

Please use this form if your vehicle was approved under the European Community Whole Vehicle Type Approval or National Small Series Type Approval schemes and has been issued with either :-

- a Certificate of Conformity (CoC) for the “complete” vehicle
- a Certificate of Conformity (CoC) for the “completed” vehicle and where the data has items not completed, the “incomplete” certificate also (see Note 2 below)
- from the 5th July 2026 some manufacturers can issue an electronic Certificate of conformity (eCoC) Please refer to question 2s.

Please submit a copy with this application.

Note 1 – “Complete”, “Completed” and “Incomplete” are different stages of approval as indicated in the title of the certificate issued.

Note 2 – Where a “Completed” CoC does not provide all the data (typically in relation to items 16, 20-35, 46, 47 and 48) the “Incomplete” certificate must also be provided.

A Certificate of Conformity for an “incomplete” approval cannot be used by DVSA to create a vehicle record. Please ensure that any “incomplete”, approval is accompanied by the final stage approval for the “completed” vehicle.

PLEASE NOTE : INCOMPLETE APPLICATION FORMS MAY BE REJECTED.

Section 1 - Customer Details

Name

Address (to which documents will be sent)

Telephone Number (of applicant)

Email Address (of applicant)

Section 2 - Vehicle Details

VTG 788

2a. Registration Mark

--	--	--	--	--	--	--

2b. Date of First Registration (dd/mm/yy)

--	--	--	--	--	--

2c. VIN (Vehicle Identification Number)

--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--

2d (i). Revenue Weight (as advised to DVLA at time of registration)

--

 kgs

2d (ii). Trailer Weight (rigids with trailer coupling only)

--

 kgs

2d (iii). Is the vehicle an 'Alternatively Fuelled' vehicle? Yes No

2d (iv). Is the vehicle a 'Zero Emission' vehicle? Yes No

2d Note 1 : An 'Alternatively Fuelled' vehicle means a motor vehicle powered wholly or in part by an alternative fuel, being :

- a) electricity consumed in all types of electric vehicles;
- b) hydrogen;
- c) natural gas, including biomethane, in gaseous form and liquified form;
- d) liquified petroleum gas;
- e) mechanical energy from on-board sources, including waste heat.

2d Note 2 : A 'Zero Emission' vehicle means a vehicle without an internal combustion engine or *with* an internal combustion engine that emits less than 1g CO₂ / kWh.

2d Note 3 : Any additional weight attributed to these fuel types will be given at item 13.3 of the Manufacturer's CoC.

2e (i). What is the 'function'? Artic Rigid

2e (ii). Is there a towing coupling fitted to the vehicle? Yes No

2e (iii). If 'YES', please tick coupling type ▼

Fifth wheel Ball coupling to 3500kgs* Jaw hitch to 3500kgs*

Jaw hitch above 3500kgs* Recovery equipment

2e Note : If there is no coupling fitted or the vehicle has not been given a train weight on the CoC (items 44, 45 or 45.1), a train weight will not be shown on the Ministry Plate and the vehicle will be unable to tow a trailer.

If a train weight has not been allocated or the manufacturer's train weight is too low, you will need to submit a **VTG 10** (and fee) together with supporting evidence to enable a train weight to be added to the Ministry Plate.

*** Drawbar towing coupling**

2f. What is the brake system type?

Full Air Air Hydraulic Vacuum Hydraulic

2g. What is the 'split' arrangement of the service brake?

2h. Is the manufacturer's designated secondary brake part of the service brake system?

Yes No

2j. If the vehicle has more than one driven axle, is it fitted with a third differential?

Yes No N/A

2k. Which axle or axles have parking brakes fitted?

Axle 1 Axle 2 Axle 3 Axle 4 Axle 5

2m. Is there a transmission parking brake fitted?

Yes No

2n. **Specific Body Type** (must be completed for rigid vehicles)

(e.g. crash cushion, drop side, volumetric mixer, refuse, refrigerated, flat etc.)

2p. Tyre Details

Please provide the following information on the tyres **fitted to the vehicle** if they are different to that shown on the Certificate of Conformity.

Axle (numbered front to rear)	Tyre Size	Load Index (e.g. 152/148)	Speed Rating (e.g. K)	Single or Twin (S or T)
Axle 1				
Axle 2				
Axle 3				
Axle 4				
Axle 5				

2q. Does the vehicle require Plating and Testing or a Voluntary test? Plating & Testing Voluntary Test

2r. Has the vehicle been altered since approval? Yes No

2s. Does your vehicle have an eCoC? Yes No

If **Yes**, DVSA may be able to view it direct from the Approval Authority. If **No**, please attach the paper version to this application.

Section 3 - Data Protection and Signature

We collect, use and store your personal data so that we can process your Goods Vehicle Notification application form to request a technical record and plating certificate.

We may share your personal data if we have a lawful reason. For example as part of a criminal investigation or to prevent fraud. Find out more at www.gov.uk/dvsa/privacy.

Please sign and print your name below. **A typed signature is acceptable if sending your form electronically.**
