Dear [REDACTED]

### **REQUEST FOR INFORMATION: Intensive pig farms in the UK**

Thank you for your request for information of 16th November about Intensive pig farms in the UK. APHA have handled your request under the Freedom of Information Act 2000 (FOIA).

Your information request and our response are set out below.

“I would like information on intensive pig farms in the UK, defined as farms holding either:

- ≥750 sows, or
- ≥2,000 production pigs over 30 kg

Specifically:

1. How many intensive pig farms currently exist in each UK country?
2. How many of these farms are currently operational?
3. Any publicly available datasets detailing these farms, including location, size, and permit status.”

The number of active County Parish Holdings registered with APHA with a stock number of over 750 pigs in England 1,787, Scotland 110, Wales 28.

Please see Appendix 1 for a breakdown of the locations of the holdings. APHA do not have data on permit status.

The information provided are the pig numbers provided by the keeper upon registration. As part of the registration process, APHA ask the keeper what their usual stock numbers are, and this is recorded in the APHA database. It is the responsibility of the owner/keeper to keep APHA informed of any number changes.

Where the post code is described as blank the post code of the premises was not recorded at the time of registration.

Part of the information that you have requested has been exempted from release under Section 40 of the Freedom of Information Act (FOIA) 2000.

## **Section 40**

The post code data has been supplied using the first letters/digits of the post code as the full post code in some instances would lead to the identification of premises.

We confirm that APHA does hold the information that you have requested as detailed above, but we have decided that some of the information should be withheld under sections 40(2) and 40(3A) of the FOIA as the information constitutes personal data relating to persons other than you.

These sections exempt personal information from disclosure if that information relates to someone other than the applicant, and if disclosure of that information would breach any of the data protection principles in Article 5(1) of the General Data Protection Regulation (GDPR).

APHA is an Executive Agency of the Department for Environment, Food and Rural Affairs and also works on behalf of the Scottish Government, Welsh Government and Food Standards Agency to safeguard animal and plant health for the benefit of people, the environment and the economy. We consider that disclosure of this information is likely to breach the first data protection principle, which provides that personal data must be processed lawfully, fairly, and in a transparent manner. Disclosure would not constitute 'fair' processing of the personal data because, it would lead to the identification of 3rd parties.

Information disclosed in response to this FOI request is releasable to the public. In keeping with the spirit and effect of the FOIA and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on [GOV.UK](https://www.gov.uk), together with any related information that will provide a key to its wider context. No information identifying you will be placed on the GOV.UK website.

An Annex is attached which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Yours sincerely
