

Reference: 2026-051

Thank you for your email in which you requested the following information under the Freedom of Information Act 2000 (FOIA):

I have identified five potential call-off contracts awarded by Serious Fraud Office, but I can't find details of the framework agreements they were awarded from, or which lots were used.

I have attached an Excel file that contains the information. The last two columns ("Title of framework used" and "Further framework info") where information is missing. Please could you provide the name of the specific framework agreement or DPS/Dynamic Market used here, as well as the lot used if the framework was divided into lots. If there is any further info which you think would help locate the framework agreements (e.g., a link to the framework's Contract Finder or FTS listing, the framework provider, or a widely-used reference number such as CCS's RM codes), please use the final column for this. Please use the second column for the relevant lot information.

Please note that I have identified these contracts as possible call-off contracts, so some of them might not be. Some could be, for instance, procured directly (without being called off from a framework agreement), or could be themselves notices of the establishment of a framework agreement. Therefore I would kindly ask you to specify in these incidences what kind of procurement was used in the "Title of framework used" column.

Response

Please see below table for the requested information.
