

Apeks XL4, XL4+ and Ocea Regulator Second Stages

Aspect	Details
Images	
PSD Number	2607-0132
Product Type	Personal protective equipment (PPE) - Environmental Respiratory Protection - Non-Powered
Product Identifiers	Brand: Apeks Models: XL4, XL4+ and Ocea Affected serial number range: between 250402212 to 260402893 Manufacturing period of affected products: April 2025 to April 2026 Please see Annex A on page 2 for details on the affected part numbers and product descriptions.
Product Description	Apeks branded scuba diving breathing devices.
Country of Origin	United Kingdom
Counterfeit	No
Risk Level	Serious
Risk Type	Asphyxiation
Risk Description	The product presents a risk of asphyxiation as a manufacturing defect in the second-stage spindle assembly can restrict the flow of breathing gas at depths exceeding 45 metres. The regulator may not deliver sufficient breathing gas when required, posing a risk of inadequate air supply to the diver at depth. The products do not meet the requirements of Regulation (EU) 2016/425 on Personal Protective Equipment.
Corrective Measures	The affected products have been recalled from end users. Owners are advised to stop using the regulator immediately if it falls within the affected serial number range and return it to their place of purchase or an authorised Apeks service centre. You can find your nearest authorised Apeks service centre using the store locator: https://uk.apekssdiving.com/pages/store-locator. Affected regulators will be inspected and, if necessary, repaired free of charge by qualified technicians using approved Apeks replacement components. There is no charge for the inspection, repair or shipping. For further details, please access the Apeks recall page at the following
