| Risk Description                   | The product presents a risk of choking because the suction cups can be easily detached, creating small parts which fit entirely within a small parts cylinder. These small parts pose a choking risk to young children, particularly those under 36 months of age who have a natural tendency to explore objects by placing them in the mouth.<br>The product does not meet the requirements of the Toys (Safety) Regulations 2011. |
| Corrective Measures                | The import has been rejected at the border.                                                                                                                                                                                                                                                                                                                                                                                         |
