Product Description	16 large rubberwood blocks containing different sensory materials encased in acrylic windows. The batch code is printed on the red acrylic block in the set.
Country of Origin	China
Counterfeit	No
Risk Level	Not provided
Risk Type	Health risk
Risk Description	The products present a risk to health as the sand inside the four sand-filled blocks may be contaminated with a small quantity of asbestos. Asbestos is a banned substance because it poses a risk to health even at low levels of exposure. The products do not meet the requirements of the Toys (Safety) Regulations 2011.
Corrective Measures	The product has been withdrawn from the market and recalled from end users by the manufacturer, Commotion Limited. We recommend owners stop using this product immediately and keep it out of the reach of children. Follow the below instructions for details on disposal and return of the product. For further information, please access: https://commotion.co.uk/product-recall and https://www.tickit.co.uk/pages/product-recalls
Online Marketplace	N/A
Notifier	Local Authority Trading Standards

Disposal instructions:

- Stop using the product immediately.
- If the four blocks that contain sand are undamaged, place them in a heavy-duty plastic bag, double tape it securely, label it clearly and store in a secure location out of the reach of children.
- If the four blocks containing sand are damaged and the sand is accessible, gather the sand using wet cloths to avoid generating dust. Wear gloves and a mask. Double bag the four blocks that contain sand using gloves, mask and cloths, and double tape it securely.
- Keep children and other people away from areas where the sand has been spilt until the area has been cleaned.
- Visit [Tickit Product Recalls](#) to generate a free returns label and register for replacement blocks.
- If you have any further questions, please contact Commotion Ltd or visit the [Government guidance page on asbestos in consumer products](#).
