Dear Sirs

#### **West Webburn River - Old Walls Hydro-Electric Power System**

Thank you for making contact with Dart Fisheries and Conservation Association in relation to proposals the Environment Agency has put together linked to a review of the abstraction licence for the above.

The Association is aware of various conversations that have taken place over the years about the Old Walls hydro system, and we have looked at the recent proposals put forward by the Agency. The Association would welcome any works of enhancement which can be agreed with the Fursdons as owners, and we thank you again for making us aware of the recommendations the Agency has made.

Yours faithfully.

Philip Prowse

Secretary, Dart Fisheries and Conservation Association
