- 2.3 The Generator's liability under paragraph 2.1 is continuing and will extend to the ultimate balance of sums payable by [Project Company 2]²³ / [Project Company 3]²⁴ under Schedule 2 (Clean Industry Bonus) of the [CfD (Phase 2) Agreement]²⁵ / [CfD (Phase 3) Agreement]²⁶, regardless of any intermediate payment or discharge in whole or in part.

Reinstatement

- 2.4 If any discharge, release or arrangement (whether in respect of the obligations of [Project Company 2]²⁷ / [Project Company 3]²⁸ under Schedule 2 (Clean Industry Bonus) of the [CfD (Phase 2) Agreement]²⁹ / [CfD (Phase 3) Agreement]³⁰, or any security for those obligations or otherwise) is made by the CfD Counterparty in whole or in part on the basis of any payment, security or other disposition which is avoided or must be restored in insolvency, liquidation, administration or otherwise, without limitation, then the liability of the Generator under this paragraph 2 will continue or be reinstated as if the discharge, release or arrangement had not occurred.

Waiver of defences

- 2.5 The obligations of the Generator under this paragraph 2 will not be affected by any act, omission, matter or thing which, but for this paragraph 2, would reduce, release or prejudice any of its obligations under this paragraph 2 (without limitation and whether or not known to the CfD Counterparty) including:
- (A) any time, waiver or consent granted to, or composition with, Project Company 2[, Project Company 3]³¹ or other person;
 - (B) the release of Project Company 2[, Project Company 3]³² or any other person under the terms of any composition or arrangement with any creditor;
 - (C) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, Project Company 2[, Project Company 3]³³ or other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;
