Authorized Amendment

Summary / Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.

The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.

After reassessing the scope of Defence related aviation activity, the MAA has identified that there is overlap between the terms “Defence Aviation” and “Defence Air Environment”, introducing ambiguity into how the Regulated Community and the MAA applies the MRP, such that some organizations are currently conducting “Defence Aviation” activities but are considered not part of the “Defence Air Environment”.

To resolve this terminology ambiguity, the MAA is removing the term “Defence Aviation” from the MRP, and is redefining “Defence Air Environment” (to ensure all organizations conducting Defence related aviation activities are regulated appropriately).

The MRP documents in this NAA have been amended to remove the “Defence Aviation” uses and replacing them with the appropriate “Defence Air Environment” terminology.

Issue State Changes (if more lines required, contact the MRP Team)

Document Title	Previous Issue	New Issue
RA 1200 - Air Safety Management	Issue 7 to	Issue 8
Manual of Air Safety	Issue 9 to	Issue 10
