees or tree seed for 3 years or less, you must also provide a business plan to support your application. You can find guidance on what to include on the [How to complete your application](#) page.

(300 words max.)

## Part 3: Finances

You must provide full details of project costs and funding for each organisation involved in your project using a finance spreadsheet.

The template for this can be found at the [Tree Production Capital Grant Application Form](#) page.

## Part 4: How we process your application

Once we receive your application an evaluation panel comprising Forestry Commission staff and experts from the forestry sector will score each assessed question.

We will notify all applicants of funding decisions by 19 August 2026 with successful projects starting shortly thereafter.

A diagram outlining the TPCG application process is available on [GOV.UK](#).

## Part 5: Privacy notice

### **Data Protection Act 2018 and the UK General Protection Regulation (GDPR)**

#### **Data protection**

Please read the below statements and ensure you understand how the Forestry Commission will handle any personal information submitted.

As the lead applicant, you are responsible for informing any third parties of how the Forestry Commission will handle any personal information relevant to them.

The Forestry Commission will use any information you provide to support the administration of the scheme. Without any personal information, we will not be able to process your application.

The Forestry Commission or its appointed agents may also use your data in the following ways:

- for communication with other organisations including the Department of Environment Food & Rural Affairs (DEFRA), Natural England, other government departments and their agencies, and local authorities in the administration of the grant application and subsequent grant agreement
- for assessment by an independent panel, referring to external technical experts where appropriate

The Forestry Commission may, on the basis of its legitimate interest, contact the lead applicant and project representative(s) in connection with occasional research about the sector and events and resources related to tree and tree seed production.

Your personal information will be stored securely in the UK or European Economic Area and will be kept for a period of 7 years after either final payment of Grant, the last financial transaction, or after the application is withdrawn or rejected.

### **Release of information**

As a public authority the Forestry Commission is subject to the provisions in the Environmental Information Regulations 2004 and Freedom of Information Act 2000. This may result in the disclosure of information you provide to us including the applicant details, grant recipient organisation, type of grant or grant value. However, we will not permit any unwarranted breach of confidentiality, nor will it act in contravention of its obligations under the Data Protection Act/UK GDPR.

The Forestry Commission may also publish information on the assistance it has given on its own or other Government websites.

Details of the organisation, and the value and timing of grants applied for will be entered into the Government Grant Information System and the UK Subsidy Database.

The Forestry Commission may carry out checks on each application using a variety of government tools including the Cabinet Office's automated grants due diligence tool called 'Spotlight' and Bank Account Verification software. As part of the due diligence process, the Forestry Commission may share details of organisations involved in applications with other parts of government.

### **Your Rights**

The Forestry Commission is a Data Controller under the Data Protection Act 2018 (Registration No: Z6542658). The Forestry Commission's Personal Information Charter provides detailed information about how we process your personal data and your rights. You can read our Personal Information Charter on our website: <https://www.gov.uk/government/organisations/forestry-commission/about/personal-information-charter>.

You have a number of rights under the Data Protection Act 2018, which are listed out in full on the Information Commissioner's website. You have the right to lodge a complaint with a supervisory authority, the Information Commissioners' Officer <https://ico.org.uk/>.

## **Part 6: Intellectual property**

Intellectual property shall remain with the grant recipient. The Forestry Commission reserves the right to publish a summary of project outcomes and outputs online and in relevant trade press articles.

## Part 7: Declarations

Please check each box to show you have read, understood and agree to each declaration.

Failure to comply with any obligations below could lead to elimination from the process.

1.	The lead applicant understands that this grant can only be used to cover agreed eligible expenditure.	<input type="checkbox"/>

Where applicable, the lead applicant confirms that any forest operation undertaken will adhere to best practice developed by the Forestry Industries Safety Accord.	<input type="checkbox"/>
9.	Where relevant, the lead applicant confirms that any claims of match funding secured to assist with furthering the project outcomes are true and correct.	<input type="checkbox"/>
10.	The lead applicant will ensure that delivery of the funded activities does not put the Authority in breach of the UK's international obligations in respect of subsidies.	<input type="checkbox"/>

## Part 8: Communication and ensuring an open and fair process

We will maintain communications with the lead applicant via email to:

- notify you of any changes to any part of the application process prior to application deadline
- provide clarification on significant application criteria to all applicants to ensure a fair and open process
- provide timescales for a decision on your application
- notify you of the outcome of your application
- where successful, provide timelines and updates on the funding timetable and grant signing process
- where successful, provide the relevant communication relating to your grant including monitoring requests
- monitor progress of the project to help manage risks associated with delivery
- carry out project evaluation to better understand the impact of the work funded

If you wish to clarify anything about the application requirements or process, please email [tpcg@forestrycommission.gov.uk](mailto:tpcg@forestrycommission.gov.uk). If we consider information requests relevant to any applicant, we will provide additional guidance to all applicants to ensure a fair and open process. We may be unable to respond to the other support requests as this is a competitive bid process.

Applicants must submit:

- a TPCG application form (completed and signed)
- a TPCG finance spreadsheet (completed)
- a business plan (only applicants who have been producing tree or tree seed for 3 years or less)
- evidence of financial viability (if applicable)

## Part 9: Authorisation

I confirm that I have read and understood the guidance, rules and Terms and Conditions relating to the Tree Production Capital Grant, and that the information provided in this application form is accurate and complete.

I confirm that I am authorised to submit the above application on behalf of my organisation and have complied with all requirements of the grant.
