

PCL Push Button Safety (PBS) Coupling	
Aspect	Details
Images	
PSD Number	2605-0179
Product Type	Pressure equipment / vessels - Industrial Pressure Equipment and Replacement Parts/Accessories
Product Identifiers	Brand: PCL Model numbers: PBS-2106, PBS-2108, PBS-2110, PBS-2113, PBS-21CF, PBS-21CM, PBS-21EF, PBS-21EM, PBS-21JF, PBS-21JM
Product Description	A push button safety (PBS) coupling used to connect portable pneumatic equipment to mains air supply for fixed application and trailing hose applications.
Country of Origin	United Kingdom
Counterfeit	No
Risk Level	High
Risk Type	Injuries
Risk Description	The product presents a risk of injuries because the internal mechanism can jam open if the adaptor is inserted sufficiently "out of line." This allows mains air pressure to flow through the coupling while the adaptor remains unlatched. This product is not compliant with the Pressure Equipment (Safety) Regulations 2016.
Corrective Measures	The product has been withdrawn from the market pending a redesign. Safety instructions have been updated. A Safety Alert has been issued to the Distributor Network for onward communication. This Alert can be viewed here: Push Button Safety Coupling - Safety Alert - PCL
