

## **Questions you'll need to answer to request a de minimis assessment from the Marine Management Organisation (MMO)**

This page shows the questions you'll be asked when you complete the online form. You cannot enter or submit your answers on this page. You can use these questions to prepare your answers before you start the form.

### **Questions**

#### **Question 1**

Is the activity taking place in Areas Beyond National Jurisdiction (ABNJ)

#### **Question 2**

Is the activity licensable under section 66 of Marine and Coastal Access Act (MCAA)

#### **Question 3**

Is the activity exempt from requiring a Marine Licence (see Exempt Activities Order and/or MCAA)

#### **Question 4**

Do you consider that the MMO is the most appropriate regulator for your activity in ABNJ?

#### **Question 5**

If the activity will physically interact with the seabed, will any permanent impacts be greater than minor?

#### **Question 5A**

Describe how your activity will physically interact with the seabed

#### **Question 6**

Will the activity result in the intentional or non-intentional extraction of living or non-living marine resources that will result in a greater than minor impact?

#### **Question 6A**

Describe any extraction of living or non living marine resources associated with the activity

#### **Question 7**

Will all materials interacting with the marine environment be inert?

#### **Question 7A**

Describe the materials that will interact with the marine environment

### **Question 8**

Will the activity lead to any change in seawater properties that will result in a greater than minor impact

### **Question 8A**

Describe any changes to seawater properties that could result from the activity

### **Question 9**

Will the activity result in any form of emissions or pollution that will result in a greater than minor impact?

### **Question 9A**

Describe any emissions or pollution that could result from the activity

### **Question 10**

Will the activity result in any impacts which are unknown or poorly understood?

### **Question 10A**

Describe any impacts that are unknown or poorly understood

### **Question 11**

Based upon your responses, do you consider your project to be above or below the de minimis threshold?

### **Question 12**

Name of UK person (or company) that is in control of the licensable activity

### **Question 13**

Email address of UK person (or company) that is in control of the licensable activity

### **Question 14**

Confirm the email address of UK person (or company) that is in control of the licensable activity

### **Question 15**

Title of proposed project

### **Question 16**

Description of the project

### **Question 17**

Upload your project document, if available (optional)

### **Question 18**

Upload the co-ordinates of where the activity will take place in ABNJ (csv or

shapefile)

### **Question 19**

Anticipated start date of the project

### **Question 20**

Anticipated end date of the project

### **Question 21**

Do you give permission to add your data to the MMO evidence base?
