Product Identifiers	Brand: Eovolt Affected models: Eovolt Afternoon Twenty V0 (EV08-10 V0 / EV08-11 V0 / EV08-12 V0 / EV08-13 V0 / EV08-14 V0) Batches: Serial numbers between 31792210820000 and 31792210822800
Product Description	Specific batches of folding bicycle. Products sold from 7 th March 2022. Each frame is identified by a serial number located under the bottom bracket. Only frames with an engraved serial number between 31792210820000 and 31792210822800 inclusive are affected.
Country of Origin	France
Counterfeit	No
Risk Level	Not provided
Risk Type	Injuries
Risk Description	The product presents a risk of injuries because the welding between the hinge and downtube can weaken over time and repeated use. This could cause the product to fail during use, leading to injuries. The product does not meet the requirements of the General Product Safety Regulations 2005.
Corrective Measures	The product has been recalled from end users by UTO. We recommend that consumers stop using the product immediately and visit Rappel Produit - Eovolt Afternoon Twenty V0 for more information and instructions on how to register for a free frame replacement.
