

Diversity of the Judiciary: 2026 Statistics Dashboard

A [web-based data visualisation tool](#) has been developed to accompany this year's report, enabling users to view and customise charts using both the latest and previously published statistics. This is the second iteration of the dashboard and now includes Judicial Appointments Commission (JAC) data. We intend to continue developing the dashboard in future years and would welcome any comments or suggestions. Please send feedback to judicial.statistics@justice.gov.uk.

Dashboard for the Diversity of the Judiciary

Name: Dashboard for the Diversity of the Judiciary, Legal Professions and Magistracy Statistics.

Description: This dashboard presents time series data for legal professionals in post, as well as for judges and magistrates in post, including those leaving or joining within the year. It also shows the diversity of applicants across the Judicial Appointment Commission (JAC) selection exercises at various stages of the selection process.

Data Updated: Judicial Office (JO), Judicial Appointments Commission (JAC), Legal Professions and Magistrates.

Data Covered: Judicial Office (2014/15 to 2025/26), Legal Professions (2013/14 to 2025/26), Magistrates (2016/17 to 2025/26), JAC (2014/15 to 2025/26).

Date updated: July 2026

Contact Email Address: This is the second iteration of this dashboard. If you have any comments or suggestions as we develop it further, we would be happy to receive them at this address: judicial.statistics@justice.gov.uk

Frequency Update: Yearly
