

EWCO Land Manager Authorisation Form

You can find information and guidance about the England Woodland Creation Offer's (EWCO) rules, requirements, payments, and how to make an application (including for a partnership) at [England Woodland Creation Offer - GOV.UK](https://www.gov.uk/england-woodland-creation-offer).

How to use this form

Please ensure you have downloaded the [latest version of this form](#) before completion.

If someone other than the Lead Applicant currently has management control over the land in the EWCO application, such as a tenant, they must complete this form to confirm they know about the EWCO application and that the land will be brought into the Lead Applicant's control at a later date. A EWCO agreement will not be in place until after the land has transferred to the Lead Applicant's control. We will use the date given on this form if specified, when processing the application. It is the responsibility of the applicant to notify us that the transfer of land management has taken place before we issue a Grant Offer.

Section 4: Declaration

By signing this form, I confirm that:

- **I understand the land in this application is being put forward for grant aid to create new woodland.**
- **The land is free from other grant schemes, or if not, I understand the FC may ask the Rural Payments Agency to assess the potential for the land to be removed from any current grant schemes.**
- **There is no dispute surrounding these arrangements.**
- **The Forestry Commission may contact me directly to discuss this further if necessary.**
